

Chapter 891: Sisters

Chang Qianzi's heart jumped as she reflexively looked at the two, surprised to find that the two did look alike!

There were a few similarities between their eyebrows and eyes, and their expressions were the same.

This made her heart sink.

"Of course, we look like each other!" Bai Meixue was quick to respond. "I adore Hanhan so much because we look alike! It's destined!"

She took Xia Qinghan's hand and laughed, "I think a director will soon hire us for a mother-daughter drama. We look like mother-daughter!"

Xia Qinghan also reacted and laughed, "Auntie Xue, you look so young! We should be doing a sister scene!"

She looked at Chang Qianzi with a pitiful expression, "If mom had also entered the entertainment industry, we could play three sisters! Triplets!"

Chang Qianzi was amused by her, "You're silly... Three sisters?!"

"Yes!" Xia Qinghan smiled wryly. "You look so young!"

She pretended to sigh, "Women like you, who have experience and maturity and still look young, are the most popular! A girl like me can't compete!"

Chang Qianzi was chagrined by her words, "Kid, stop making jokes about me!"

"How could I be joking?" Xia Qinghan took her hand and shook it, "We all think so! Xibei, what do you think? It's true, isn't it?"

Xia Qinghan smiled and stared at Xia Xibei, but she was cold inside.

Did she find out what was going on?

Xia Xibei smiled, "Yes, indeed! Auntie you look so young! You look just like sisters standing together!"

Seeing that Chang Qianzi was appeased, Xia Qinghan didn't want anything more to happen and hurriedly said, "Mom, I'm hungry."

"You're hungry?" Chang Qianzi was immediately anxious and all her previous thoughts were forgotten. "Then let's go eat! What a child you are, talking about losing weight and not eating. Won't you starve yourself?!"

"Okay, let's go eat," Bai Meixue also said.

"Okay, let's go."

“See you later,” Xia Xibei smiled and waved at them, watching them take Chang Qianzi away.

“What are you plotting?” Pan Yan came over and asked with a frown.

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

“Plotting?” Xia Xibei looked innocent and pure. “I was just saying hello to them!”

Pan Yan gave her a blank look, “Do you really think I’m blind?”

Xia Qinghan and Bai Meixue’s faces had been turning white.

“Then what do you think I’m doing?” Xia Xibei asked innocently.

Pan Yan couldn’t help but roll his eyes at her, “Forget it, I won’t mind you. Let’s go!”

How did he know what this girl was up to?

Xia Xibei was getting more and more popular now, but she was also relatively more capricious and casual.

If others had such popularity, they would be showing their faces everywhere.

Popular artists were very busy and tired, flying all over the world. They even had no time to sleep.

However, people were willing to put forth such exertion. After all, it represented popularity and income.

Xia Xibei, with her popularity, should be busier than those people.

She should take advantage of these opportunities to show her face everywhere and stabilize her standing.

However, she was always taking time off! She said she had things to do!

What was more incredible was that the company’s president was Qiao Yanjue!

Pan Yan only recently found out about this, and was dumbfounded!

Qiao Yanjue was Xia Xibei’s boyfriend, so naturally she was allowed to do as she pleased.. He was just a small agent, there was no way he could refuse, so he could only let her have her way.

Chapter 892: It’s Better to Be Aloof

Thinking of this, Pan Yan felt like a knife was stabbing him.

For a good talent like Xia Xibei to not focus on her job, it really gave him a headache!

However, Xia Xibei was different from others.

Other people could only work in the entertainment industry, but she had a different career.

Forget about the other ventures, her “Jiabei Sweet” milk tea store had opened all over the country.

Other people did not know the connection between this milk tea store and Xia Xibei, but as her agent, how could Pan Yan not know?

Of course, he only knew about this matter because Xia Xibei took the initiative to tell him.

Otherwise, he would not have known what Xia Xibei was planning behind the scenes.

Since he knew that Xia Xibei had her own business, Pan Yan had no choice but to let her do as she wished.

If she wasn't in the entertainment industry, she could still quit and do other things!

Not to mention that she was a top scholar, learning everything as soon as she could.

She was so powerful, and what couldn't she do? Even if she changed industries and did research, she could still succeed!

Oh yes, she also seemed to have medical skills, with all those strange pills and tools...

Thinking about it, Pan Yan's expression stiffened.

