

Chapter 91

The Policewoman Chapter 91

Song Linna turned her face sideways and gave Lin Kai a kiss on the cheek, then, she pulled open the car door and jumped out, rushing into the school like a rabbit.

After a hint of intoxicating fragrance, Lin Kai felt some wetness on his face, that was the fragrant kiss Song Linna had left him, and slowly opened his eyes.

Song Linna had disappeared!

He touched his face, where the fragrance still lingered and soaked into his heart.

“Ugh”

Lin Kai sighed softly, then started the car and drove off in the direction of the military sanatorium.

.....

When Song Lina got out of the car, she happened to be bumped into by two female students who had just walked into the campus.

A girl with short hair asked, “Lina, don’t you drive your Ferrari to school every day? Why did you have someone drop you off today?”

“I had my car stolen,” Song Lina said nervously.

She was reluctant to tell the story of how she had bumped into Lin Kai and Tang Huimin making out in the military sanatorium yesterday afternoon, and in a fit of anger, had driven to the highway to race with the bald man, been kidnapped by the bald man and others to the back of Wolong, and then rescued by Lin Kai and the others.

Another girl with wavy curls and long hair looked at her suspiciously and asked, “Who was that handsome guy who drove you to school? How come he looks so much like Lin Kai?”

“Yes, he’s Lin Kai.” Song Lina answered truthfully, thinking that there was no need to hide the fact that we were all in the same class and knew each other well.

“Yah, hasn’t Lin Kai been missing for over half a year? How did you find him? Could it be that you guys have been in contact?” Wavy asked in amazement.

“Well” said Sungina vaguely.

She was reluctant to tell the story of how Lin Kai had let her grandfather arrange for him to be in the Special Forces after he had been brutally beaten last time, thrown onto the highway, and saved by her.

“So, Lin Kai has become your boyfriend?” Wavy asked gossippingly.

In the class, no one knew about the rich girl Song Lina’s pursuit of the poor student Lin Kai, but Lin Kai just didn’t get the hang of it and always rejected her, so it became the topic of conversation among the classmates after tea.

Song Lina laughed but did not answer.

“Lina, you’ve got a lot to hide,” the short-haired girl interjected, “I’ve only heard of a golden house hiding a girl, but not a golden house hiding a guy... you’re really good, you’ve fooled us all.”

“Yes,” agreed the wavy-haired girl, “You should call out your Prince Charming, Lin Kai, one day and invite us all to a big meal together.”

“Yes, of course!”

Song Lina giggled and walked into the school building with her left and right arm around the two of them.

.....

It was dawn.

The military sanatorium, Tang Huimin’s room of convalescence.

As the room gradually brightened, Tang Huimin lazily slept on her hospital bed.

Yesterday afternoon, after Dr Tang from the Renai Clinic had used silver needles and antidote treatment to detoxify the compulsion in her body, she had completely cleared her mind.

When her memory was fully restored and she was hugging and kissing Lin Kai in this hospital bed, she felt groundless when she was bumped into by Song Linna who was standing at the entrance of the ward.

When Song Linna, jealous of Lin Kai, gambled and ran out of the military sanatorium, Tang Huimin looked exceptionally embarrassed and asked Lin Kai to go forward to chase Song Linna.

However, to her surprise, Lin Kai went out and never came back, nor did he call her, which made her very worried about Lin Kai.

“Where is Xiao Kai now? What is he doing now? Did he catch up with Song Linna and stay with her?” Tang Huimin asked herself, “I’m so much older than Xiao Kai and I’m his sister-in-law, there’s no way we can be together, he and Song Linna were made for each other, I can’t be in between them and act as a third party

Throughout the night, Tang Hui Min was struggling between reason and emotion, remorse and self-blame.

It was almost dawn when she closed her eyes and drifted off to sleep.

.....

After driving to the military sanatorium, Lin Kai parked his Mercedes under Xiao Bai and went to the door of Tang Huimin’s sanatorium. When he gently pushed open the door of the room and saw Tang Huimin still slumbering on the bed, he tiptoed to her hospital bed.

“Little aunt turned out to be so lovely and heart-wrenching!” Looking at her beautiful face in her sleep, he felt infinite emotions in his heart.

Recalling the scene when he was abducted by the bald man and the others, when his little aunt gave up her life to save herself, and when she was spoiled by those gangsters, Lin Kai's heart was like a knife.

"Little aunt, last night, I already stabbed the bald man who kidnapped you last time in the eye, although I didn't capture that guy and their accomplices, but I have already made him taste the pain," Lin Kai said silently in his heart, "Don't worry, one day, I will apprehend them and give us revenge"

When he thought of how he had been in the same room with Song Linna last night, when he thought of how he and Song Linna had made out together this morning, when he thought of his sister-in-law's infatuation with him, Lin Kai was ashamed of his heart and could not bear to hurt her.

Lin Kai sat down on the edge of the bed and quietly looked at Tang Huimin's sleeping posture.

Tang Huimin's eyes were tightly closed, her breathing was even, her breath was like an orchid, her whole body exuded the unique fragrance of a mature woman, and her long, soft hair fell on the pillow like dark satin, which set off her white complexion beautifully.

Lin Kai couldn't help but use his hand to brush her hair.

Song Lina finally woke up.

"Ya, Xiao Kai, when did you come back?" When she opened her eyes and saw Lin Kai, she felt a surge of surprise and couldn't help but sit up from the bed and lean her back against it.

Lin Kai said with a smile, "I just came back and saw you sleeping, so I didn't have the heart to disturb you."

"Last night, where did you go? I was worried sick", said Tang Huimin with a trace of tears on her face.

Lin Kai said quietly, "Yesterday afternoon, after running away from you, Song Lina ran off to race someone else and was kidnapped"

"Huh?" Tang Huimin was shocked and asked, "Who was she kidnapped by?"

"It's the bald guy who kidnapped us last time." Lin Kai replied.

"How come it was that brute again?" Tang Huimin hated the bald man, Black Dragon, when she thought of him and hurriedly asked, "Did you catch him?"

"No," Lin Kai said as he shook his head helplessly, "But please don't worry, I stabbed him in one eye, I'll catch him and the gang of thugs sooner or later"

In one breath, Lin Kai recounted to Tang Huimin how Song Linna had been kidnapped by the bald man and others to the back of Wolong Mountain, and how her former henchman Zhou Peng had led a team to assist him in rescuing Song Linna.

For fear of worrying Tang Huimin, Lin Kai did not tell her that the Black Dragon Gang had a shipment of arms and that the thugs had heavy weapons in their hands.

After listening to Lin Kai's account, Tang Huimin gritted her teeth and said.

“You only stabbed him in one eye, so that’s a light mercy. If that beast falls into my hands, I’ll definitely cut her into pieces!”

As she spoke, a flame of revenge shot out from her eyes.

The Policewoman Chapter 92

“Little aunt, take it easy for now,” Lin Kai saw that Tang Huimin’s mood was a bit perverse and hurriedly consoled her, “Your body has not yet healed, when you have recovered from your injuries and returned to work, we will go together to settle accounts with Black Dragon and the gang of punks under him, do you think it’s okay?”

“That is fine,” Tang Huimin saw that Lin Kai was so considerate of her, her anger suddenly subsided by a large margin, however, remembering that last night Lin Kai went to Wolong Mountain to rescue Song Lina, and what might have happened between them, she still felt a bit awkward, and after trying to stabilize her. After trying to stabilise his emotions, he said to Lin Kai, “Xiao Kai, I’m fine now, go about your business!”

“Are you trying to kick me out?” Lin Kai asked in disbelief.

“No..... not ah.....” Tang Hui Min saw that Lin Kai had read her mind and explained for herself, “I’m afraid that if you stay here with me, it will affect my work”

After Tang Huimin reminded him of this, Lin Kai then realized that he hadn’t reported back to the base since yesterday, so he said to Tang Huimin.

“Alright, after I go back and finish my business, I’ll come over to keep you company.”

“If you’re really too busy, don’t come over, don’t worry, I’ll take care of myself.” Although Tang Huimin was a little reluctant, she still didn’t want to hold Lin Kai back.

.....

After saying goodbye and leaving Tang Huimin’s ward, Lin Kai drove back to a special forces base located in the backyard of the military sanatorium and walked into the office of his instructor Zhang Tianhu.

