

“Now, I’m going to execute you and purge our ranks. Rock Dragon, do you accept your punishment?” Ye Fan’s angry words spewed continuously.

Arrogance brimmed from his cold face.

His menacing voices echoed throughout the atmosphere.

Ye Fan’s resounding words sounded like gold clanging on the ground. His furious words kept reverberating through the air.

After Ye Fan questioned Iwai Zen, Iwai Zen’s face went stiff, and he looked scared.

He kept shivering nonstop.

Every word Ye Fan said cut Iwai Zen’s heart deeply like a sword.

Perhaps he felt ashamed or guilty.

Iwai Zen remained speechless and pale in the face of Ye Fan’s angry and sinister words.

He hung her head as he knelt and didn’t say a word for a long time.

Ye Fan became even angrier.

So he walked up to Iwai Zen and kicked him in the face.

With a dull thud, his face bled.

Iwai Zen slid for half a meter after Ye Fan kicked him. Bright red blood instantly gushed down his face.

“Mr Iwai!”

Everyone was undoubtedly shocked.

Before this, no one could have imagined that the mighty president of Mikawa Group would end up getting beaten to a pulp by this Chinese youth.

Even more inconceivable was Iwai Zen’s silence despite Ye Fan’s beating.

“What? You don’t dare to admit to your mistake? Don't you even have the courage to admit it? All I can say is that I must have been blind to let a coward like you control half of Japan's finances. I will ask you again. I am going to purge our ranks and execute you now. Do you admit to your crimes?”

asked Ye Fan.

His face was cold and expressionless.

Each time he asked, it felt as though a sword was cutting through the air.

Wind gusted as Ye Fan shouted.

Everyone watched on in terror. These typically arrogant elites shockingly fell silent when they saw how domineering Ye Fan was.

The only thing they felt was fear and panic.

However, Ye Fan's fury was unfathomable to them.

It wasn't entirely a crime for him to betray or disobey him.

After all, no one wanted to live under the shadow of another man.

Ye Fan was impressed by Iwai Zen's boldness and ambition to want to go independent.

But Ye Fan couldn't stand the sight of Iwai

Zen being too cowardly to admit it.

Ye Fan couldn't bear the thought that he was the one who was blind enough to pick someone so spineless and gave him such huge responsibility.

“Say something!”

Ye Fan kicked in again in fury.

This time, Iwai Zen gritted his teeth and finally stood up after rolling on the ground a few times.

He smiled angrily at Ye Fan with blood flowing from his mouth.

“Fine! Do you want to know the truth, Dragon Master? I will tell you! You are right. I have you to thank for everything I own. From the moment I decided to defy your order, I knew this day would come. I, Rock Dragon, admit to my crimes. I will accept the execution if you want to purge our ranks. I fully accept it! I know I can't outdo you. If you sent someone else, I might still stand a chance to win. Since you came to Japan personally to catch the traitor, I know I am destined to die.”

“But don't you want to know why I betrayed you? Don't you want to know why I ignored your order?”

Iwai Zen's eyes were filled with anger. He sounded like he was laughing and it made him seem somewhat tragic and sorrowful.

Iwai Zen lost all his arrogance and dignity when he spoke to Ye Fan. He was simply a sad and pathetic man.

It felt as though he was explaining why he committed a crime before he was executed.

Ye Fan's face instantly darkened when he heard him.

He looked at Iwai Zen expressionlessly in a cold manner.

“Didn't you do it because you wanted to be your own man?”

Since time immemorial, there were only two reasons why a man could become a traitor.

It was usually either because of women or for power.

In Ye Fan's opinion, it was unlikely that Iwai Zen did it for a woman.

Since Ye Fan never had any conflict with Iwai Zen, it had to be power.

"Dragon Master, you are right but only half right. I disobeyed because of power. However, I don't have a problem working for you. Considering how wise you are, I am happy to work under you. In this world, mediocre people should serve the capable. Instead, I betrayed you because I didn't want to send myself to my death. If I died, I would lose everything I worked so hard on all these years."

Iwai Zen shook his head as he smiled and spoke sadly.

