

Chapter 894

It's like the same one body, but with a different soul in it.

The thought flashed through her mind, but was quickly shrugged off.

Bella Qiao lost her smile and thought to herself, what's wrong with her?

Is it surprising that the usual materialistic atheist would have such doubts about himself?

She shook her head, turned, and walked out.

Outside, Moon is waiting for her.

Seeing her come out, she was a little nervous and asked, "What are we going to do today, Sister Jojo."

Last night, she had made a deal with Moon that she would try to get them to release her and send her out in the next two days.

Bella Qiao looked at her nervousness and couldn't help but laugh.

"Don't be like that, people will know we're up to no good at a glance when you look like this, relax, just like usual, I don't have a specific plan yet, we'll just see what we can do later."

Once Moon heard that she didn't have any concrete plans yet, she was still confident, but now she suddenly wilted.

She asked with some concern, "Is this... going to work?"

Bella Qiao said indifferently, "As long as the other party has something to ask for, they must agree to some of my conditions, don't worry."

She said, already taking the lead and stepping outside.

Yue saw the situation and had to follow out.

It was a three-story villa, and Bella Qiao and Xiao Yue had been put up on the first floor last night.

As soon as the two of them went out, there was a wide marble staircase, and down it was the luxurious and bright living room.

In the living room, there was now a man sitting, leaning idly against the back of the couch, his long legs overlapping, who else could it be if it wasn't Rokugan?

About the time he heard footsteps, he turned back and smiled faintly at Bella Qiao, "Good morning, sister."

Bella Qiao was on her feet.

It's only been one night and you've gone from Jojo to sister?

Heh. Climbing down the pole really fast.

But thinking of her plan, she didn't deny it and went down the steps.

Across the room, the eyes of the six gods brightened slightly.

The other side's lack of denial was undoubtedly releasing a new signal to him.

He turned to look over at Xiao Yue who was following behind Bella Qiao, but he saw no surprise on Xiao Yue's face, only an imperceptible shake of her head at him.

The Six Gods narrowed their eyes and then looked at Bella Qiao with a bit of scrutiny.

The little girl still wants to play that trick with him? Simply hilarious.

He didn't say anything, just got up and said, "If you're all up, let's eat."

After saying that, the current stepped forward to the dining room.

Jackie didn't refuse.

No matter where she was, no matter what her circumstances, years of experience had taught her that she could be angry with anyone, just not with rice.

People are steel, and they are hungry for a meal, so no matter how many plans she has behind her and what she wants to do, she has to fill her stomach and have the energy to do it first.

So, two people who were obviously hostile, had a breakfast that was incredibly harmonious.

The Six Gods smiled at her, and when she was almost done eating, she asked, "Sister, how did you think about it last night? Ever feel like it's actually nice to have a brother like me."

Bella Qiao put down her chopsticks and looked up at him with an expressionless face.

"Are you sure we're brother and sister?"

Rokugan raised an eyebrow, "Of course."

"On what basis is it certain?"

As if he had known she would ask this question, Rokugan took a test report directly from the side and handed it to her.

Bella Qiao's eyebrows moved slightly.

Not yet flipped over, already the name of the testing facility centre from the line on the cover shook.

That institution she knew, was a very authoritative one abroad, had once even tested the bloodline of the royal family of the Y country, the depth and complexity of the background could be imagined, it was by no means a place where someone like Six Gods could do anything.

And therefore, the test reports that come out of here are of considerable confidence.

She pursed her lips, reached out, and brought that report over and opened it.

It was only written in black and white on it that she and Rokugan's dna test was indeed a brother and sister.

It had to be said that although it had already occurred to her that what the other party said might be true, at the moment, a strange feeling arose in Bella Qiao's heart.

She looked up, at the man sitting across from her, but saw that he was just smiling and looking at her, no colour in his face.

She couldn't help but restrain her eyebrows and said, "Okay, let's pretend that what you say is true, we are indeed brother and sister, but after so many years, why did you not look for me sooner or later, but at this time?"

"Don't tell me that you only know my identity now, I don't believe it, after all, with Xu Changzheng and the others here, it's easy for you to find out information about my past."

She said, staring straight at the other.

Rokugan's brows tapered imperceptibly.

He had to admit that Georgie was a little more difficult to work with than he'd thought.

But none of that was a problem for him, and he smiled slightly, "I admit that I actually noticed something unusual about your identity a long time ago, but at that time I was just suspicious and didn't have full proof."