After Zhang Tianhu told him to sit down on a stool opposite his desk, he said, “Lin Kai, tell me about what you found yesterday at Wolong Mountain”

“Here’s what happened” Lin Kai gave Zhang Tianhu a detailed account of what happened when he went to rescue Song Linna from the back of Wolong Mountain last night.

After listening to Lin Kai’s report, Zhang Tianhu inquired, “So, that batch of arms supplies is indeed in the hands of those guys from the Black Dragon Gang?”

“It should be.” Lin Kai said with a nod.

“Good, then, from now on, we will start with the Black Dragon Gang guys and seize that shipment of arms supplies as soon as possible,” Zhang Tianhu said with a commanding tone, “For the sake of work convenience, you and several members of the first squad can both not report back to the base and

attend training with the team members, and if there is anything If there is anything, report to me in time!”

“Yes, sir!”

Lin Kai got up and gave a standard military salute to Zhang Tianhu before turning around and leaving.

He then summoned Zhang Shuo, Gao Yunxiang and Ye Dayong to come and discuss the matter, and then drove Song Lina’s father’s Mercedes away from the base.

Just as he was about to turn back to the sanatorium to visit Tang Huimin, a phone call came in.

“Lin Kai, where are you now?” Song Lina’s sweet voice came from the phone.

“I’m at the base, what’s wrong?” Lin Kai replied.

Song Linna said in a non-negotiable tone, “Kiss, I’m already out of class, you should drive to pick me up in front of the school now!”

Without waiting for Lin Kai to say anything, Song Linna had already hung up the phone.

Lin Kai shook his head helplessly, put his mobile phone in his pocket, drove his Mercedes out of the base, drove out of the military convalescent hospital and headed for Yanjing University.

Within a short while, Yanjing University arrived.

Song Lina stood at the entrance of the school.

She wore a pink t-shirt on top and a black skirt underneath. Her figure was tall, her breasts full, her skin fair, her face polished and her long eyelashes turned upwards.

A pair of big eyes dark and bright, cherry mouth delicate and red, looking unusually innocent, innocence but exuding a sultry aura.

Crunch!

The brakes sounded and Lin Kai pulled up beside Song Linna.

Song Lina pulled open the door and got in, sitting on her butt in the passenger seat and putting on her seat belt.

“You really think I’m your full-time driver?” Lin Kai, who was sitting in the driver’s seat, gave Song Linna a sidelong glance.

“Hee hee,” Song Linna smiled and said, “You know, this is an extraordinary time, only you can protect me, right?”

“There are so many bodyguards in your father’s company, can’t they protect you?” Lin Kai questioned.

“Last time, I was held hostage by the security chief of my father’s company, have you forgotten that so quickly?” Song Lina asked rhetorically.

“Just weasel for yourself,” Lin Kai asked, not wanting to dwell on the topic, “Where do you want to go? Is it home, or do you want to go somewhere else?”

"It's noon time, of course I'm going to eat," Song Linna said casually, "By the way, when you dropped me off at school today, my classmates saw me and they were yelling for me to treat them, should I call them and ask them to come out for dinner? "

"I think it's better to forget it," said Lin Kai, shaking his head, "I don't want everyone to see me in such a mess"

"How can you be in a mess when you're with a great beauty like me?" Song Lina winks, "As you know, many handsome men want to have lunch with me and I'm not willing to do it yet"

"Song Lina, you're being too narcissistic, aren't you?" Lin Kai hurriedly, interrupted her and asked, "Quickly, where do you want to go for lunch?"

"The food at Jiang's compound is good," Song Lina said without hesitation, "To thank you for saving my life, I'll treat you to dinner somewhere, what do you think?"

"Don't be in a hurry to thank me first, just don't go looking for trouble outside in the future." Lin Kai complained.

Song Linna didn't squeal, but only giggled, and Lin Kai didn't want to rub it in with her, quickly starting the car and driving towards the Jiang family compound.

It didn't take long for Lin Kai to park the Mercedes at the entrance of the Jiang family compound.

After getting out of the car, Song Linna attracted quite a few stares as she walked into the restaurant with Lin Kai's arm, and Lin Kai was uncomfortable and looked a little squirmy.

A waiter greeted him warmly, "Excuse me, how many of you are there?"

"Two." Lin Kai smiled at the waiter.

There were more people dining in the hotel and it seemed a bit noisy, although it was not as luxurious and grand as a big hotel restaurant, it was quite clean.

The waiter led them to a window seat in the restaurant, where Lin Kai and Song Linna were sitting face to face across a rectangular glass table.

"May I ask what you two would like to eat?" The waiter asked.

Noticing that the waitress looked a little uncomfortable as her eyes swept over him as she spoke, Lin Kai smiled and asked.

"Miss, do you think my face is not clean?"

"No not at all," the waitress suddenly felt that she had lost her temper a little and dared not look at him again, so she handed the menu to Song Lina with a red face and asked, "What would you like to eat, pretty lady?"

"Kiss, it's better for you to order," Song Lina said as she handed the menu to Lin Kai, "Feel free to order whatever you like, don't ever save it for me"

Looking at the guests at the neighboring table, who were all eating with great relish, Lin Kai's appetite was instantly teased.

So, while flipping through the menu, he nonchalantly reported the names of the dishes, "One lobster, one steamed sea bass, one braised live rabbit"

The Policewoman Chapter 93

Lin Kai was ready to rip Song Linna a new one and ordered eight dishes in one breath.

When he handed the menu back to the waiter, the waiter felt a little strange and looked at Song Linna, who was sitting across from him, with a questioning look.

"Let's start with these, make it quick" Song Lina pursed her lips and smiled.

"Okay, you two please wait!" The waiter took the order menu and left.

"Beauty, did I order too many dishes?" Lin Kai asked with a smile.

"No," Song Lina shook her head, smiled playfully and said, "I know, not only do you have a good appetite, you're also great at that!"

"Are you complimenting me or undermining me?" Lin Kai naturally understood the meaning of Song Lina's pun and deliberately played dumb in front of her.

When he thought about how he had slept in Song Linna's bed last night, cuddled up to her bouncy, full body and dreamed of sex, he woke up to find his underwear wet, and when Song Linna found out, she helped him buy a pair of "Double Gun" underwear outside and told him to change out of them, he looked a little embarrassed.

"Hee hee," Song Linna smiled slyly, "I'm complimenting you, of course!"

The two of them were then left speechless, each with their own thoughts.

.....

After a long time, the waitress came to the table with a tray in her hand and placed the dishes Lin Kai had ordered one by one on the table.

"Two, please enjoy your meal!" The waitress said her farewell and offered them a mysterious smile before turning around and leaving with the tray in her hand.

Looking at the delicacies of colour, fragrance, taste and beauty on the plate, Lin Kai could not resist, and quickly picked up his chopsticks and took the dishes into his mouth.

"This dish tastes good, you should eat more too!" Lin Kai said as he ate the dish.

Song Lina picked up a piece of meat and put it into her mouth, her posture was very svelte and her movements were elegant.

The two people's eating postures formed a stark contrast.

While chewing slowly, Song Linna smiled as she admired Lin Kai's wolfish gestures, seemingly enjoying himself, and a hint of ecstasy flashed in her beautiful eyes.

.....

"Sir, I'm sorry, I didn't mean to do that!" Suddenly, from the table behind Lin Kai came the voice of a woman apologizing.

"Hey, what's wrong with you people?" A man asked wistfully, "You splashed me all over and thought saying sorry would be the end of it?"

"I'm sorry, I really didn't mean to" the woman explained with a red face.

"Do you know how much these trousers are worth to me?" The man questioned.

"I I don't know" the woman said in a panic.

"Holy shit, you can't even tell with designer clothes, why are you still a waitress?" The man asked loudly, "You're new here aren't you?"

Lin Kai turned around and found three straggly young men sitting at the table next to him –

One had an inch on his head, one had yellow hair, and the other had red hair.

The inch-headed man had spilled some tea on his trousers and he was sitting on a stool, spreading his legs wide, pointing to the wet patch on his trousers and yelling at the waitress standing beside him.

"I'm sorry, I'll wipe it for you" the waitress said in a panic as she apologised, "Sir, I'm sorry, I'll wipe it for you"

The waiter felt a little embarrassed when he saw the bulging part of the inch-headed man's leg as he crossed it, but seeing the guy's unforgiving look, he pulled off a wad of paper towels from the table and prepared to wipe it for him.