Xia Xibei already had enough money on hand. Her being in the entertainment industry was more like a pastime!

Xia Xibei was confused seeing Pan Yan's bitter eyes.

“What's wrong?”

She didn't do anything evil, right? Did he need to look at her like that?

Pan Yan took a deep breath and pushed down the depression in his heart.

He reassured himself that it was good to be a little bit aloof to help maintain the style.

Many artists, after they became popular, would get all kinds of jobs and endorsements arranged for them by their agencies.

With more work on their plate, the quality of their performance became mixed.

There was a saying that viral stars usually took advantage of their popularity to make money.

Quality? What was that?

If you wanted to make money, you had to take advantage of your popularity. Who knew when that good fortune would pass?

The trends in the entertainment industry changed so quickly that you didn't know when you would burst onto the scene and you didn't know when you would fade.

So, once an artist was concerned about making money, it was not about their reputation anymore.

However, Xia Xibei was different. She had her own money, so she was calm, not needing to rush to make money, and naturally had time to slowly pick her projects.

For now, she only had three endorsements on hand.

One was the clothing endorsement of Simu Company, one was the perfume endorsement of Miss DR, and one was the endorsement of God Luo's Streaming TV.

Of these three brands, God Luo's Streaming TV was a newly emerged industry, but with a bright future and rapid development, it was definitely not to be underestimated in the future.

Simu and Miss DR were both famous brands and very high-brow.

Meanwhile, other celebrities endorsed all sorts of random products from micro-brands, ruining their reputations!

Xia Xibei had released three high quality songs, and they were still at the top of the charts. Almost everyone could sing them!

Xia Xibei was also very picky about film and TV projects. She had passed on all sorts of crudely-made and uninspired scripts.

She had said that she wanted quality over quantity, not wanting to mess up her good fortune.

Pan Yan had seen a lot of starlets and stars who were originally praised for their acting but in the end were criticized for their bad acting skills, all because of their terrible reputation from doing too many projects.

So when you thought about it, Xia Xibei's method was quite good.

Thinking of this, he sighed with relief.

Watching Pan Yan's expression change a little, Xia Xibei went, "What now..."

"Sister Sweet is here, I have to go back."

Chapter 893: Spirit Heart Wine

Tomorrow was Xia Xibei's 18th birthday.

The company had set up a small birthday party for her, with only 200 fans present.

With her popularity, she could have chosen to hold a larger birthday party at a bigger venue to accommodate more fans. After all, she had a lot of fans.

However, Xia Xibei declined.

She didn't need to make money with the birthday party. Moreover, she just wanted to hang out with her fans up close and have a good chat.

Therefore, there were no tickets sold for the meet and greet.

Most of the fans who came to the birthday party were drawn from a lottery, and a small number of them were found by Song Jiaren.

Song Jiaren was now the president of Xia Xibei's fan group and was also the leader of several online fan groups.

Therefore, she knew what kind of attitude people had towards Xia Xibei, including whether they really liked her or whether they were just fake fans.

Those who were screened by Song Jiaren were all Xia Xibei's loyal fans.

Xia Xibei gave them the opportunity to come to her birthday party, which was a way to recruit them, a benefit that would make the fans love her even more.

Song Jiaren's vision was quite good, and the people she selected were all very good people, whose love for Xia Xibei ran very deep. They were truly loyal fans.

For this birthday party, Xia Xibei took a little time to rehearse.

The next day was the birthday party, but today, her friends got together to celebrate her birthday first.

Besides Song Jiaren, Tang Luo, and a few others, Qi Yuntian also came over with Zhuo Jingxu.

So many friends gathered together needed a large private room.

When Xia Xibei walked out of the company, she saw Qi Yuntian holding Zhuo Jingxu.

As soon as Zhuo Jingxu saw Xia Xibei, he immediately struggled to get out of his mother's arms and ran towards her on his short legs, mumbling his words and shouting, "Sister..."

"Xuxu!"

Xia Xibei bent down and hugged the little cutie with a kiss.

Zhuo Jingxu giggled in her arms, very happy.

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

"This kid likes you the most," Qi Yuntian gave her son a speechless glance.

Unfortunately, her son did not pay attention to her, and continued to play kissy with Xia Xibei.

“I can’t help it, I’m just too cute!” Xia Xibei said with a big smile.