"As you know, back then you were put in jail by Gu Siqian, and it was full of his people keeping watch over it, and I didn't have a chance to interfere even if I wanted to."

"At that time, I also thought about rescuing you at all costs, but I was worried that doing so would cause another fight in the Dao, plus I wasn't a Hall Master at the time and had no way to truly make an enemy of Gu Siqian, so I didn't do anything, but secretly sent someone to take a sample of your blood and make this appraisal."

"Then the appraisal came back and you were about to be released from prison, so I didn't do more than I had to."

"Originally, I was thinking of coming over to meet you directly, but when I found out that you went to Gu Siqian, I understood that you should already know the truth about four years ago."

"I didn't dare come to you, because I knew you well enough to know that you could never forgive me under those circumstances."

"So I searched for a compromise, thinking we'd meet privately first, and then my men found you out of the water in an accident and rescued you right away."

"I originally wanted them to bring you back, but since that surname Gu can't protect you, let me protect you myself, even if you misunderstand me."

"But then you know what happened, and he showed up himself to take you back, and I sought to find that it wasn't a good idea to torment you too much with your injuries, so I acquiesced."

"But Jojo, that doesn't mean I've given up on recognizing you, I've been looking for you all these years, there's no way I'm giving up on you, we're the only ones in the world who have each other, we're the ones who are supposed to support each other and take care of each other, not anyone else."

Chapter 895

Bella Qiao's eyebrows looked at him darkly.

She didn't know how much of what he said was true and how much was not.

After all, now that Jo's mother has been dead for years, her memories of the years before she was eight are again blank.

Other than what I recall from my recent arrival here, the rest of it simply doesn't come to mind.

On the one hand, it's dead wrong, and on the other, it's the other side's word.

It's hard for Jackie to not believe him.

Thinking about it, her eyes glittered with obscurity.

She looked at the Six Gods and said in a deep voice, "Okay, guess even if what you say is true, but do you think you can really leave me behind in this way?"

The Six Gods looked at her with a gentle face, "Bella Qiaoao, I just want us siblings to spend some more time together, but of course, if you still decide to leave after that, I will never make it difficult for you."

Bella Qiao sneered, "How am I supposed to believe you?"

The six gods raised an eyebrow, "What do you need me to do to believe me?"

Bella Qiao gave it some thought and said directly, "Let Xiao Yue go, this matter is between us, it has nothing to do with her, let her go first and I'll believe what you say."

The six gods looked at her deeply.

Georgie felt that he should have caved in to what he was doing.

But it doesn't matter. They're begging her to recognize them, aren't they?

Whoever has the initiative, whoever makes the demands, even if he knows, so what? The worst thing to do is not to let go and maintain the status quo, you have nothing to lose.

But I didn't expect that the six gods would actually nod their heads in agreement.

He smiled faintly and said, "Okay, I promise."

Jackie was startled for a moment.

It seemed that even she hadn't expected it to go so well.

She couldn't believe that the other man would really not know what it meant to let Moon go, but he knew and still had the nerve to agree...

A bad feeling suddenly rose in her heart.

I heard the Six Gods say again, "I promise you one condition, you have to promise me one condition too, don't you? How about if you want me to let her go, you'll have to come with me, too?"

Kitty Qiao's eyes came down with birds of prey.

"Where do you want to take me?"

"That's not what you need to know right now."

He said, smiling softly, but Bella Qiao felt that smile like a cold, poisonous snake crawling down her spine, causing chills all over her body.

He said softly, "My good sister, don't worry, I'll take you to a place you like, where you'll forget all your worries and never worry about such things again."

Bella Qiao looked into his eyes, and before she knew it, she felt a little dizzy.

Her eyelids grew heavy, the feeling that something was wrong coming back, and all she could feel was the blurring of the images in front of her.

Just as she was on the verge of passing out, there was a loud bang from outside the door.

"Bang-!"

Bella Qiao sobered up instantly.

On the opposite side, Rokugan turned pale, rushed out at great speed, reached the door to take a look, then rushed back, grabbed Bella Qiao and ran upstairs.

"Come with me!"

He said, and Georgie also turned pale, her mind reeling, remembering how wrong she had been, and how there was something that she hadn't understood before, but now she understood it all at once.

Hypnotism!

Damn it! This guy knows how to hypnotize! No wonder she was feeling so weird all this time, everything was faked by this guy across the street to trick her!

She was furious, regardless of her current physical state, and with a flip of her wrist, it was a tackle.

The six gods looked pale and reacted quickly, releasing her.

Bella Qiao takes advantage of an elbow to get past him and kicks him in the chest at the same time.