"Go away, don't touch me," the inch-headed man said loudly as if he was afraid the waiter would take advantage of him, blocking the waiter's hand away with one hand, "No, you'll have to pay me for these trousers!"

"Huh? Pay for your trousers?" The waiter knew the guy was deliberately looking for a fight, but still made a sincere face and asked, "How much do you your trousers cost?"

"Not much, it's worth 8,800 Chinese Yuan," the inch-headed man dropped a pair of lustful eyes onto the waitress's pretty face, and seeing her looking at him with a stunned expression, said, "I can see that you are new here and don't have that much money to accompany me, you can leave this money out, however, I have one condition"

"What condition?" The waitress asked with a red face.

The inch-headed man's pair of thieving eyes dribbled over the waitress a few times and gave a bad smile, "If you promise to accompany me tonight, this account will be written off, or else"

“Yes, just do what our boss wants,” Yellow Hair echoed loudly, “or else you won’t be able to hang around here anymore!”

For a moment, all the people dining in the dining room converged their eyes on their table.

When they saw these young men dressed in strange clothes and with their sleazy looks, they knew that they were here to cause trouble and that the waitress was in for a bad time.

Those timid customers, afraid to get too close, will get into trouble, the meal is not yet finished, they hastily check out and leave, there are bold, sitting aside to watch the fun.

“You are not being unreasonable, are you?” The waiter rose to a red face and said, “Just now, when I poured your tea, I saw you pour the cup of tea on your trousers with my own eyes, you obviously did it on purpose”

“What the fuck are you talking about?” The inch-headed man stood up from the stool and pointed at her nose and cursed, “You mean to say that Laozi is blackmailing you?”

“You know in your own heart whether you’re blackmailing me or not!” The waitress, thoroughly awakened by his scolding, said defiantly.

“Your grandmother” the inch-headed man cursed angrily, raised his hand and slapped the waiter across the face.

The waitress did not expect that the inch-headed man would actually hit her here, and did not have the sense to dodge at all, standing straight in the same place.

Seeing that the waitress had a clear face and a timid look, Lin Kai did not hesitate to jump down from the stool.

In a flash of lightning, he had already scurried to the inch-headed man.

Just before the inch-headed man’s palm landed on the waiter’s face, Lin Kai reached out his hand and lightning-like captured his wrist, giving it a slight twist.

Ka wipe!

There was a crunching sound.

The inch-headed man’s joints were misaligned and he immediately cried out miserably, squatting down in pain.

“Hey, what’s wrong with you?” Lin Kai released his hand, patted it, made a dashing gesture at the inch-headed man, smiled, and said, “Didn’t your parents teach you that men are not allowed to hit women?”

The inch-headed man didn’t know whether he was frightened by Lin Kai’s aura or felt pain, and immediately squatted down.

When the redhead saw that Lin Kai had taken the inch-headed man down with a single move, and made an appearance as if nothing had happened, he was like a great enemy, so he smoothly picked up the dishes on the table as a weapon and threw them at Lin Kai.

Lin Kai dodged to the side.

The dishes, teacups and ashtrays flew across the table, some falling to the floor and others hitting the neighbouring tables with a loud crackling noise.

Guests screamed and ran for the door in a swarm.

At this point, the waitress was only looking at the crouching inch-headed man on the floor, not paying attention to the person beside her.

Suddenly, Yellow Hair reached out and grabbed her shoulder.

When Lin Kai was confronting the three punks, he never took his eyes off the waitress and had a latent sense of protection for her.

When Huang Mao's salty hand was about to grab her, Lin Kai sprang up and raised his hand to slap her, "Pah! With a crunching sound, Huang Mao's hand was viciously slapped to the side by Lin Kai.

"Kid, didn't I just tell you that men can't hit women, didn't you have long ears and didn't you hear me?" Lin Kai laughed lightly.

"Holy shit, your grandmother!" Yellow Hair cursed angrily and suddenly made a trapped move, reaching out and grabbing towards Lin Kai's wrist.

The Policewoman Chapter 94

As if he had foreseen it, Lin Kai dodged in advance and was not caught by Huang Mao.

He saw that he was tall and had the appearance of a jade tree, and he saw that Lin Kai had so many dishes on the table and a beautiful woman next to him, so he wanted to make a show in front of the beautiful woman and mind his own business.

So, with his heart in his mouth, he stomped on the ground with his right foot and swung his fist at Lin Kai.

Lin Kai quickly dodged his body to the side to avoid the fist attack, and took advantage of the moment when Huang Mao's fist fell short to kick him in the abdomen.

Yellow Hair cried out and covered his stomach as he crouched to the ground.

"Shit, so it's a fancy fighter, huh?" Lin Kai smiled playfully at Huang Mao and then looked at the remaining red-haired young man with a provocative gaze and said, "Do you want to spar with me too?"

"No, sorry about,," the redhead helped the inch-headed man up from the ground and whispered, "Big brother, a good man doesn't want to lose in front of him, let's go!"

The inch-headed man nodded and gave Lin Kai a fierce glare before allowing Red Hair to help Yellow Hair up from the ground.

The three of them assisted each other and walked towards the entrance of the restaurant.

"Come back!"

Suddenly, Lin Kai shouted.

The three of them were stunned at the same time.

The inch-headed man asked nervously, "Big brother, is there anything else?"

Lin Kai said coldly, "If you want to leave, then pay for this meal first and pay for the smashed dishes and teacups before you leave!"

"OK, I'll pay, we'll accompany" The inch-headed man knew he had met a thorn in his side today, so he smoothly fished a thousand dollars out of his pocket and asked, "Brother, is this enough money?"

"What do you think?" Lin Kai looked at the stunned waiter with a questioning gaze.

The waiter said in a panic, "Enough" is enough"

"Very good!" Lin Kai took the money from the inch-headed man's hand, handed it to the waiter in style and said to the inch-headed man, "Now you can get lost, and I hope you don't let me bump into you next time!"

Although the three punks were a bit reluctant, they had to admit that they were unlucky when they met this ruthless character in front of them, so they helped each other to leave the restaurant.

It was only after a few of the punks had walked out of the restaurant that the waitress slowed down.

She walked over to Lin Kai and Song Linna's table and said gratefully, "Brother, thank you, today at noon, thanks to meeting you, otherwise, I would have been blackmailed by that gangster!"

"Don't be polite, go ahead and get busy!" Lin Kai waved his hand at the waiter.

"Okay, big brother, please enjoy your meal!"

After bidding Lin Kai farewell, the waiter, together with a few other waiters, cleaned up the broken dishes, cups and ashtrays that Huang Mao had thrown onto the floor and smashed on the dining table.

The hall was back to its original state.

At that moment, a beautiful woman, aged in her thirties, hurriedly entered the dining room from outside.

After asking a waiter standing at the entrance to the room for information, she walked up to Lin Kai's table and introduced herself, saying.

"My name is Jiang Mei, I am the owner of this restaurant, what just happened, the waiter has told me, these few punks are often come to our restaurant to deliberately pick a fight and eat bully meals, thank you for taking out this anger for us today, to show my gratitude, your meal at this table is free of charge"

"Boss lady, you are too polite," Lin Kai hastily excused himself and said, "How can I be so kind, it is not easy for you to do business, besides, I hate the kind of guys who bully the weak and fear the tough"

"Big brother, don't say it," Jiang Mei saw a customer checking out at the bar, so she interrupted Lin Kai and said, "It's settled, you guys take your time, I'll go greet the customers first, and I'll greet you later!"

“Okay, you go ahead!” Lin Kai waved his hand at her.

After Jiang Mei left, Lin Kai dropped his gaze to Song Linna who was sitting across from him, seeing her staring straight at him as if she was a nymphomaniac, he smiled and asked.

“What? Am I very attractive?”

“Yes, you’re so charming, I love you to death!” Song Lina praised with a thumbs up.

“Hey,” Lin Kai gave a naive laugh, not wanting to flirt with Song Linna in such a public place, and said, “Hurry up and eat, the food is getting cold!”

With that, he picked up his chopsticks, lowered his head, and began to wolf down his food.

Song Linna didn’t move her chopsticks, but seeing Lin Kai’s unconcerned and uncaring demeanor, she couldn’t help but purse her hand over her small mouth and snicker.

“What are you laughing at?” Lin Kai asked, looking up.