“Yes, you are the cutest! Now let’s get in the car.”

When they got into the car, Qi Yuntian took out two boxes.

“This is a gift from your brother-in-law and me.”

Xia Xibei was surprised, “Thank you!”

“Open it. See if you like it!”

“OK!”

Xia Xibei sat Zhuo Jingxu on her lap and began to open the box.

Inside one box was a very beautiful gown, specially customized for her by Qi Yuntian.

Xia Xibei was the spokesperson of Simu and the dimensions for each part of her body was available, so Qi Yuntian could easily prepare the dress for her.

In the other box was a bottle of wine.

The bottle of wine was not big, probably a liter. There was nothing written on the bottle, and it looked like a random no-brand product.

Xia Xibei was surprised as she took out this bottle of wine.

“You gave me wine?”

Qi Yuntian was also surprised, wondering, “Ah-Yu actually gave you Spirit Heart Wine?”

“Spiritual Heart Wine?”

Xia Xibei was confused. The name sounded so special, but it didn’t match its style!

“I can’t believe he was willing to give it up!” Qi Yuntian tsked in wonder.

Gave it up?

Xia Xibei was now even more surprised.

Was this wine very precious?

Seeing her doubts, Qi Yuntian explained, “Spiritual Heart Wine is made by our Qi family. If one was a martial arts practitioner, after drinking it, he could-”

“Open up the Ren and Du meridians?” Xia Xibei interjected.

“It’s not that exaggerated,” Qi Yuntian smiled.. “However, the effect is similar.”

Chapter 894: Valuable Gift

After Qi Yuntian's explanation, Xia Xibei realized that this Spirit Heart Wine was a very good thing!

If an ordinary person drank the Spirit Heart Wine, some minor body problems could be resolved. Even old aches and pains would be much better, as it was highly effective for soothing and activating the muscles.

If it was someone who practiced martial arts and knew how to circulate the qi, the effect would be even more remarkable.

The Ren and Du meridians wouldn't be opened, but it was much better than simply practicing martial arts by oneself.

"The Spiritual Heart Wine is made with some rather special medicinal herbs and has to go through many processes."

Qi Yuntian's words surprised Xia Xibei. She hurriedly shook her head, "I can't accept such an expensive gift!"

Qiao Yanjue had told her before that the Qi family was an ancient martial family, with a deep heritage and many magical means.

Although she could also make these things herself, this Spirit Heart Wine was very magical to others.

Zhuo Yu had really surprised her by giving her this bottle of wine.

"It's okay." Qi Yuntian waved her hand with an indifferent expression. "Don't worry. Although Spirit Heart Wine is a bit precious, a bottle of wine is nothing to us. Ah-Yu also wants to thank you for saving Xuxu."

Xia Xibei looked at her, "Sister Sweet, that's too kind of you. It's been so long since that happened, and you're still saying this. It's embarrassing me!"

"Please, don't refuse. If we dare to give it, naturally we can afford to give it." Qi Yuntian was very frank. "Drink it, your health will be better."

Of course, she didn't say that this Spirit Heart Wine was not a common product. It was not given to everyone, even inside the Qi family.

Just because she didn't say it didn't mean that Xia Xibei didn't understand.

However, Xia Xibei did not continue to refuse.

It was mortifying to go back and forth. Moreover, instead of refusing the gift, it would be better to repay them later when there was a chance.

"Okay, then. I'll take it."

“Great!” Qi Yuntian nodded her head happily.

Although she didn’t know how Zhuo Yu could think of giving such a gift to Xia Xibei, it was useless to keep this bottle of wine and it could lead to all kinds of trouble, so she might as well give it to Xia Xibei.

Zhuo Jingxu was in Xia Xibei’s arms, obediently listening to them, with his eyes staring straight at the glass bottle. He also leaned forward to touch it.

However, he was stopped by Qi Yuntian and Xia Xibei.

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

Soon, the car arrived at the designated restaurant.

It was the Yuhai Pavilion, owned by Yu Ziqi’s family.

Although everyone was busy, it was a special time for everyone to gather together.

When Xia Xibei entered the private room with the baby in her arms, she was greeted by Song Jiaren’s cheers.

“Wow! The big star is here! Huh?! What a cute baby!”