Rokugan blocked it with his arm, yet only so slightly behind by a few seconds, Bella Qiao had popped out a few meters away.

He turned completely pale, realizing that the woman had recovered, and he was afraid that it would be difficult to catch her like this, especially if the people outside had already broken in.

So without thinking about it, with a cold gaze, I reached out and grabbed at the next moon.

"Ah-!"

With a scream, Moon was suddenly caught in his hands and held by the neck.

Bella Qiao's face turned pale and her steps to escape stalled in place.

"Moon!"

The Six Gods stared at her and said coldly, "Good sister, be obedient and come here!"

Jackie tensed and clenched her back groove teeth.

Moon's neck was strangled by Rokugan and she shook her head desperately, tears already flying out of her eyes.

"Jojo, go! Leave me alone and go!"

However, where did Bella Qiao hold back?

The image of Tang Qi Qi dying in a pool of blood for himself once again came to mind.

Her heart felt like something was tearing her apart, she gritted her teeth, stared at Rokugan, and said, "Let her go!"

The Six Gods sneered, one eyebrow of birds of prey.

"I'll give you three seconds, come here or I'll strangle her."

I said, with force in my hand.

Moon immediately doubled over and looked like she couldn't breathe.

That tender neck in his palm was like a brittle lotus root that was about to break with the slightest effort.

Kitty Qiao's heart clenched and she gritted her teeth, "Don't you hurt her, I'll just come over."

Moon shook her head desperately and looked at her sadly.

Bella Qiao was cold and took a step towards him.

By this time, the sounds of fighting outside had grown stronger, and she knew that it was likely that Gu Si Qian had already checked the place out and rescued her.

With a glimmer of hope rising in her heart, she stepped closer to the six gods.

Just half a step away from him, suddenly, a bow, rolled to his back and kicked him hard in the crook of the knee with a side kick.

The six gods didn't think it was time for her to play tricks, and bending down under pain, the strength in her hands naturally loosened.

Bella Qiao grabbed Xiao Yue and turned around and ran out.

"Go!"

She snapped coldly and Moon was a little confused, but her body followed her footsteps and ran outside.

With the front door right in front of us, hope is growing.

Just then, the girl she was pulling suddenly had cold eyes and a palm blade, slashing at her neck.

Bella Qiao only felt a pain in the back of her neck and her eyes were spinning.

She looked back at Moon incredulously, and in the next second, her body had fallen limp.

Moon reached out a hand and scooped her up.

Behind him, the six gods had rushed over.

Looking at the woman who landed in her arms, he was relieved, picked the person up and said, "Count you sensible, don't worry, I'll return that wife to you after it's done, now follow me first."

After saying that, he picked up Bella Qiao and ran upstairs.

There was a small helicopter parked on the top floor.

Rokugami put Georgie on the plane and flew away immediately after Moon came up as well.

At this time, Gu Siqian, who was tangled up outside, looked at the departing helicopter, hated the people in front of him with a hateful kick, and angrily commanded, "Qin Yue, lead people to track their route, you guys come with me, chase!"

Chapter 896

After saying that, he also turned and strode away.

However, Rokugan was prepared, so how could he actually be tracked down.

The course disappeared halfway through.

Where else can you find each other in the vast sky.

Gu Si Qian broke a vase in hatred and rage.

But he was now at last sure that Bella was indeed in the hands of the Chinese Society.

His eyes were birds of prey.

Heh, you can run away from the monk but not the temple, do you really think you can run away?

So, immediately counted up the manpower and rushed over to the headquarters of the F Chinese Association in a menacing manner.

Other side.

When Georgie woke up again, she found herself in a car.

The car wasn't one of those little cars, but a big truck.

She was now lying in the back of the van, which was padded with two cushions, and because the door was closed, it was pitch black around her, and only a glimmer of light from the crack in the door where she could faintly see that it was daytime outside.

She was so shocked that she sat up immediately.

When I sat up, I realized that my hands and feet were tied.

Still the tricky kind of tying, the more you struggle, the more it kills you.

Jackie's heart sank and she didn't move, so she leaned against the wall of the carriage, recalling the scene before she passed out with a sinking face.

At that time, there was a break-in outside and she was looking for just the right opportunity to get away.

But unexpectedly, Rokugan captured Moon and blackmailed her with Moon's life.

Knowing that the people outside the door wouldn't be able to get in that quickly, and not being able to bear to see Moon get hurt, she compromised for the moment and agreed to trade herself for Moon.