“Hee hee,” Song Lina charmed and laughed, “It’s nothing, you eat, I’m going to the bathroom!” After saying that, she stood up from the stool and turned around to walk in the direction of the bathroom.

.....

When Song Linna finished using the bathroom, she passed by the dining hall and was about to return to her and Lin Kai’s table to eat when a tall, thin boy, aged in his twenties and about 180cm tall, walked in from outside with a group of young boys dressed up in fancy clothes.

“Hey, isn’t this Song Lina? Why are you here too?” As soon as the young boy saw Song Lina, he hurriedly greeted her and confessed to her, “Lina, you’ve made me look so hard, haven’t you?”

As soon as she saw this guy, Song Lina was furious and said coldly, “Go away and don’t come pestering, I’m not interested in men like you, let alone want to see you!”

“Honey, I really like you and I’m crazy about you, don’t treat me like this!” The boy said with a pleading voice.

Song Linna said angrily, “Who is your darling? Who do you think you are? I don’t care about this, you’d better stay away from me, don’t spoil my dining pleasure!”

At this moment, the guests dining in the hall were turning their attention to the young boy.

After Song Linna’s reprimand, the boy felt as if he had been smacked in the mouth in front of a large audience, feeling red in the face and ears.

He froze for a long time, unable to speak, and just stared blankly at the big, tough beauty in front of him.

“What are you looking at? What’s so pretty?” Song Lina bellowed and continued to scold, “A mountain is easy to change, a rogue is a rogue, a man like you can’t become a prince even if he puts on a dragon robe, he’s not worthy of being my boyfriend at all, get lost, I never want to see you again!”

“Song Lina, shut your stinking mouth,” the young boy was completely enraged by the girl’s flurry of national curses, he pointed his finger at Song Lina’s nose and said viciously, “I tell you, I, Cao Dabao, am

at least a figurehead in Yanjing City, nowadays there are not many women who can make me look up to them, I am doing this I do this, is considered to lift you up, you don't fucking stomp on your nose, give face to shame, or else

"I pooh," Song Linna spat at Cao Dabao and cursed loudly, "A rascal like you is not even a dog's ass in front of me, do you dare to eat me up?"

Cao Dabao was Song Linna's classmate in middle school and had been pursuing Song Linna for a long time. He had wanted to take all sorts of measures to win Song Linna's heart, but he had never expected that this woman would not know how to behave.

Since he was a child, Cao Dabao had never been scolded like this to her face, so how could he stand this kind of humiliation?

"Shit, why don't you try one more curse?" Cao Dabao warned.

"Rascal, rogue, " Song Lina cursed.

"Holy shit" Cao Dabao shouted angrily, then raised his hand and slapped Song Linna's pink, smooth face.

The Policewoman Chapter 95

However, Yan Dabao's hand was in the air and before it could fall, he felt a blur before his eyes, and a figure ghostly scurried to Yan Dabao's front.

Lin Kai grabbed Yan Dabao's neck with one hand and held his entire body up in mid-air like a chicken.

"You better stay the fuck away from my girlfriend, or I'll make you die a horrible death!" Lin Kai said in one word.

"You who are you? Let go of me" Yan Dabao turned red, his eyes wide and his mouth open, thinking this in his mind but no sound could come out of his mouth.

The few followers that Yan Dabao brought with him saw their boss being captured and surrounded the man from different angles, making a stance of giving up their lives to save their master and attacking at any time.

Lin Kai looked at these guys who were ready to attack, remembering the time when he and Tang Huimin were kidnapped by the hoodlums led by the bald man, when he was beaten by those hoodlums and when his aunt was abused by them, he was burning with anger and a cold aura appeared in his eyes, so he increased the force in his hands.

In a moment, Yan Dabao's eyes turned a little white and his face was pig liver coloured, looking very ugly.

"Not good, something is going to happen!" Jiang Mei felt something bad and quickly rushed to Lin Kai and said loudly, "Big brother, stop, you'll choke him to death like this."

“Count yourself lucky,” Lin Kai snapped out of it and slapped Yan Dabao twice on the face with his other hand and said, “For the sake of the boss’s wife, I’ll spare you today, I hope you don’t come pestering my girlfriend again, or better yet, don’t get hit by me!”

With that, he smoothly threw Yan Dabao’s tall body towards a few of his companions.

Several of the junior brothers quickly reached out their hands and combined their efforts to catch Yan Dabao.

“Cough,” Yan Dabao coughed dryly in the arms of his companions and took a few deep breaths before he regained his strength, stood up straight and pointed at Lin Kai, “This kid is too arrogant, let’s all join together and beat him to death for me.”

Clap!

A large group of youngsters pulled out sticks, daggers and machetes from their waists and surrounded Lin Kai and Song Lina in the centre, blocking the whole restaurant.

Lin Kai looked around at the youngsters and sneered, “You scum, are you going to fight me one by one, or are you going to do it all together?”

“Haha, have you fucking read too many martial arts novels, what age is it now, are we that stupid to fight you one-on-one in single combat?” Seeing that he was outnumbered, Yan Dabao looked full of courage, and changed his wimpy look from earlier, and laughed loudly at Lin Kai.

“Boss, don’t bother nagging this kid, let’s all go together and beat him to death!” A fatty shouted and raised the one-foot-long iron bar in his hand and smashed it hard towards Lin Kai’s head.

Lin Kai turned sideways, dodging the iron bar attacked with strong wind, and struck out with lightning, grabbing the fat man’s wrist, snatching the iron bar from his hand, twisting it, breaking the fat man’s arm, and then throwing it over his shoulder.

The fat man screamed and his fat body flew out, hitting his pursuing companions hard and knocking down several of them.

Suddenly, a young boy came from behind and smashed Song Linna’s head in.

Song Linna was so terrified by the scene that she was unable to move her feet, let alone dodge, and stood there frozen, pupils dilated, like a lamb to the slaughter.

If this iron bar had hit her, Song Linna would have lost her brains and died.

“Song Linna, be careful!” Lin Kai shouted back, pulling Song Linna into his arms with one hand, and raising the iron bar he had just snatched from the fat man’s hand with the other to block it.

“Clang!” The boy’s tiger cracked and instinctively let go of his hand.

The iron rod then flew out of his hand and arced through the air, landing on the back of a fellow dodger behind him.

“Ah!”

The companion let out a scream and quickly fell to the ground as the metal rod in the young boy's hand was knocked away by Lin Kai before he hurriedly retreated to Yan Dabao.

Yan Dabao cursed sternly, "Are you fucking crazy, did Laozi tell you to hit this woman?"

When Song Linna was sneaked up on, Yan Dabao also let out a cold sweat as he liked Song Linna very much and did not want her to get hurt or die.

When Lin Kai saw the gang with the murderous weapons killing them, he held Song Linna under his armpits, raised the iron bar in his hand and smashed it towards the guys who were coming towards them.

Lin Kai rampaged through them, a shadow of the rod covering his body and Song Linna's, forming a safety barrier, and everywhere he went, there were sounds of metal clashing, bones breaking and screams of misery.

In less than three minutes, a dozen punks fell to the ground, rolling and struggling, each one seriously injured, screaming in pain.

Seeing that the situation was not good, Yan Dabao turned and ran towards the entrance of the restaurant.

Bang!

There was a muffled sound.

The stool you impartially hit Yan Dabao's buttocks, Yan Dabao fell to the ground in response to the sound, Lin Kai rushed up with a single step and raised his foot towards his body and stepped on it.

"Big brother, don't" Jiang Mei's words had not yet fallen, Lin Kai's big foot had already stepped on Yan Dabao's arm like an iron hoof.

Click!

A crunching sound, the sound of bones breaking rang out, and Yan Dabao's miserable screams followed.

In Lin Kai's eyes, Yan Dabao and the others were just like the bald man Black Dragon's gang, all a bunch of trash, such people had no need to exist in society at all.

Therefore, he did not feel strange at the hysterical screams of Yan Dabao, who was trampled on the ground by himself, but instead felt an unusual excitement, a kind of pleasure after revenge.

A sly smile appeared on Lin Kai's face and a bloodthirsty glint appeared in his eyes, so he lifted his foot once again and stomped towards Yan Dabao's chest.

"Big brother, don't!" Jiang Mei shouted and rushed up to hold Lin Kai from behind, saying, "You'll make a scene like that!"