Song Jiaren, eager to welcome her, was immediately surprised at the sight of Zhuo Jingxu.

What an adorable baby!

“Come here! Sister will give you a hug!” Song Jiaren immediately opened her arms.

“Sister? You’re more of a weird aunt! Don’t you see how old you are?” Yu Ziqi griped on the side.

“Please, a middle-aged uncle like you should stop talking!” Song Jiaren hummed, glaring at him, then continued to look at Zhuo Jingxu. “Come, give sister a hug!”

Zhuo Jingxu was shocked by her enthusiasm and turned toward Xia Xibei’s arms.

“Hahaha... You’re scaring kids, you weird aunt!” Yu Ziqi laughed out loud.

An angry Song Jiaren turned around and hit him, chasing him around in a circle.

Honey and Asura both ran over joyfully, very excited.

Chapter 895: Animal Trainer

Xia Xibei held Zhuo Jingxu, with two more cuties by her feet.

“Honey and Asura are here too.”

She bent down and stroked their little heads.

“Meow!”

“Woof!”

A cat and a dog rubbed against her in satisfaction, very affectionate.

The last time they were with Xia Xibei was on the set of “Hongyan Chance.”

At that time, they were the cute pets of the Queen of Animals, and they worked well with Xia Xibei.

When they came back, they didn’t have a chance to see Xia Xibei because she had a lot of things to do.

As a result, they missed Xia Xibei terribly. When they saw her today, they immediately rushed over.

“Kitty...”

Zhuo Jingxu was in Xia Xibei’s arms, staring down at Honey and Asura with big round and curious eyes.

“Meow...”

Who was this human cub?

Honey raised her head and meowed at Zhuo Jingxu, a little upset.

This human cub was actually being held by Xia Xibei!

“Woof!” The baby wanted to cuddle too.

They barked and meowed and stood up straight, using their paws to touch Xia Xibei’s hand, acting very enthusiastic.

Zhuo Jingxu was not intimidated by them, but became curious, giggling out loud and reaching out to touch them.

Looking at Xia Xibei holding the baby, surrounded by cats and dogs fighting for her favor, the crowd couldn’t help but shake their heads and feel sad.

How come she was so loved by children and animals? Everyone was so jealous!

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

Yu Ziqi and Ren Juncheng were also envious.

It was obvious that they were the pet owners, but once Xia Xibei appeared, they were immediately abandoned.

The two of them exchanged a helpless look, raised their cups, gestured “cheers,” and drank the water in one go.

The others looked at their theatrical performance and couldn’t help but roll their eyes.

They had seen Xia Xibei “being favored” too many times.

Now it was Honey and Asura. When King Chu came over too, it would be even more lively.

No sooner had this thought occurred than the door was pushed open again and in came a man, a woman, and a dog.

“Woof!”

The silly husky barked and rushed over, leaving behind the man and woman beside him.

Looking at Xia Xibei surrounded by dogs and cats, Qi Yuntian was stunned!

It wasn't that she hadn't seen someone with such a good animal bond. On the contrary, she had seen quite a lot of such people.

The Qi family, with their heritage of many years, had produced a few animal trainers.

However, they were all trained to have the skills.

Looking at Xia Xibei, who should never have been trained before, it was surprising that she had the same skill!

Moreover, the affection from these cuties to Xia Xibei was heartfelt and not forced, which was different from what Qi Yuntian had seen before.

It was true that there was talent beyond talent!

She had always thought that their Qi family was very powerful before, but the world was so big that there must be even more amazing characters who existed, remaining unknown.

Xia Xibei didn't know what was going through Qi Yuntian's mind. She squatted down, put Zhuo Jingxu on the floor, and pulled his hand to touch Honey and the other animals.

With Xia Xibei as a bridge, the kids and the animals certainly got along well. Later on, even Song Jiaren joined in.

Everyone played for a while before separating.

After introducing everyone, Xia Xibei returned Zhuo Jingxu to Qi Yuntian and showed everyone to their seats.

It was a private birthday party, so not many people came over.

There was Song Jiaren, Tang Luo, Yu Ziqi, Ren Juncheng, Ren Ningning, Qiao Yanjue, Liu Manhong, Qi Yuntian, Zhuo Jingxu, plus Xia Xibei herself, making exactly ten people.

Chapter 896: Drinking Wine

The meal was served quickly because it was prepared a while ago.