Of course, seeing that he would be able to escape right away, and to let himself fall into enemy hands at this time, this was something that Bella Qiao would never do.

Thus, she had apparently agreed to do so, but in reality, she had secretly made preparations to take the initiative and rescue Xiao Yue from the other side just as soon as she was close enough.

In fact, she did exactly that, and the other man was unprepared, plus probably distracted him because of the messy situation outside.

But she hit her, and Bella Qiao pulled Xiao Yue and ran out, and then, just as she was about to reach the door, someone suddenly shot her and knocked her out.

The one who had taken action was Heck, the one she was protecting with all her heart, the one she wanted to save at the cost of her own life, Xiao Yue.

Thinking of this, Bella Qiao's eyes went cold.

She never would have thought that Moon would do that.

It wasn't until this moment that she suddenly realized a hint of something was wrong.

These days, Moon's words and actions around her, the fact that she was brought here but not harmed in any way, and the fact that the reason she was arrested in the first place was because she went to the bathroom with her.

So...she's actually been a member of the Chinese Society all along?

Is she just lurking around to do what she's told, so that she's ready to strike a blow?

So was it even her hand in the previous assassination and poisoning incident at the castle?

Thinking about it, Georgie was creeped out.

I only felt the cold sweat coming out of my back one by one.

Just then, the car stopped.

The car door opened and a slender figure climbed in.

Bella Qiao stared at her coldly.

Xiao Yue, or should I say Yue Ling, noticed the look in her eyes and, not surprised, walked straight over to her, placed the food she was holding next to her, and then reached out to relieve the

Opened the cloth tied around her mouth.

"Don't make a sound if you want to live, don't think of others just because you're good at it, this car is full of our men, the surrounding area is a deserted highway, and Gu Siqian's men haven't had time to catch up yet, so if we do kill you, no one will be able to save you."

She said grimly, as if she had already guessed what was on her mind.

In fact, Georgie did want to take advantage of the opportunity to do so.

She is not a s*x to be trifled with.

To be cheated on, played like a fool, and now to be a fish on someone's case is the ultimate humiliation for her.

She couldn't allow herself to be taken away from them like that again.

Therefore, she did want to take advantage of the other side, find a chance to strike and then escape.

Because she felt like her whole body was tied up at this time, but her strength was still there, the other party shouldn't have used any drugs on her, and with her skills, as long as the other party didn't use a gun, she might not have no chance of winning.

But Moon's words completely dispelled her thoughts.

Not because she was afraid, but because, since the other party had already guessed what she was thinking, they must be correspondingly wary.

Even if she could have escaped from them, it would have been while they were unprepared, not when they were on full alert.

So, it's not that you can't escape, it's that you can't do it now.

Thinking that, she sank her heart down hard.

Coldly staring at Yue Ling, he asked, "You lied to me?"

Yue Ling looked at her without speaking.

Bella Qiao asked word for word, "Are you one of their people who has been lurking around me all these days, actually acting as their eyes and ears watching my every move?"

Yue Ling pursed her lips, knowing that there was no use explaining anything else at this point, so she simply agreed.

"You're only half right."

She paused to wring the water from her hands, holding her by the neck and feeding her a sip.

Jackie didn't refuse.

She did in fact thirst, and in this case, she was not so ignorantly preposterous as to feel that they had lied to her and she was fighting it by not eating or drinking.

Because she understood that only people who cared about you would be angry at you for not eating or drinking, not the enemy.

The only one who will suffer then is himself.

So she wouldn't say no.

And she has even less to worry about them drugging her, because right now she's in a much more dangerous position than drugging her.

There was absolutely no need for the other side to go the extra mile.

Yue Ling saw that she drank the water honestly, and broke off a small piece of the bread in her hand and put it in her mouth.

Then, before saying, "I wasn't trying to lurk beside you, but while lurking in Gu Siqian's castle, you came here by mistake yourself, Gu Siqian set me up with you, I can't do anything about it, right?"

Bella Qiao's eyes were cold, and she sneered, "So you admit that you are a member of the Chinese Club?"

Yue Ling looked at her and said indifferently, "If you think it is then it is."

Bella Qiao choked.

Nor did I understand what she meant by that.

What do you mean she thinks it is?

She mused that at this point she couldn't escape anyway, so she simply shouldn't run away and get as much as she could out of the situation.

So, in a deep voice, "So this incident was also arranged by you, you deliberately caused me to feel guilty, you deliberately asked me to take you out shopping, and you deliberately pretended to be drunk so that I could accompany you to the bathroom."