After Jiang Mei reminded him of this, Lin Kai then withdrew his foot and Jiang Mei then let go of his hand.

Lin Kai took a look at Yan Dabao who was lying on the ground pretending to be dead and said to Jiang Mei with a smile, "I get angry when I see such black sheep, I can't wait to get them killed"

"Alas," Jiang Mei sighed and reminded, "Big brother, you're in big trouble, you know?"

"Busted into what big trouble?" Lin Kai dropped his gaze to Jiang Mei and asked with a puzzled look, "Isn't it just beating up a few punks? What's the big deal?"

The Policewoman Chapter 96

"Alas" Jiang Mei sighed: "It is said that Yan Dabao's grandfather is a head of the military district, and his father is a deputy director of the city's Public Security Bureau, this pair of father and son are protective of the calf master, Yan Dabao once raped a female student, the girl was too humiliated, so she went to the Chengguan Police Station to report the case. The girl was humiliated and went to the Chengguan police station to report the case. In order to kill her, Yan Dabao took the girl with several people to the Yanjing Hotel and pushed her down from the 28th floor to her death, the police at the Chengguan police station did not arrest Yan Dabao due to insufficient evidence, and the case was closed"

Lin Kai once again looked at Yan Dabao lying on the ground and said with righteous indignation, "This kind of beast, I should have killed him all the more, why did you stop me?"

"It's fine for you to get him killed, but have you thought about what the consequences will be if you get him killed, will the girl you were with, and all of us, be able to get away with it?" Jiang Mei glanced at Lin Kai and said persuasively, "I know you are a young man who is brave and courageous? But society is cruel, sometimes, one has to do something against one's heart, so let's forgive people where there is mercy, I think it's better to forget it."

At this time, a welcoming lady dressed in a cheongsam ran over in a feverish hurry.

She attached herself to Jiang Mei's ear and whispered, "Boss, it's not good, a bunch of police are heading this way."

"Where are they now?" Jiang Mei asked in surprise.

"They're almost at the entrance of the hotel!" The welcoming lady asked with an anxious look on her face, "Boss, what should we do now?"

"Don't panic, I know, go and greet the customers at the entrance first, I'll take care of things here!" Jiang Mei waved her hand at her.

After the welcoming lady left, Jiang Mei looked at the few people lying on the ground and then gave a sultry glance at Lin Kai, showing a panicked expression and a look of concern.

She knew that if the police came in, they would inevitably take Lin Kai and Song Lina away.

Because, Lin Kai had just driven away the few punks who had eaten the bully's dinner, she could not unload her own punishment, and if Lin Kai was taken away by the police, she would be ashamed of him.

So, she hesitated and said to Lin Kai, "Big brother, you and this young lady should leave quickly!"

“What will you do when we leave?” Lin Kai asked with concern.

“It’s alright, I’ll take care of it.” Jiang Mei said cheerfully.

Lin Kai still had a lot of things to do, and if he fell into the hands of the police and was put into the bureau because of the fight, it would be a huge headache, so he just went up and grabbed Song Linna’s hand and said.

“I heard the police are here, we have to leave quickly!”

At this moment, Song Linna’s mind was in a mess, not knowing what she was thinking, but when she saw Lin Kai holding her hand, her body trembled violently and she couldn’t help but move her feet with him, towards the outside of the hall.

The crowd of spectators automatically made way for them, while Yan Dabao and the group of seriously injured companions he had brought with him, fearing that Lin Kai would deal them death, lay on the ground one by one and pretended to be dead.

They had not heard the conversation between Lin Kai, Jiang Mei and the waiter, and did not know that the police would arrive. They were always relieved to see Lin Kai, the devil, leading Song Linna away.

Lin Kai took Song Lina’s hand to the entrance of the restaurant and was about to lead her away when several uniformed police officers rushed upstairs.

“Cousin” The one leading the group was actually Song Lina’s cousin Zhou Peng. Song Lina was about to make a sound when she was pinched by Lin Kai, so she swallowed her words.

When Zhou Peng saw Lin Kai and Song Lina together and took a look at the dozen youngsters lying in the hall after being injured by Lin Kai, he instantly understood what was happening here.

So, Zhou Peng acted as if he didn’t know them at all and gave a wink towards the two, signalling them to leave quickly.

Lin Kai complied and took a somewhat startled Song Linna’s hand and walked out of the restaurant, while Zhou Peng led the policemen who had come with him into the restaurant.

As soon as the policemen entered the restaurant, they saw a large group of dining guests and restaurant staff pointing at the dozen or so injured men lying on the floor and whispering.

Zhou Peng shouted to the crowd, “What the hell is going on here?”

Everyone’s eyes fell on the few police officers who suddenly appeared.

“Brother Zhou, you’re here?” Yan Dabao, who was lying on the ground pretending to be dead just now, howled loudly as if he had seen a great savior as soon as he saw Zhou Peng bring people in, “We were injured by a hooligan, and my girlfriend was also taken hostage by him, you guys have to do something for us, quickly” arrest him, don’t let him get away”

Zhou Peng felt a bit of a headache as soon as he saw his top boss, Deputy Director Yan Zhengkuan’s son.

“Who did you say injured you guys and snatched your girlfriend away, where is that person now?” Although he believed that what Yan Dabao said was true, he still acted as if he didn’t know, scanned the crowd and asked unhurriedly, “How come I didn’t see it?”

“That rascal took my girlfriend out when you came in,” Yan Dabao said as he struggled to get up from the ground and pointed to Jiang Mei, who was standing in the hall, “This woman is in cahoots with that rascal, and she was the one who ordered that rascal to injure me, so you arrest her first. ”

“Yan Dabao, what are you talking about? What evidence do you have that I am in cahoots with the man who injured you?” Jiang Mei said righteously, “He was just a customer who came to my restaurant, and everyone here can testify that it was you who molested that man’s girlfriend first, and he only took action to injure you.

“Jiang, you’re just spitting blood!” Yan Dabao said angrily, “When that man injured us, I clearly saw you talking to him, and before the police came, you deliberately let him escape by holding my girlfriend hostage, what are you not in cahoots?”

“Boss lady, is it true that he said that?” Zhou Peng looked at Jiang Mei with a questioning gaze.

“Of course not,” Jiang Mei shook her head and said against her will, “Captain Zhou, Yan Dabao is lying, I don’t even know that man, he’s just my guest!”

“You stinking woman, you’re lying,” Yan Dabao shouted hoarsely, “If you don’t hand over that man today, I’m not finished with you, and if that man gets away, I won’t let you off!”

“Shut up!” Zhou Peng gave Yan Dabao a fierce glare and said in a stern voice, “If you don’t want to go to the hospital for treatment as soon as possible and want to become an invalid, just keep arguing here.”

Only after Zhou Peng said this did Yan Dabao feel a sharp pain coming from his arm and could not help but yell out loud.

“Ah, it hurts, it hurts so much, it hurts me to death!”

Zhou Peng frowned and looked at Yan Dabao in disgust, then turned around and saw the policemen he had brought with him standing there gloating, and shouted.

“What are you all still standing there for, why don’t you call for an ambulance?”

“Yes, Team Zhou, I’ll call now!” A male policeman quickly collected his smile, took out his mobile phone and hurriedly dialed the 120 emergency number.

Within a short time, several ambulances came roaring in, sending the dozen or so injured schoolboys into the city People’s Hospital for bandaging and treatme

The Policewoman Chapter 97

Inside a high-class ward on the 10th floor of the inpatient department of Yanjing People’s Hospital, Yan Dabao’s arm was wrapped in bandages as he lay on a hospital bed getting a hangnail.

“Ouch, it hurts like hell!” Yan Dabao kept shouting out of his mouth, “That guy who doesn’t know how high and mighty he is dares to hit me, he’s really fucking tired of living, I will not let him go, I must find someone to clean him up, make his life worse than death”

A middle-aged woman of distinguished appearance and elegance hurriedly entered the ward and rushed to Yan Dabao’s bed, asking anxiously.

“Dabao, what’s wrong with you?”

As soon as Yan Dabao saw his mother Yang Qiuyue enter his ward, he cried out loudly, “Mother, my son was bullied outside and his arm was trampled on, you have to do something for me!”

Yang Qiuyue grabbed her son’s hand that was not stabbed with a needle and asked heartily. “Quickly tell me, who beat you up like this?”

