

Chapter 879

The man's eyes lit up.

Looking up at her, "Where do I press? On the body? You'll press it for me?"

Bella Qiao: "..."

The original smile, which was still bright, darkened, and "pooh" said, "Think about it, press yourself!"

After saying that, he got up and exhaled and walked out.

Gu Siqian hadn't really expected her to be angry at first, and he hadn't even realized that he'd thought wrong.

When he came back to his senses, the woman had already walked to the door, and he realized he had said the wrong thing, and he was busy trying to fix it, "Hey, I didn't mean that, don't get any ideas, I..."

"Whatever that means."

Bella Qiao turned back and said viciously, "I'm telling you, put away all those crooked thoughts you have about my mother, or else... humph!"

She held up her small fist in a threatening gesture before striding out of the room.

Gu Si Qian felt wronged.

Particularly unjust.

He sat there, only to find that he had done nothing, she had brought up everything, so how come the wicked became himself in the end?

Helplessly sighed, not sighing, really said that a woman's heart is a needle in a haystack, a girl's mind you do not guess, guessing and guessing also can not understand.

The ancients did not deceive me.

He turned his head, looked at the bottle of essential oil that had been left behind by Georgie, and with a movement of his mind, picked it up and read it.

The image of some little woman massaging herself with this thing came to mind, and a smile came to her lips.

Well...don't tell me that it would still be nice if she really wanted to.

Other side.

After Bella Qiao left in exasperation, she only just reached the stairs and her steps slowed down.

In fact, she wasn't really angry, not so much angry, but according to her current state of mind, she really didn't know how to deal with Gu Siqian's hooliganism.

Even though she had learned beforehand to take pity on the person in front of her and not to worry too much about those previous events.

But it's one thing to understand the truth, it's another to be able to do it yourself.

There was no way for her to really forget completely, or not at all about what had happened in the past, and naturally, there was no way to just renew her relationship with him as if nothing had happened.

Georgie felt that she preferred the current relationship to that one.

Not as clingy as a couple, but more like comrades, friends, and the most trustworthy partners that each can give each other their backs.

She always felt that she was lucky to have such a person in the world, no matter what for herself.

As for the rest, she didn't want to think about it yet.

It's all one step at a time, and we'll see what happens then.

Thinking this, she was not relieved and walked downstairs with a brisk step.

Downstairs, Moon is talking to a maid who is polishing a vase.

When he looked up and saw her coming down, he was busy greeting the others, running over quickly and smiling, "Sister Jojo, you're coming down."

Bella Qiao nodded with a "hmm".

Since the bottle of essential oil had been tested to make sure there was nothing wrong with it, Georgie realized that she had been overthinking.

I can't believe I would suspect Moon of tampering with that bottle of essential oil because I slept over twice.

It was an eventful time, though, and she wasn't really wrong to be cautious.

But seeing Xiao Yue's innocent smile, she couldn't help but feel a tinge of guilt in her heart.

She said to Moon, "What are you doing today?"

Moon was stunned and shook her head, "It's nothing."

Bella Qiao smiled, "Since there's nothing to do, take a walk with me."

Moon's eyes all lit up when she heard she was going out.

Nodding even, "Okay, where are we going? Do you need to bring anything."

Bella Qiao smiled, "No, just take a casual stroll up the street, let's go."

I said, and led her outside.

When Ober learned that they were going out, he even arranged a driver for her and had Qin Yue arrange a team of bodyguards to escort her all the way.

I don't know if it was a coincidence, or if it was Qin Yue's intentional arrangement, but among the team of bodyguards escorting them on their trip, there was Su Cheng.

Bella Qiao smiled at the sight of it, and gave Xiao Yue a funny look on her way out.

Moon blushed and lowered her head, looking as shy as she wanted to be.

Bella Qiao felt funny in her heart, but at the same time, she was a little envious of such a simple young love.

Simple really good.

No need to mix in too many interests, and no need to think about too many grudges, how good it is to be together if you like it.

She had Moon get into the same car as her and it drove out smoothly.

The reason why Bella Qiao wanted to come out today on a whim was not for any other reason, but for one thing, she herself had been bored out of her mind at home and wanted to come out for a spin.

Although it's an eventful time and it's actually still dangerous to come out, it's not like this is something that can be solved in a moment, so we can't just stay cooped up because of it.

Secondly, because of her previous misunderstanding with Moon, she felt self-conscious that although the other party shouldn't know it yet, she had hurt the other party's good intentions in the end.