“Thank you all for coming to my birthday party! I’d like to toast everyone!”

Xia Xibei drank the beverage in her hand in one go.

The others followed suit and drank their own drinks.

However, Yu Ziqi’s eyes were fixed on the bottle of wine in her hand.

“Beibei, what’s that? Wine?”

“Yes, wine.” Xia Xibei nodded, then immediately shook her head. “You’re not old enough to drink!”

Of the 10 people here, except for Zhuo Jingxu, the child, Yu Ziqi was the youngest and still a year short of adulthood.

Before one became an adult, one could not drink.

Yu Ziqi’s face suddenly fell, a little depressed.

He would like to drink, but his family was strict. They said he was not an adult and could not try.

Today’s dinner was at his family’s place, so he would have even less of an opportunity to drink.

When he saw Xia Xibei had brought wine, he thought he could try it, but he didn’t expect to be instantly rejected.

“Little brother, eat!”

Song Jiaren picked up a green onion and put it in his bowl.

Looking at the green onion, the corner of Yu Ziqi’s mouth twitched.

Before, she was saying he was a middle-aged uncle, and now she was calling him a little brother?! Were women that fickle?!

Song Jiaren, who knew what he was thinking, said to Xia Xibei, “It’s okay, he can’t drink but we can! We are all adults!”

Ren Ningning also nodded along, “Yeah, we’re all adults, we can drink!”

“Hey!” Yu Ziqi got anxious. “What do you guys mean!”

Ren Ningning looked at him with a smirk, “It’s nothing, we just want to have a little drink. After all, we adults are allowed to drink.”

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

Yu Ziqi’s face turned grim.

These people were so mean! How dare they tease him like this?!

Ren Juncheng and Tang Luo also followed suit. "That's right! Drink! Beibei is 18 years old, she can drink now! Let's celebrate!"

If Yu Ziqi hadn't brought it up, they wouldn't have even thought about drinking. Why did he bring it up?

Everyone just loved to tease him, especially when they saw him watch everyone eat and drink with that depressed look on his face. It was even more fun.

Her friends were getting excited, and Xia Xibei was not in a position to say how precious the bottle of wine was.

She looked at Qi Yuntian with questioning eyes.

Qi Yuntian smiled, "It's okay, just drink it. It has been given to you, of course it's for you to decide."

To her, this Spirit Heart Wine was not easy to obtain, but it was not a rare thing either.

The most important thing was that she didn't practice martial arts, so this bottle of wine was considered useless to her.

So, after giving the wine to Xia Xibei, she didn't mind at all. Xia Xibei could do whatever she wanted with it.

Seeing that Qi Yuntian really didn't care, Xia Xibei wasn't polite anymore.

"Then let's drink!"

Moreover, she was curious to know how special this bottle of wine was, and whether it was as good as Qi Yuntian said.

"Good! Drink up!" several newly-minted adults cheered at once.

Even the clueless Zhuo Jingxu applauded, his innocent and hilarious expression making everyone laugh.

Honey, Asura, and King Chu also followed suit, and the scene was very lively.

As for Qiao Yanjue and Liu Manhong, they wouldn't have an issue with it.

Anyway, they had a driver to send them back, so they were not afraid of drinking.

So, Xia Xibei opened the bottle of wine.

With a pop, the bottle opened. A rich and mellow scent wafted out from inside the bottle.

The sweet taste immediately made Xia Xibei inhale deeply, surprising her.

Qi Yuntian did not exaggerate. This stuff smelled really good!

Chapter 897: I Probably Saw It Wrong

Xia Xibei poured half a glass of wine for everyone.

It wasn't that she couldn't spare it, but they shouldn't drink too much. Moreover, there was not much wine in this bottle, so a little bit for each person would almost finish it.

Besides, there were no good drinkers at the scene. They just wanted to drink in the spur of the moment and didn't care how much.

If anything, they would not necessarily like it if she gave more!

Although it was only half a glass, it was an ounce or two of wine, and it was enough.

Yu Ziqi had not come of age yet, but he also got a quarter of a glass of wine.

He was not very satisfied, but thinking about the fact that he was indeed underage, that was enough.

If he made a complaint, he would be criticized instead, and might not get a single sip!

After getting the wine, everyone smelled it first, marveling, "It smells so good!"