Ye Fan frowned. "Sending yourself to your death? Did you think I sent the order so that I could send all of you to die while attacking the Chu family?"

"Isn't it true?" asked Iwai Zen rhetorically.

"Dragon Master, I told Han a long time ago that even if we have a powerful global network, we can't compare to the Chu family.

Ten years ago, you had no chance against them. The same holds true today! So this is a suicidal mission. I am aware that the moment we go, you and I will all die at their doors. The Chu family is the world's most powerful elite family and also a number one martial arts clan. How can you fight a family with so much history single-handedly? How can you pit yourself against all the martial artists in the clan? That is absolutely suicidal!”

Iwai Zen’s honest words fell like thunder and kept echoing through the air.

His eyes were bloodshot and his lips were bleeding.

Back in the day, when Iwai Zen learnt of Ye Fan’s plans to overturn the Chu family, he did his best to investigate them in an effort to repay his debt to Ye Fan.

However, the more he knew about the Chu family, the more he found them terrifying. In the end, he felt hopeless!

The Chu family was an insurmountable mountain.

No one in the world could defeat a giant like them.

Including Ye Fan!

So he contacted Han several times, asking him to forsake the plan.

His suggestions naturally got thrown out of the window.

Iwai Zen didn't know that Ye Fan's feud with the Chu family was irreconcilable.

So Iwai Zen was determined to disobey Ye Fan when he received news that they were going to execute their final plan.

“Dragon Master, I’m not afraid of danger or hardship. If there were any chance for success, I would definitely report for duty. However, I’m not an idiot, so why should I go if we are destined to die?”

“Shut up!”

Before Iwai Zen finished his piece, Ye Fan flew into a rage.

With a wave of his sleeve, Ye Fan slapped Iwai Zen and sent him flying.

He had been plotting for ten years. How could Iwai Zen say it was all worthless?

However, Iwai Zen was fearless in the face of Ye Fan’s fury.

Iwai Zen got off the ground and continued, “Dragon Master, I know you don’t want to admit it, but I speak the truth! You stand no chance of defeating the Chu family now. Even if you go, you will die! The Chu family is powerful both in the worldly circles and the martial arts world. To those grandmasters, the wealth and power which we hold so dearly is nothing. They can destroy us with a single punch. Dragon Master, you must know that the Chu family is a hidden elite family that cannot be overturned using just money and power alone.”

Iwai Zen kept talking to Ye Fan even though he was bleeding so badly.

Chapter 885 His Final Punishment

As the saying went, people spoke the truth when they were on the brink of death.

Iwai Zen spoke from the bottom of his heart.

However, Ye Fan laughed angrily.

“Iwai Zen, oh Iwai Zen. Do you really think that you can see right through me after a few years’ investigations? You said the Chu family had a lot of martial arts experts, but are you sure that I don’t have any working for me?”

Ye Fan’s questions left Iwai Zen speechless.

His face trembled as his expression froze.

He was dumbstruck.

“Did you groom...martial arts forces?”

All along, Iwai Zen thought Ye Fan relied solely on the Four Dragons to fight the Chu family.

Such as Sun Dragon, who was Yanjing’s leader, and Rock Dragon, who monopolized the Japanese economy.

Chapter 885 His Final Punishment

But Iwai Zen didn't know that other than the Dragons, there were Dragon Gods.

Ye Fan's Dragon Gods were his most powerful weapons!

Ye Fan said nothing as he stood with his hands behind him and smiled.

He lowered his head and looked at the man before him. Then he shook his head and said, "Before I came, I wanted to purge the ranks and make an example of you. But now, I don't feel like killing you. I want you to see with your own eyes who will die at the foot of the Chu family's mountain. Will they kill me? Or will I trample them beneath my feet?"

HUUU!

Ye Fan's arrogant words echoed in the cold wind.

It was absolutely stirring.

A formidable force surged through the air.

Everyone couldn't help shivering when they heard what Ye Fan said. They almost had

the impulse to kneel before him.

Chiike Shizuka was at a loss. There was an unusual glow on her face as she looked at Ye Fan.

She found it inconceivable that someone as young as Ye Fan could say something so awe-inspiring.