After such a long time, she truly considered Moon as a friend, so she felt even more guilty.

So, I also wanted to see if there was anything suitable that I could buy for her to make up for my own apologies.

Of course, Moon was unaware of all this thinking.

They went to a nearby upscale shopping mall, and Bella Qiao said, "Look around later, and if you see anything you like, just say so, and I'll give it to you."

Moon was stunned and a little flattered.

"Send me? Really?"

Georgie smiled, "Sure, have I ever lied to you?"

Moon was simply stunned.

She laughed rather apologetically, "But I didn't do anything, which, wouldn't that be nice."

The mouth said so, but in the eyes, there was clearly already a heartbeat.

You know, the mall that Bella Qiao brought her to was the most upscale one in the neighborhood, and everything sold in it was top of the line.

She is a maid, a month even if the salary is paid even higher, it's only that much, usually don't even dare to look up and take a second look when passing by, where still dare to come in and stroll.

Not to mention, it's about buying what's inside.

But now, there was an opportunity in front of her to pick and choose as she pleased, and of course she was tempted.

Bella Qiao saw that she was a bit shorthanded and smiled, "Nothing bad, just because you call me sister, isn't it normal for me to give you the same thing?"

Moon sniffed, and that seemed to put her mind at ease.

Laughing, he said, "That's a good deal for me to call my sister, I should have called more often, shouldn't I have been able to get a few more."

Bella Qiao knew she was joking, and the Xiao Yue she knew was never that much of a person to get her way.

Chapter 880

So it was followed by joking, "Gee, if you get me a brother-in-law, send me a couple of things."

As soon as that was said, Moon's face reddened again.

Carefully looking at Su Cheng, who was following far behind her, she glared at her with some anger, "Sister Bella Qiaoao!"

Bella Qiao laughed.

In fact, this time out, it wasn't just to take Xiao Yue shopping, she did have some personal items of her own that needed to be added.

The castle was fine, and Ober was attentive, but as attentive as he was, he was a man, after all.

Kitty Qiao was a woman, and there were some things that women had to use in private, and although she had had them ready in her room before, she was always too embarrassed to ask Ober to arrange them when she had used them.

So, also take advantage of today's outing to simply pick up more for yourself.

Bella Qiao had a card in her hand that belonged to Gu Si Qian, she and Gu Si Qian had grown up together and were now in the same boat, she had never felt that there was anything wrong with spending his money.

So there's no mercy in spending it.

Of course, Gu Siqian didn't lack money at all, and if Bella Qiao was willing to spend it, or to spend more, he might even be a little happier.

That means that Bella Qiao didn't see him as an outsider, didn't take him for an outsider.

Anyway, he didn't really know exactly how much money he had, the count was definitely endless, and he would have loved to give it all to her if she could spend it.

Therefore, some time ago, Gu Si Qian directly asked Ober to match her with a black card.

There's no cap in it, just brush it.

Of course Bella Qiao would not be polite.

Would she and Gu Si Qian, whose lives were now tied together, care about spending a little money?

They started walking around the mall.

In the beginning, Moon was a little bit unable to let go of the whole thing, about because she was not used to it.

And, I don't know if it was just Bella Qiao's illusion, but Bella Qiao always felt that, although she looked happy, she actually seemed to be pretending to have something on her mind.

But she didn't say, so she couldn't ask more.

After all, everyone had the right to their own a**, and while she considered Moon a friend, she didn't want to interfere in her life too much.

They first browsed the jewellery shop on the ground floor.

Bella Qiao is not very interested in jewellery, what she usually wears, but also a few very simple styles.

Because she has been fighting for years, she finds that jewellery that is too big will affect her movements and attract attention, which will be inconvenient for her life and movement.

That's why she's cultivated a low-key, introverted aesthetic over the years.

Even for more formal and significant occasions nowadays, you rarely wear big jewellery.

But come all here, or take a stroll.

So, Bella Qiao dragged Xiao Yue from the first counter to stroll over one by one.

Although everyone didn't know her, they knew it wasn't an ordinary person when they took a look at her with her bodyguards behind her and such a big row.

Treating her even more attentively.

After a while, Bella Qiao spotted a red onyx stone bracelet, which was simple in its workmanship, and most importantly, she remembered the silver needle she had worked out last time, which could be placed inside.

After buying the bracelet, they went to the first floor.

The first floor is just some fashion.

These fashions, all of which are internationally renowned first-tier brands, Bella Qiao took Xiao Yue shopping for a while, but didn't find anything she liked.