There was also a faint fruity aroma inside, which smelled very pleasant and was not at all like ordinary wine.

Qiao Yanjue also twitched his nose, quite surprised.

Was this fruit wine?

He didn't like to drink, but that didn't mean he hadn't had a drink before.

On the contrary, he had drunk quite a lot of wine, but the taste of this wine was too special, as if it was fruit wine. After taking a deep breath, the taste changed again, becoming mellow and a little more medicinal.

Looking at everyone's shocked expressions, Qi Yuntian was feeling smug. This was their Qi family's treasure, how could it be the same as regular wine?

"Come, drink!" Xia Xibei raised her glass. "Cheers!"

"I wish Beibei a good career, good love, and good health!" Song Jiaren declared, standing up and raising her glass high.

The others followed suit, "Good career, good love, and good health!"

"You too!" Xia Xibei repeated and took a sip.

Then, her expression changed.

When one first drank this wine, the taste was quite light, with a little fruitiness, not bitter at all, nor as strong as other wines. However, the taste was very substantial and soothing, with a bit of a milk tea texture.

However, when it entered the throat, it turned into a flame and burned in the guts.

"So spicy!" Song Jiaren and the others shouted, yet they couldn't bear to spit out the mouthful of wine.

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

Fortunately, the feeling quickly disappeared and the body became warm, as if the heat just now was an illusion.

“Wow!” Tang Luo also shouted, her face immediately becoming red.

She was the kind of person whose face changed color if she drank.

The others didn't react as fiercely as she did, but the comments were all very positive.

“This is very good!” Song Jiaren smacked her lips, recalling its taste.

After Xia Xibei swallowed the wine, she felt her body on fire, as if the flame was leaving her body.

She couldn't help but move the qi in her body.

The qi circulated, traveling through her body, and soon reached her head.

After feeling the qi circulating through her body for a cycle, she opened her eyes.

Although it circulated for a cycle, it didn't take much time, just a few breaths, and no one noticed anything.

“Eh?” Qi Yuntian suddenly froze and couldn't help but rub her eyes. Then she looked again and saw that it was gone.

“What's wrong?” Liu Manhong sat beside her, and seeing this reaction, she was immediately concerned.

“Nothing, I probably saw it wrong.” Qi Yuntian shook her head, thinking that she was mistaken.

Otherwise, how could Xia Xibei's forehead have a floating lotus flower?

She wasn't a member of the Qi family!

Qi Yuntian shook her head and smiled.

It was probably because she had just drunk wine and was a little dizzy that she had such an illusion..

Chapter 898: Transformation

Qi Yuntian quickly brushed this possibility aside.

She believed that she must have been mistaken!

In the Qi family, those who had lotus flowers on their foreheads only had them appear after the age of eighteen.

Xia Xibei's birthday was tomorrow, and she hadn't turned eighteen yet, so it was impossible for this pattern to appear on her.

Moreover, not every Qi family member had such a pattern. Even she didn't have such a creation.

If someone had such a pattern, they would be very talented in taming animals and cultivating plants.

1

The Qi family was able to achieve their current position partly due to having strong martial arts skills, but also because of their cultivation of plants and animals.

There were no particularly powerful animals now. Tigers, lions, and so on, were all protected animals. Even the Qi family could not openly cultivate them.

Such animals were difficult to contact, but they had a unique talent in terms of plants.

The Qi family had many plants that had disappeared in the outside world, and they were all cultivated by the Qi family.

As long as they had a root, they could cultivate plants that had become extinct in the wild.

This was why other families would hail the Qi family, because of their great strength in this area.

If a doctor was highly skilled in medicine but had no medicinal herbs with good efficacy, how could they heal the sick and save people?

Therefore, the plants that the Qi family had in their possession were connected to the lives of many people.

If someone had this kind of talent, they would be able to get the family's fully-devoted training.

It was a different kind of existence!

Other ancient martial arts families also had such budding talents, but compared to them, the Qi family had more geniuses.

Qi Yuntian didn't have such good luck.

Since she was young, she didn't have any special performance in this area. After she turned eighteen, she did not awaken her talent either.

Therefore, she was also unable to access the core of the family legacy.

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

However, her status as a member of the Qi family was enough. People always gave her a great deal of respect.