Suzumiya Eigetsu and Chiike Shizuka were both overwhelmed with emotion.

Other than Ye Fan and Iwai Zen, Suzumiya Eigetsu was the only other person with knowledge of the martial arts circle.

Suzumiya Eigetsu certainly knew a little about the Chu family.

She was even more shocked as she listened to what Ye Fan said.

Before this, Suzumiya Eigetsu thought Ye Fan wanted to be number one in China, enter the grandmaster ranking, and join War God Castle.

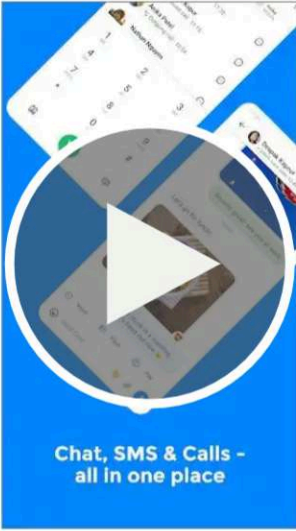

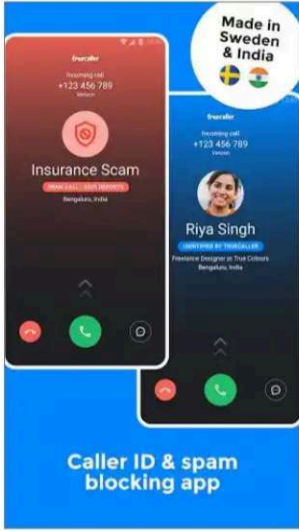

From the looks of it now, she was deeply mistaken.

The man had eyes not only for China.

He wanted to own the entire world!

If Ye Fan trampled the Chu family to death, it would mean he had the power to own it all.

“Tagore once said, we only gain the power to create heaven after suffering in hell. We can only play the most divine music after we practice until our fingers bleed! Master must have suffered a lot all these years so that he could destroy the Chu family, right?” thought Suzumiya Eigetsu in her heart as she looked at the skinny silhouette before her.

She looked at Ye Fan with admiration and pity in her eyes.

Iwai Zen was equally astonished.

He clearly didn't expect Ye Fan to have such a major feud with the Chu family.

It didn't dawn on him how determined Ye Fan was to attack them.

After a long time, Iwai Zen suddenly laughed with self-deprecation.

Iwai Zen laughed in self-ridicule. Then he let Ye Fan decide on his punishment him without putting up a fight.

In reality, Iwai Zen respected Ye Fan a lot.

He wasn't an ingrate.

He only disobeyed the order because he didn't want to die in vain.

However, betrayal was betrayal no matter how he worded it.

“Rock Dragon, you have escaped death, but you will definitely get punished! From now on, you will be removed as president of Mikawa Group. She will be the new president,” said Ye Fan calmly as he reached his hand out and pointed at someone.

A petite pretty girl stood in the crowd dumbfounded with shock on her face and her innocent eyes open wide.

“Me...me?”

Chiike Shizuka was dumbstruck, and her face turned pale.

She grew up in a patriarchal country and was born into a patriarchal clan.

She had always been a sickly child, and she couldn't compare to her bright older sister or her outstanding independent older brother.

In her family, no one liked her.

Among all her relatives, she was always forgotten.

Her only merit was her meekness and obedience.

So everyone found her mediocre and useless.

No one thought she could ever carve a career for herself!

## Chapter 885 His Final Punishment

If everything went as planned, she would end up becoming a tool and enter into an arranged marriage to further her family's status.

But Ye Fan just decreed that this frail unknown woman was to become leader of Mikawa Group and president of Kanaiwa Committee.

Everyone was shocked, let alone Chiike Shizuka.

She shook her head in panic. "No...no...I...I can't do it. I...I can't do it."

Chiike Shizuka waved her hands and refused the offer.

Instead, Ye Fan asked, "How old are you?"

"I...I'm 23," replied Chiike Shizuka softly.

Ye Fan laughed gently and said, "I was 11 when I set the sparks and made plans to take over the world. My little sister, Lei, was 19 when she became leader of Yanjing. If we could do it, why not you since you are already in your twenties?"