“I don’t know,” Yan Dabao shook his head and said against his will, “Not only did that guy beat me up, but he also took Song Linna hostage.”

“Huh? How did that happen?” Yang Qiuyue asked in surprise, “Where were you injured and where was Song Lina taken hostage?”

“Jiang’s compound,” Yan Dabao replied, “I was there at noon today with a group of friends for a meal when I saw that guy molesting Song Linna, and when I went to help, he injured us all and took Song Linna hostage... ..”

Yan Dabao babbled to his mother in black and white.

“When you were beaten up, didn’t the waiter in the restaurant step in to stop it?” Yang Qiu Yue had been to the Jiang family compound for dinner and knew that the waiters there were very dedicated.

“No,” Yan Dabao shook his head and said accusingly, “They were supposed to be in cahoots.”

“What do you mean? They are actually in a gang?” Yang Qiuyue asked in amazement.

“Yes, the man who beat me, as well as the man who held Song Linna hostage was let go by Jiang Mei, the hotel owner’s wife.” Yan Dabao replied.

“These people are simply unbelievable, is there still a king’s law here?” Yang Qiuyue froze for a moment, then asked, “Did you call the police?”

“Well, I called the police,” Yan Dabao nodded, crying, and said, “But that officer named Zhou Peng from the Criminal Investigation Team of the Municipal Public Security Bureau came over with a group of officers, and after asking some brief questions, he told his men to call the 120 emergency number and call an ambulance to take me to the hospital, and then he didn’t care about anything. He didn’t send anyone to arrest the guy who injured him or the one who was holding Song Lina hostage.”

“How outrageous, these police officers are so unbelievable.” Yang Qiuyue angrily took out a Samsung mobile phone, called out a number and dialed it.

As soon as she heard her wife’s voice, Yan Zhengkuan became a little anxious and said in a panic, “I am at work, what’s the matter with you calling?”

“Work, all you know is work all day,” Yang Qiu Yue yelled sternly into the phone, “Your son was injured by someone, do you care or not?”

“What are you saying? Dabao was injured by someone, is it serious?” Yan Zhengkuan asked anxiously.

“Of course it’s serious, his arm is broken and he’s lying in the hospital ward.” Yang Qiu Yue began to complain over the phone after briefly explaining the situation.

“Take it easy, let me understand the situation,” Yan Zhengkuan did not want to listen to his wife nagging on the phone and hurriedly interrupted her to ask, “Tell me, in which hospital and which ward?”

“City People’s Hospital, ward 8 on the 10th floor,” Yang Qiuyue said in a non-negotiable tone, “Hurry up and come here, or I won’t be done with you!”

As soon as he heard that his precious son had been injured, he became very anxious in his heart and hurriedly walked out of his office, asking his full-time driver to drive an Audi police car to take him to the City People’s Hospital.

After getting into the car, Yan Zhengkuan leaned back on the soft car seat with an anxious face. Seeing his angry and anxious look, the driver knew he was in a bad mood and was inconvenienced, so he drove on in silence.

In a short while, the inpatient department of the city’s People’s Hospital arrived.

The driver drove the Audi into the hospital and parked it in the garage on the negative ground floor of the inpatient department.

After getting out of the car, Yan Zhengkuan hurriedly took the lift upstairs and walked to the door of his son’s ward.

“Ouch, it hurts me!” Yan Dabao screamed in front of his mother, Yang Qiuyue, one after another, and as soon as he saw his father enter the room, he screamed even harder and more exaggeratedly.

Seeing his son’s painful expression, Yan Zhengkuan immediately rushed to his hospital bed and asked loudly.

“Dabao, what’s wrong with you, who beat you up like this?”

“Dad, I was almost beaten to death, you have to do something for me?” Yan Dabao wailed.

Yan Zhengkuan held his son’s hand and asked anxiously, “Tell me, who hurt you?”

“I don’t know,” Yan Dabao cried, “I only know that the man who injured me is a friend of Jiang Mei, the owner’s wife of the Jiang Family Compound, oooh”

He distorted the facts and added fuel to the fire by telling the story of how he had brought some friends with him at noon and was preparing to dine in the Jiang family compound when he happened to meet Song Lina and was violently beaten by Lin Kai.

After her son finished crying, Yang Qiu Yue added for her son, “What’s even more annoying is that when the police officer named Zhou Peng from your city public security bureau went over with a group of

police officers to handle the case, they let the murderer get away and left Dabao here and left everything behind. If anything happens to Dabao, I'm not finished with you

"Ah? How could this happen?" After listening to his wife and child's account, Yan Zhengkuan felt humiliated, so he looked at his son and said angrily, "Don't worry, dad will definitely get justice for you!"

After saying this, Yan Zhengkuan immediately took out his mobile phone and called out Zhou Peng's mobile number, forcibly suppressing the anger in his heart, and asked.

"Little Zhou, when my son was seriously injured at the Jiang family compound, was it you who led the team to deal with it?"

"Yes," Zhou Peng replied, "I was about to go back and report this matter to you face to face!"

"No need," Yan Zhengkuan questioned, "Let me ask you, why did you let the murderer get away and why did you call an ambulance to throw my son into the hospital and leave him alone?"

"Bureau Yan, you misunderstood," Zhou Peng defended himself, "When we rushed to Jiang's compound, the boy who injured your son and the gang he brought there had already left early, we didn't even know who he was, how can we say that the murderer was let go by us?"

"I don't care, and don't explain so much to me," Yan Zhengkuan said in a commanding tone, "I hope you will investigate the matter clearly and apprehend the murderer as soon as possible!"

Without waiting for Zhou Peng to say anything, Yan Zhengkuan had already hung up the phone.

He knew in his heart that ever since Tang Huimin's disappearance, his prestige in the police station had gone down the drain because everyone unanimously believed that Tang Huimin's disappearance was related to him.

Especially after he had promoted Zhou Peng to the head of the criminal investigation team to take over Tang Huimin's position, he thought that Zhou Peng would be grateful to him and serve him dutifully, but to his surprise, Zhou Peng not only did not buy his account, but also opposed him at every turn.

He knew that Zhou Peng would not do his best to investigate the case of his son's assault and that the only way to solve it was through other means.

So, he once again pulled a phone number out of the phone book and called it.

The Policewoman Chapter 98

Zhou Peng drove a Hyundai police car into the military sanatorium and walked into the ward inside Tang Huimin's sanatorium where she was sitting on a hospital bed watching TV.

"Team Tang, are you feeling better?" Zhou Peng asked with a concerned look on his face.

"I'm much better, thanks!" Seeing Zhou Peng in a hurry, Tang Huimin asked, "Little Zhou, did something happen?"

"Oh, here's the thing," Zhou Peng was simply shocked and delighted to see that Tang Huimin had become lucid and was no different from a normal person, and after a moment's hesitation, he said, "Your nephew and my cousin were having their noon meal at the Jiang family compound when they

beat up Yan Zhengkuan's son, who was seriously injured and admitted to the city people's hospital. Yan Zhengkuan just called me and told me to bring the murderer to justice as soon as possible. The reason I came here is to tell you that in order to avoid unnecessary trouble, ask your nephew to recuse himself and try not to show his face in public places!"

"Who's your cousin?" As soon as she heard that Lin Kai was having lunch with another girl, Tang Huimin felt a little awkward in her heart.

"My cousin's name is Song Lina, she and your nephew are classmates, and they seem to be in love" Zhou Peng replied.

"Oh, I see," Tang Huimin felt that she had lost her temper a bit, and hurriedly turned her words around and said, "Good fight, it finally took a breath of fresh air for me, Yan Zhengkuan, this old immortal fellow, last time, I was kidnapped by that gang of thugs to Freedom Island, he must have had something to do with it, I haven't gone I haven't gone to settle accounts with him, but he has come to my door"

"I understand how you feel, and I hope you can take revenge for yourself as soon as possible, but after all, Yan Zhengkuan is the deputy director of the Municipal Public Security Bureau, our top boss, and we can't move him for the time being without solid evidence," Zhou Peng said, "Yan Zhengkuan's son was seriously injured, and he is angry, you have a head-on conflict with him now, it will often backfire, you can only put up with it for a while"

Tang Huimin felt that Zhou Peng's words were reasonable and that she was still a bit impulsive, so she asked, "Does Yan Zhengkuan know about my stay in the military sanatorium after I returned to Yanjing City?"