"Sister Sweet?" Xia Xibei looked over and met Qi Yuntian's complicated gaze and couldn't help but be curious. "What's wrong?"

The words interrupted Qi Yuntian's thinking and she hurriedly shook her head, "Nothing, I just thought of something."

Xia Xibei didn't press the issue.

"Let's eat!"

"Yes."

Everyone started to eat and chat about fun things.

After the meal, even Honey and the animals were happy.

When it was time to leave, Honey and the animals were very sad.

After parting ways this time, they didn't know when they would see Xia Xibei again.

It was a pity that they had to be carried away, even if they didn't want to.

Even Zhuo Jingxu was similarly reluctant.

It was so hard to see Xia Xibei, and it was such a pity that they had to leave!

His little hands hugged Xia Xibei tightly and he buried his little face into the nook of her neck, unwilling to leave.

"Xuxu." Qi Yuntian gently but firmly peeled him away from Xia Xibei's arms and held him. "Daddy is here, we have to go."

Zhuo Yu got out of the car, said hello to Xia Xibei and the others, and stared at Qiao Yanjue.

He recognized Qiao Yanjue. After all, he was from the Qiao family.

Judging from the situation, the relationship between Qiao Yanjue and Xia Xibei was not too simple.

Qiao Yanjue smiled at him and politely extended his hand, "Hello, I'm Qiao Yanjue."

"I'm Zhuo Yu."

The two grown men exchanged greetings and turned their attention back to Zhuo Jingxu.

The kid was plucked over like a carrot by his mother, his mouth was deflated and tears were welling up in his eyes, looking pitiful.

Qi Yuntian could only comfort him, "In a few days, mommy will bring you over to play again."

Chapter 899: Getting Drunk

During the meal, Qi Yuntian and Liu Manhong sat very close to each other, so the two of them also chatted, having a good conversation.

Although there was a big age difference between the two of them, the difference could not be seen just by looking at their appearance.

Qi Yuntian was stunned when she found out that Liu Manhong was already in her forties!

She didn't look like she was in her forties at all; in her thirties at most!

Liu Manhong then smiled and explained that it was all because of the company's products.

Liu Manhong recommended Hongyan Beauty Club and Hongyan Youth to her, using herself as a successful example.

Hongyan Beauty Club was now picking locations in other cities and wanted to open more branches, but it was not fully formed yet.

Therefore, Qi Yuntian could only buy Hongyan Youth and use it at home.

However, if it was convenient for her, she could also come to G City to find a beautician.

Anyway, the two cities were not far apart, and it was only an hour or two drive from Qi Yuntian's place.

Liu Manhong suggested that she could come over once a week, as she had a car and the time anyway.

After Qi Yuntian thought about it, she also thought it was a good idea.

She could bring Zhuo Jingxu over to play with Xia Xibei at that time too.

Zhuo Jingxu listened to his mother's comforting words. He finally sniffled and waved at Xia Xibei, "Bye bye..."

"Xuxu, be good. Bye..." Xia Xibei also blew kisses at him.

After the family of three got into the car and drove away, Xia Xibei turned to Tang Luo, who was standing obediently at the side.

"Ah-Luo, let me take you back."

"Ok," Tang Luo nodded docilely.

Xia Xibei couldn't help but shake her head.

Tang Luo was drunk! Her drinking tolerance was pathetic! She was drunk after just one or two drinks!

However, she was still a good drinker. Even if she was drunk, she was pretty well-behaved. If not for her vacant eyes and dull movements, you couldn't

really tell she was drunk.

“Let’s send her back first,” Xia Xibei said to Qiao Yanjue.

“Okay,” Qiao Yanjue nodded, then frowned. “But the car won’t fit all of us at once.”

They had all been drinking, so naturally, they had to let the driver drive.

The three of them also brought a big dog, and the seats were already full, so it might be too much to cram Tang Luo in too.

Xia Xibei frowned, “Then have Lao Chen send her back first, and then come back to pick us up.”

“That’s fine,” Qiao Yanjue nodded his head.

However, before they could talk to Lao Chen, a car came over.

“Finished eating?”

The car window came down, revealing a cold face. It was Mo Bonan.

Xia Xibei raised an eyebrow, “What are you doing here?”

“I was just in the neighborhood and came over after talking about something.” Mo Bonan looked at Tang Luo, who was acting a bit strange, and asked with a frown, “What’s wrong with him?”

