Catch Me If You Love Me

Chapter 9

Today she has a nearly fatal fear of darkness.

For five years, more than 1,800 days and nights, she struggled in that dark room with no light all year round, like a nightmare. Even a glimmer of light at the moment is a redemption for her.

Liam Lu stood condescendingly and coldly, his icy voice smashed from the top of his head.

"Turn on the light? I'm afraid that if I turn on the light, there are some things you can't see. There are some things, and I feel sick when I do.

Zoey Gu was stunned for an instant.

What can't she see?

What disgusting thing is he going to do?

She tremblingly climbed on the man's straight legs to stand up, and tried to see his face by the light in the corridor.

As soon as the line of sight fell on the man's face, a powerful hand instantly caught her neck.

Bang!

The door was heavily closed behind him, and Liam Lu dragged her into the dark room all the way, and pressed her to the cold floor beneath him.

The man grabbed her hair, clenched his teeth to her ear, and spoke.

"Zoey Gu, do you still remember the night when I was abandoned by you and left Berven City five years ago? Did I say anything? Miss Gu likes playing with men so much. I come back this time just to play with you. of!"

Stabbed!

The dress on Zoey Gu's body broke to pieces.

Immediately afterwards, the man behind him got up slightly, and the sound of the belt buckle being untied and the sound of some kind of clothes being pulled off came out in the dark.

Zoey Gu trembled all over.

Realizing what the man wanted to do, she suddenly struggled like crazy, shivering with both hands to push the man's voice, the cry was broken.

"No! Liam Lu, don't do this to me, please…"

"No? Zoey Gu, did you forget? Liam Lu once begged you in such a low voice? Say no now, it's too late!"

In the dark, the man bowed his knees, and she squatted on the floor with a huge force. The man squeezed her waist hard, pulled off the last barrier of her body, bullying her body!

"what…"

Heart-piercing, like the pain of cutting life, instantly spread all over the body.

Zoey Gu tensed, gritted his teeth and whimpered in pain.

She remembered that terrible night five years ago, the man who took her virgin body and virgin blood also ruined her life in such a rough way and such a humiliating posture.

Floor, prostitute-guest and prostitute-woman pose.

Zoey Gu's tears fell.

"Liam Lu, I'm dirty, I'm really dirty, I'm not the Zoey Gu you know long ago, I'm not worthy of you!"

"I know you hate me, you can humiliate me. But I beg you, at least…Don't use this way. Liam…"

"Shut up, you are not qualified to call my name!"

There was another pain in the bone marrow.

In the darkness, the man suddenly hugged her and got up, and for a moment he pressed her against the huge French window not far away, still in a back-to-front posture…

His lips pressed to her ears, and while breathing, he smiled coldly.

"Remember this day. Zoey Gu, it is because you are dirty that you only deserve this posture."