"Not sure," Zhou Peng shook his head and said, "However, I have already reported your matter to Director Xiao Wenbin, and Director Xiao said that it was not convenient for him to come over to visit you now, and asked me to tell you to recuperate well and return to work at the Municipal Public Security Bureau when your injuries have recovered."

"Then you thank Chief Xiao for me." Tang Huimin gave Zhou Peng a grateful smile.

"Don't be polite," Zhou Peng replied, "Team Tang, this is what I should do because"

"Because of what?" Tang Hui Min asked afterwards.

Zhou Peng's face reddened, he gathered his courage and stammered, "Because I I like you, I'm willing to do anything for you, in the future, let me take care of you for the rest of my life"

The words were too sudden.

Tang Huimin first froze, then pink-faced, said, "Zhou Peng, you don't talk nonsense, I've always treated you as my colleague and comrade, even my younger brother, don't you take it the wrong way, huh?"

"I'm not," Zhou Peng continued to confess for himself, "You've always been the goddess of my heart, from the first day I joined the police station and met you, I've liked you, I don't care what you think, I've always regarded you as the woman I love the most in my heart... .."

"No," Tang Hui Min shook her head and said with a serious look on her face, "you know that I am a woman who has died of a husband and has been spoiled by a gang of hooligans, it is simply impossible

for us to be together, there are plenty of girls better than me, you'd better go and find a girl who suits you!"

Zhou Peng stubbornly said, "I don't mind your past, I just want to spend my life with you, to love, love and protect you properly"

Tang Huimin hurriedly interrupted him and said with a serious face, "Zhou Peng, stop, if you keep saying that, I'll get angry and I won't even be friends in the future."

"Okay, I won't say anymore," Zhou Peng smiled sarcastically, "I believe that time will prove everything!"

"Thank you for understanding, do you have anything else?"

"No no more", Zhou Peng said in a panic.

"Then go about your business," said Tang Huimin gratefully, "Little Zhou, thank you for your care and concern for my son during the time I was missing, and I hope you find your happiness!"

"Okay," Zhou Peng nodded and said, "You take good care of your injuries, I'll leave you alone, as soon as I'm free, I'll bring your son over to see you!"

After saying that, Zhou Peng turned around and walked out of the ward.

Looking at his back as he disappeared in front of the room, Tang Huimin's heart rippled.

To be honest, she didn't have an aversion to Zhou Peng and even admired him a little, but she still had Lin Kai in her heart and had an instinctive rejection of other men.

.....

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

Song Lina felt her heart palpitating when she remembered that Lin Kai had beaten Yan Dabao and his gang of thugs in the restaurant in order to relieve himself.

For a while, neither of them could find a suitable topic of conversation, and thus, Lin Kai drove the Mercedes along the spacious avenue to an artificial lake in Yanjing City in one breath.

The space inside the car was large and luxurious, and a faint fragrance emanated from Song Lina's body.

Lin Kai looked sideways at Song Linna, who also turned her head and looked at him fondly, and from her eyes, a kind of longing and expectation flowed.

So, Lin Kai drove the car to a place where no one was around.

"How did you attract this punk Yan Dabao?" Lin Kai said slyly.

"His grandfather and my grandfather both live in the military compound, we pretty much grew up together and were pursuing me when we were in high school," Song Lina said lightly.

"So, you're a match for each other?" Lin Kai said half-jokingly.

Song Linna puffed up her cheeks and said, "I don't care about the right family, I don't even like him, I don't want to be with that kind of rascal!"

“Then who do you like and who would you like to be with?” Lin Kai said with a slight interest.

“I like puppies, I’d like to be with puppies!” Song Lina raised her eyebrows and winks, “I just like being with a cute puppy like you

With that, she removed her seatbelt and dived into Lin Kai’s arms, leaning against his chest.

Lin Kai smelled Song Linna’s rich body fragrance, felt the elasticity and softness of her body, the testosterone in his body increased dramatically, and he had an urge to have a nosebleed.

“It’s too crowded here, let’s go to the back seat of the car.” Lin Kai said as he removed the seat belt strapped to himself.

Afterwards, he pulled Song Lina and Song Lina out of the car together and sat down on the back car seat, reaching out to wrap his arms around her small waist and take her into his arms.

The Policewoman Chapter 99

An intense feeling of comfort hit him and Lin Kai became completely irrational.

He recklessly stroked Song Linna’s back the hand slid down to her waist, and then gradually slid down to her beautiful buttocks to gently knead it.

“No, we can’t be here, how embarrassing would it be if someone saw us” Song Lina, her head still clear, resisted softly.

“It’s okay, the glass of this car of yours has a good blackout effect, we can’t be seen from outside.” Lin Kai explained as he kissed her, searching for her fragrant tongue.

“Still

Lin Kai turned her around to hold her from behind and turned to kiss her ear.

“Ah.”

Song Lina screamed.

She felt her whole body go limp and her resistance faded, while Lin Kai’s desire gradually swelled up and pinned her to the car seat.

Song Lina’s cheeks were scarlet, her breath caught, her small mouth slightly open, and her dark hair hung like a waterfall on either side of her snow-white, slender neck.

“No

She tried to resist, but the intense pleasure was still inevitably reaching her brain.

Lin Kai lowered his head and kissed her passionately.

Feeling as if her breathing was about to stop and her consciousness was becoming fuzzy, Song Lina closed her eyes, opened her arms and hugged Lin Kai tightly around the back of her waist.

Her airy, elegant face showed an expression of pleasure, feeling herself thrown into the clouds, every cell in her body jumping in rhythm with Lin Kai – as if they were dancing to a song.

It was as if the two were dancing a beautiful aerial ballet.

.....

RING RING RING!

Suddenly, an ear-splitting mobile phone rang.

The two of them woke up from their passion, their bodies parted as if they had been electrocuted, and they leaned back against each other's car seats with a ragged breath.

Lin Kai took a moment to slow down and fished his mobile phone out of his pocket, finding that the phone screen showed Tang Huimin's number, and hesitantly pressed the answer button.

"Xiao Kai, where are you now?" Tang Huimin's anxious voice came from the phone.

"I I'm out on an errand, there is something going on," Lin Kai stammered.

"I'm asking you, at noon today, did you beat up a boy named Yan Dabao in the Jiang family compound and hospitalized him?" Tang Huimin questioned.

"Yes, that boy molested Song Lina in public, and I taught him and the gang of punks under him a lesson." Lin Kai answered truthfully.

"You're in big trouble, do you know that?" Tang Huimin said anxiously.

"How did I get into big trouble?" Lin Kai asked, puzzled.

Tang Huimin reminded, "Yan Dabao's father is Yan Zhengkuan, the deputy director of the municipal public security bureau, and his grandfather is a head of the Yanjing military district, they are both protective of their calves. ..."

"Well, I know," Lin Kai asked eagerly, "How are your injuries?"

"I'm fine, just mind your own business and protect yourself, just don't ever make me feel on edge about what happened to you." Tang Huimin replied.

Lin Kai's heart warmed and he said with relief, "Don't worry, little aunt, I will protect myself"

After putting down Tang Huimin's phone call, Lin Kai became totally disinterested, he felt a bit sorry for his little aunt's true love for him by doing this kind of thing with Song Lina in the car behind her back, and felt some regret.

"Bad egg, why don't you continue?" Song Lina was on fire from Lin Kai's teasing and suddenly felt a little unfulfilled with desire when she was interrupted by a phone call.

"My sister-in-law just called to say that Yan Dabao's father is ordering the police to look for me everywhere, what do you think I should do now?" Lin Kai made a face like he was at sixes and sevens.

“What are you afraid of?” Song Linna pouted and said unconcernedly, “Isn’t Yan Dabao’s father just a small deputy director of the Public Security Bureau? What’s the big deal?”

Lin Kai said hesitantly, “But, his grandfather is a head of the military district, if that old guy checks down from the army and disciplines me, it’ll be game over.”

“My grandfather is still the head of the military district, what are you afraid of?” Song Lina said with relief, “Don’t worry, with me around, no one can hurt you.”

“What kind of talk is it for a big man to rely on a woman for protection? What I don’t understand is, how did my aunt know about this?” Lin Kai said slyly.

“What else is there to say? My cousin must have told her.” Song Lina charmed and laughed.