Yue has been a little bit of a leap of faith to try, but in the end is not quite used to it, the heart is timid, and finally could not summon the courage to speak.

Georgie could see that there was no hurry.

There were things that bystanders said that could easily prick a person's pride, so it was better to let her take that step on her own.

She truly sees Moon as one of her own, so she also intends to change her.

After the first floor, there was no one to like, so a group of people went to the third floor.

The third floor also sells fashion.

Only unlike the first floor, which is full of big-name ready-to-wear shops, the third floor is full of all sorts of international bespoke studios.

The shop also has a very few ready-to-wear garments that are limited edition, the kind where there is only one or a few pieces in the world.

After they picked a shop and went in, Bella Qiao asked them to show her the new designs.

Those people naturally didn't dare to delay and brought out the design booklet to show her while introducing her.

Bella Qiao looked at the new, flowery ones on top and listened carefully.

But in reality, not many fancy ones.

Until the booklet turned to the last page and a finger clicked.

The shop assistant smiled and introduced: "This skirt is also our new summer launch, high-definition limited series, there are only five pieces in the world, only one in the whole of Asia, its entire skirt is inspired by the leaves as the design, mint green colour fresh and sunny, just against the design sense, wear it will make the whole person feel like a refreshing breeze."

Kitty Qiao looked up to check on Moon.

I have to say that Xiao Yue is not really a stunning beauty, but she has beautiful features and she is a beautiful woman with a fresh first love style when she dresses up.

She couldn't help but smile a little.

A girl in love, well, always have to dress up a little bit better to attract the attention of the person she likes.

So, pointing to the skirt in the album, I asked, "Is it in stock?"

The clerk smiled, "Yes, you're here just in time, this shop in all of Asia just happens to be in our shop, no one has tried it on yet, I'll bring it over to you."

"Well, please."

The clerk smiled and left.

Moon looked at the skirt on that album and her eyes lit up a bit.

Complimented, "That's a beautiful dress."

Georgie said, "You think it looks good too, don't you?"

"Well." She nodded heavily.

"Then when it's brought in later, you can try it."

"Huh?" Moon was stunned.

Immediately after, with a bit of a shaky wave of the hand, "I can't, I..."

"Why not? You're so pretty and clean and fresh, and you match the style of this dress, I think you'll look good in it."

Xiao Yue's eyes quietly glanced over the price figures hanging from the album and counted them in her heart.

One, two, three, four, five, six....six figures!

How many months of her salary is that worth?

Can't afford it in a lifetime.

Bella Qiao noticed her gaze, her fingers didn't move to cover that price, and smiled softly, "It's okay, go try it on, no matter how expensive or good the skirt is, it's still used for people to wear, if it's appropriate we'll buy it, if it's not appropriate we'll say it again."

Moon bit her lip.

After struggling with my heart for a while, I couldn't resist the dress in the end and nodded my head yes.

Just then, her phone rang.

She took it out and took a look at it, her face changed slightly, then said to Bella Qiao, "Sister Bella Qiaobao, my home phone, I'm going out to answer it ah."

Chapter 881

Georgie nodded and didn't care, "Go on."

Moon just took the phone and headed out.

She watched her lean back as she left, her heart swept with softness and affection.

In fact, why are you so nice to Moon?

I'm sure it's besides because she's been taking care of herself to the best of her ability all this time, quite to her liking.

Actually, there was one more thing, and that was because it was as if she had passed through her body and seen Tang Qi Qi's reflection in her.

They are all like young girls in the early bloom of a flower, at such a bright and beautiful age, with the same strong character, born from mud, but not stained, with the heart full of hope for the future, completely different from her own kind of person.

But Seven is dead.

Before she could be nice to her, she died for herself.

So there's no telling what kind of weird psychology is at work.

Bella Qiao sometimes looked at Xiao Yue's clear and thin figure and really felt as if she saw Tang Qi Qi through her.

She figured there were things she couldn't make up for anymore.

Then let the rest of the, as far as she was able to see, like the seventh girl, have a happier, happier life.

In this way, it was her way of making up for the seventh year in disguise.

Kitty Qiao's mind drifted a little farther, and by this time the clerk had brought the dress over.

With a polite and respectful smile, she said, "Would you like to try it now, this lady?"

Bella Qiao shook her head, "I'm not the one who tried it, my sister did, leave it there, she went out to answer the phone."

That shopkeeper originally thought that the girl who just followed her with a restless face, who looked like she came from a small place and raised her hands and feet with an air of a small family, was just one of her servants or sidekicks.