“He had some wine.”

“Drinking?” Mo Bonan’s brow furrowed even more. “Why did you give him alcohol?”

Why was a kid drinking?!

“Because everyone here is an adult.” Xia Xibei pulled the corner of her mouth. “And it was just two sips. I didn’t expect him to be such a weak drinker.”

Two sips of wine? Mo Bonan’s cheeks twitched as he got out of the car.

“Then I’ll take him back.”

“Hm....” Xia Xibei hesitated.

“Why? Is there a problem?”

Mo Bonan looked at her.

“No,” Xia Xibei shook her head.

It was just a ride, nothing would happen.

Besides, Tang Luo was well disguised. There would be no problem.

“Then I’ll take him back.”

Mo Bonan took Tang Luo's hand and led her to the car.

Tang Luo, who had been drinking, followed obediently to the car, then sat upright, looking a little serious and cute.

Chapter 900: So Hot

The car made its way to the house, and on the way, Tang Luo kept his posture upright, hands dutifully on his lap, eyes straight ahead.

Mo Bonan was speechless and felt funny.

So this was what he looked like when he was drunk...

The car suddenly braked sharply, and the driver's nervous voice rang out, "Sorry, the car in front suddenly stopped!"

A car suddenly rushed out of the corner, and then the car in front of them braked sharply, and they had to follow suit.

The driver was so scared that his face turned white.

What kind of person did this?! It was such a mess! He could have killed people!

However, how come the boss didn't speak?

From the rearview mirror, the back of the car seemed strange.

Just now, when they braked suddenly, Tang Luo did not react at all, falling forward.

Mo Bonan was terrified, subconsciously reaching out to stop him.

Tang Luo's body was blocked and fell back.

He frowned and let out a yelp, his head still a mess. Covering his chest, he wrinkled his face, a little aggravated.

Mo Bonan also frowned.

Just now, when he reached out to stop Tang Luo, his hand was placed on his chest.

There, he felt a softness.

Although his arm was not as sensitive, the touch did not feel the same. How could he not tell it was different?!

Could it be that Tang Luo had been working out?

Mo Bonan had doubts, but it wasn't easy to know the truth here.

The car soon returned to the house.

Mo Bonan took Tang Luo out of the car.

Tang Luo's eyes were still drifting, as if he was stepping on cotton, and he walked lightly.

Mo Bonan pulled him in and led him inside.

The two were close enough that he could smell the scent coming from Tang Luo.

Mo Bonan frowned. He was wearing perfume?

The scent was a little sweet, not the same as the kind of fragrance men liked to use.

After taking Tang Luo upstairs and into the room, Mo Bonan was a little hesitant.

Should he just leave? Or should he help him change?

Tang Luo sat obediently on the bed, his eyes dazed, and he suddenly frowned.

"Hot."

He frowned and looked very uncomfortable.

It was August and hot, and after drinking wine, her body was also hot.

Tang Luo was very uncomfortable because of the internal and external heat.

Moreover, the fire inside her body was even hotter, as if the inside was on fire, burning her out of her mind.

It was so hot, so hot!

She couldn't stand it and started to tear off her clothes.

She was so dizzy that she couldn't take off her clothes properly, so she just tore them off desperately.

However, her hands and feet were weak, and she couldn't take off her clothes at all.

"Hot..."

She couldn't help but cry, "It's so hot!"

Mo Bonan looked at his movements and that aggrieved little look, the corners of his mouth twitching helplessly.

Was this what the kid looked like when he was drunk?

He was not manly at all!

Tang Luo was still crying and turned from a whisper to a bawl, as if he had suffered a great deal of grievance.

If he didn't take off his clothes, he'd die crying!

Mo Bonan shook his head helplessly, then went forward and helped him to take off his shirt.

The top came off, revealing Tang Luo's thin, flat chest.

Mo Bonan shook his head. He was too skinny, did he not eat? Could a teenaged boy be this skinny?

Obviously, he had already asked people to prepare a lot of food for Tang Luo. How come he still couldn't gain weight?

While thinking, he opened the closet to find a pair of pajamas for Tang Luo.

There were several small boxes in the closet, which he didn't mind, and he took out a set of pajamas.

In the next second, when he came back with the pajamas, his jaw dropped!

What was this?!