“Why?” Lin Kai asked, puzzled.

Song Lina explained, “When we came out of the Jiang family compound, we happened to run into my cousin bringing someone in, so if he didn’t tell your little aunt, who did? At the same time, I have a feeling

“What feeling?” Lin Kai asked in surprise.

“My cousin likes your brother-in-law.” Sungina replied.

“How did you know that?” Lin Kai’s heart thudded, he didn’t want someone else to like Tang Hui Min and add a rival to himself.

“Hehehe, with a woman’s intuition.” Song Lina charmed and smiled, “If my cousin and your little aunt were together, would you have a hard time in your heart?”

“There is something to feel bad about,” Lin Kai said against his will.

“It’s good that it’s not hard,” said Song Lina with a light laugh, “In that case, I’ll be relieved and you can focus on me wholeheartedly.”

“Let’s not talk about this boring issue, okay?” Lin Kai was upset and asked, “Where do you want to go? I’ll drive you there!”

“I don’t want to go anywhere, I just want to be with you.” Song Lina said stubbornly.

Lin Kai replied, “I still have things to do, won’t it affect my work if you are with me?”

Song Lina thought about it and said, “Then how about this, how about you take me home first and then pick me up after you finish your business?”

“I’m not your family’s driver, what’s the point of picking you up?” Lin Kai explained.

“Of course you’re picking me up to go out for dinner,” Song Linna complained, “Lin Kai, I’m already your person, I’m warning you, don’t try to get rid of me or I won’t be done with you!”

“Didn’t we do nothing? How come you’re my man now?” Lin Kai looked at her suspiciously.

“How come you didn’t?” Song Lina said with a serious look on her face, “You stayed with me last night, you even kissed me just now and tried to molest me, and you still dare to weasel out of it? If you don’t admit it, I’ll sue you for raping me, just watch out!”

“Huh?”

Lin Kai secretly cried out in his heart and became speechless, so he could only look at Song Linna with a bewildered expression.

The Policewoman Chapter 100

6pm.

The Chiang family compound is open for business as usual.

Night falls.

The front door of the hotel is decorated with lights and people are coming and going.

Clatter!

While Jiang Mei was busy greeting the customers, a bald man with one eye wrapped in gauze came rushing over with a group of gangsters armed with sticks and machetes.

He was Black Dragon, the young leader of the Black Dragon Gang who had been stabbed by Lin Kai with a flying knife at the back of Wolong, and had been ordered by Zhao Wenlong, the Dragon Master, to come and smash up the shop.

Jiang Mei saw that the visitor was not good and hurriedly greeted him, asking with a forced smile, “Big brother, long time no see, what brings you here?”

“Don’t get fucking close to me,” Black Dragon said viciously, “Tell me, where did you hide the guy who injured Yan Dabao at noon today?”

Jiang Mei defended herself, “Big brother, you’ve wronged me, that man was just a customer who came to dine in our restaurant, and after he clashed with Mr. Yan, he took the girl and left before the police came, I don’t know them, so how could I have hidden them?”

“Someone saw you with your own eyes with that boy at noon, and you dare say you don’t know him?” Black Dragon sneered, “To tell you the truth, Yan Dabao is my brother, if you let someone injure him, you are cross with us, tell me, where did you hide that boy? Otherwise, don’t blame us for being unkind to you.”

“Who saw us together?” Jiang Mei, obviously a little weak, showed a look of panic and stammered, “I don’t know him at all, he’s just one of our customers here, how could he have hidden him ”

“Shit, how dare you deny it and weasel in front of Laozi?” Black Dragon could see that Jiang Mei had a ghost in her heart, raised his hand and slapped it towards her face.

SMACK!

A clear, crisp sound rang out.

Jiang Mei's chubby face was instantly swollen and she felt a hot pain, only to see her covering her face with one hand and pointing at Black Dragon with the other, saying.

"You why did you hit someone?"

"Stinky woman, listen to me clearly, I will not only beat you up today, I will also smash your shop!" The black dragon man gave Jiang Mei a fierce glare and yelled to the punks around him, "Brothers, beat this woman to death, and then throw all the customers who are dining out!"

Several gangsters swarmed on Jiang Mei and pinned her to the ground, followed by a flurry of punches and kicks.

Seeing that the boss's wife was being beaten up, a few of the restaurant staff were ready to come to her rescue, but they were no match for these guys. One by one, they were knocked to the ground by the gang led by Black Dragon, who then proceeded to beat them with sticks.

At the same time, the fierce and fierce men were indiscriminately beating up the restaurant guests and staff, and smashing things on the tables.

There was a lot of crackling, screaming and screaming, and pots and pans and food were scattered all over the place.

Diners fled from the Jiang compound in droves, and the whole restaurant was filled with blood, with tables and equipment smashed in the lobby and elegant rooms.

"Boss, we've smashed everything in the inn and the guests have been chased away, what do we do now?" A punk with a clutch of hair on his head asked smugly.

"Withdraw!" After this word spat out from Black Dragon's mouth, he pointed his finger at Jiang Mei who was lying on the ground, battered and swollen, and said, "Take this woman away with me!"

As soon as the words left his mouth, a clutch of hair led two punks to lift Jiang Mei from the ground and drag her towards the entrance of the restaurant like a hawk catching a chick.

"What are you doing," Jiang Mei screamed out loud, "Let go of me, help, help"

The waiters were all scared to death, no one dared to speak, let alone go forward to stop them.

A clutch of hair and a gangster pushed Jiang Mei into a van parked at the entrance, pinning her left and right in the middle of the last row of car seats.

Seeing the mess in the restaurant, Black Dragon took the punks with him and left.

"Drive, we'll be in trouble if the police come later!" Black Dragon shouted to the one punk sitting in the driver's seat after he had settled in the passenger seat of the van.

The young punk quickly started the car and the van left in the dust.

"What are you doing? Let go of me!" Jiang Mei saw herself being taken away by the punks and felt a little bad, trying to break free and get out of the car, but she was grabbed by the two men and couldn't move at all.

A clutching hair pulled out a small knife with serrated teeth on the back out of his pocket and said viciously, "Be honest, or else I'll slash a wanker on your face!"

As he said that, he used the side of the knife to gently slash Jiang Mei's face.

His intimidation made Jiang Mei so confused that her mind went blank and she didn't dare to shout or move, let alone resist.

Jiang Mei knew that she was now in the hands of these thugs and if she resisted, she would really be cut on her face or killed by them.

The most precious thing for a woman is her face, and the most precious thing for a human being is his life, so Jiang Mei had to admit to herself that she was unlucky and gave up all resistance.

"That's right, cooperate, it's good for everyone" said Black Dragon with a bad smile.

"Where are you going to take me?" Jiang Mei asked timidly.

"Cut the crap, you'll know when you get there." A clutch of hair raised the short knife in his hand and said viciously.

Jiang Mei was scared of this short knife in the fat man's hand, afraid that if he was not careful, he would stab himself with it, so she was too scared to squeal or move.

"Shit, don't follow this woman's nonsense, quickly blindfold her." Black Dragon turned his head from the passenger seat and said to One Clutching Hair.

A Clutching Hair then fished out a black cloth from his pocket and blindfolded Jiang Mei's eyes.

The young punk drove the van around the street for a long time and finally drove into the courtyard of the small two-storey building where they lived in the eastern suburbs.

As there were still people standing guard outside the big iron gate, strangers were generally not allowed to enter or leave casually, and after the small van drove in, the iron gate at the main entrance was closed.

As soon as the van came to a stop in the courtyard, a clutch of hairs and punks, led by the bald man, went up to the room on the first floor with Jiang Mei on one side and on the other.

After the bald man sat down on the sofa, he said to Yichun Mao, "What are you still standing there for? Why don't you quickly remove the black cloth from the boss's wife's eyes?"

Yichun Mao then removed the black cloth that was tied around Jiang Mei's head.

After Jiang Mei slowly adjusted to the light in the room, she saw that she had been brought into an unfamiliar place, her heart tightened and her body began to shiver a little.

"Boss Jiang, come over here, don't be afraid, when you get here, it's like being in your own home," Black Dragon said to Jiang Mei with a smile on his face as he stood up from the sofa, "Don't worry, no one will dare to bully you here!"

Black Dragon gave a wink to Yichun Mao, who nodded knowingly and led the junior who had come in with him to leave the room obediently and close the door for them.