Now that I heard her say that, I realized it was her sister.

The smile was in full bloom a little more, and I nodded with a smile, "Okay."

It took about three or four minutes for Moon to return.

When she returned, despite the fact that she had tried to keep the smile on her face from before, Georgie could still see a hint of gloom and wrongness in her eyes.

In the meantime, she asked, "What's wrong?"

Moon shook her head.

"Nothing, just...a call from home."

Her smile was a little forced, and she touched her head and said, "It's still all those things, just ignore them."

Bella Qiao slightly restrained her eyebrows, as far as she knew, there was no one in Xiao Yue's family, she was an orphan and grew up in an orphanage, and she didn't know if she was referring to the orphanage by the things she was saying about her family now.

But she didn't think much of it, patted her on the shoulder and said, "Don't think about it yet, we'll talk about it later if anything comes up."

Then he indicated the skirt on the side and said, "Go try it on."

Moon nodded.

The clerk took the dress and led her to the fitting room.

When she got into the fitting room, Georgie sat down and got bored anyway, so she simply got up again and continued walking around the shop.

The bodyguards who came with them naturally wouldn't enter the shop, or else it would affect people's business not to mention that it would make everyone uncomfortable.

However, they didn't dare to go too far and were always waiting outside the door, so if there was the slightest movement inside, they could immediately run in.

Bella Qiao strolled around for a while, didn't see anything she liked, and when she saw that the other two shopkeepers kept following her, she waved her hand and said, "You guys go busy with your business, don't mind me, I'll just look around."

The two men were not overly attentive to the situation and smiled, "Well, if you need anything, feel free to call us."

"Good."

Georgie nodded and the two men left.

When they left, she spun around and made her way to the door.

She took a step, and saw that not far from the door, Su Cheng was standing there with a team of bodyguards, surveying the pedestrians with alert eyes.

Also, out of the corner of your eye, you'll notice the shop.

Perhaps seeing her standing in the doorway, she thought she had something to order and walked quickly over.

"Miss Jo, what's wrong?"

He asked quietly.

Bella Qiao looked at him and saw that the man in front of him was upright and had a clear face, one of those men who neither looked particularly strong nor in any way thin.

The two thick black eyebrows, showing some of the heroic spirit, serious work look very attractive.

No wonder Moon liked him.

She laughed softly, "Nothing, it's just hard to see you guys standing there all the time."

Su Cheng was stunned, about not expecting her to say this, but somewhat embarrassed to laugh.

"It's not hard, it's all we're supposed to do."

He's also supposed to be a man who's not very good with words, so after that, he doesn't know what to go on about.

Stood there, scratching his head a little numbly.

Bella Qiao's heart suddenly moved at the sight of it.

She laughed lightly, "But since you're here, just do me a favor."

Su Cheng looked solemn and said, "Miss Qiao may command."

Bella Qiao smiled, "You don't have to be so serious, I just wanted to ask you to come in and help me see if a dress looks good."

"Huh?"

Su Cheng had probably never thought in his life that one day Bella Qiao would ask him for this favor.

Bella Qiao saw him freeze and raised her eyebrows, "What, no?"

Su Cheng was so embarrassed and short at once that he didn't know how to answer.

Half a dozen times, before fidgeting, "No, it's just... that, I..."

He didn't even know what to do with his hands anymore, and it took him a long time before he could manage to say a complete sentence.

"Miss Jo, I'm a rough man and I don't look at your girls' clothes, so this...this is a favor I probably can't help you with."

Bella Qiao smiled, "It's okay, you just tell the truth, sometimes a woman's eyes can't count, and it takes you men to see whether it's good or not."

Her words made Su Cheng's heart drum even more.

For some reason, Gu Si Qian's cold and serious face suddenly appeared in his mind.

Shuddering, he tried to push back again, but Georgie had lost patience and yanked him in.

"Come on, a grown man, asking you to help watch a dress and being a granny, I'm not going to eat you."

Afterwards, he said, tugging him straight into the shop.

Su Cheng: "....."

I don't think I did it on purpose, I didn't think anything of it, I didn't dare to do anything, it was Miss Qiao who forced me to do it.

You must not be jealous and must not blame me when you return.

Su Cheng prayed silently in his heart, he had no idea that what Bella Qiao asked him to help look at was actually the dress that Xiao Yue was wearing.

And now, inside the fitting room.

Moon sat there, the dress that was supposed to be tried on her at this point, but was Herculeantly set aside.
