

# Super Rich Dad Chapter 915-916

## Chapter 915

As long as he launched the purge, these people will definitely suffer losses, then the pressure on the He Dong Shen family as the leader of the east of the city will weigh heavily on Shen Feng's body, forcing him to break into his territory.

Thinking of this, Yu Shaobai some smug sneer and said: 'You watch it well. If there is no accident, it is estimated that Shen Feng will soon bring people over.'

The black-robed man standing behind Yu Shaobai heard this, inexplicably feel a panic in his heart, I do not know why, looking at this time Yu Shaobai, he suddenly felt as if he had seen the original Yu Qinghe.

Yu Qinghe father and son did the right thing or wrong thing. They are using themselves as the biggest fist in the north and west of the city, and then set rules to restrain the scum in a chaotic place.

Perhaps for some people their father and son is indeed good, but for their father and son invented the cleaning game. I believe that not many people will like it.

The black-robed man did not expect that such a bloody game would be used by Yu Shaobai as a means of exerting pressure on the East City Shen family.

Just thinking about it makes me feel a chill, but he is already riding a tiger at this point, so he nodded and said in a deep voice: 'I know, I will immediately order someone to keep an eye on this matter.'

Yu Shaobai nodded in satisfaction and then opened his mouth and laughed: 'Don't worry, it won't take long for them to arrive.' Thinking of this, Ning Kun took out the headset and put it on, then spoke in a deep voice: 'Han San, can you hear, can you hear?'

Han San, who was advancing to search, faintly froze, then pressed his headset and spoke: 'Here Han San received the message, here Han San received the message!'

'Order your men to tell them to execute anyone they see from the Qinghe Society while searching. Remember to observe them.'

After saying this, Ning Kun looked at the three people lying on the ground with some suspicion, these three people were most likely posing as members of the Qinghe Society trying to come out to get some benefits.

This is also just Ning Kun thought of a point, but unfortunately has already shot, he even regret is useless, so this is why contacted Han San, hope he can pay attention to a little.

Originally Ning Kun was well-intentioned, but unexpectedly Han San listened to the cold eyes and opened his mouth and laughed: 'It does not matter, anyway, there are not many good people here in Hedong, whether it is the Qinghe Society or not, dare to stop us there is only one end.'

After saying this Han San disconnected, although he likes the new top boss, but no one likes to have someone chanting overhead all the time when they are doing something.

After a slight gesture, the crowd began to continue to search forward again. Trying to find a little clue out.

At this time, on the other side, the Qinghe Society's meeting house, Yu Shaobai sitting on a tai shi chair quietly drinking tea.

Beside him stood the black-robed man, Yu Shaobai drinking tea, from time to time will look outside, after a moment.

He suddenly opened his mouth and said in a deep voice: 'How are things going now, how much has been cleared out of the north of the city?'

After hearing this, the black-robed man took out a computer and opened it in front of him, only to see that it showed a map of the city in the east of the river.

'So far Chen Bei has cleared out quite a lot, but our people are still continuing to explore forward, so I guess it won't be long before we can still catch a lot of big fish.'

After saying this, he zoomed in on the map and pointed to the place where Chu River had burned and opened his mouth and laughed: 'This is an interesting place because we actually found traces of the Thirteen Sections here.'

Yu Shaobai faintly froze when he heard this. He didn't expect that this sweeping operation had actually swept out people from the Thirteen Sections!

Thinking of this, he couldn't help but laugh out loud!

'Hahaha. It's really interesting news, I didn't expect that the Thirteen Sects hadn't given up on Hedong, I guess it should be for the Hedong Shen Family, otherwise how could they have held on here until now.'

Speaking here, he pondered after a slight pause: 'See if you can contact the captain in charge of clearing the front, I can accept that they are acting recklessly. But I can't accept someone acting in my name.'

This was not the first time he had presided over a sweeping operation, and every time they launched a sweeping operation, there were always some people who liked to stare at Yu Shaobai's name and mess around outside.

At this time, as long as there were three words of Qinghe Society on their heads, it was a key for them to obtain wealth.

The black plate man has obviously seen too much of this kind of situation, at this moment after hearing Yu Shaobai's words he stood out with a faint smile and spoke: 'You can rest assured, we have specially freed up our manpower to deal with these scraps this time.'

The words just fell. The black-robed man looked a bit distracted and continued: 'But we are not a bit too much this time, after all, it is nearly two thousand people cleaning, if it goes on like this, the He Dong Shen family will not be able to sit still.'

Yu Shaobai turned his head to look at the black-robed man, his eyes were like substance to see him clearly!

'Do I need people to doubt or point out what I do? Just do your thing properly, I will naturally have my own considerations!'

In that instant, the black-robed man felt as if his heart was pierced by Yu Shaobai's eyes, and even his breathing could not help but stop once.

After sensing Yu Shao Bai's fury, he nodded and said, 'I know, I know, I won't talk more about this matter anymore. I'm sorry president!'

Looking at the other party kneeling on the ground to admit his fault, Yu Shaobai eyes flashed a trace of pity, thinking that this person is also his own father left him after.

Yu Shaobai took a deep breath and said lightly: 'Get up. The reason I have to do this is because I deliberately the cleaning expanded, in order to pull the Heidong Shen family into this muck to limit them.'

After saying these words. He clicked on the map and pointed to the north of the city and said in a deep voice: 'The situation in the east of the river is complicated, but here in the east of the river, the most complicated situation is the north of the city. You know this, I don't need to say more, right?'

The black-robed man looked at the map and nodded slightly, the reason why the situation in the north of the city is complicated, on the one hand because it is indeed the poorest place.

On the other hand, it was because the forces were mixed with dragons and snakes, and many, many people were trying to put some manpower in the north of the city again, and then gain a little benefit that normally could not be accepted by people.

Yu Shaobai can be said to be a person who grew up in the evil thoughts of people, he has seen these things too thoroughly and thoroughly.

Every time he performs a cleansing, he never sees it as sending a group of people away from the world, but instead feels he is purifying them and helping to ascend to heaven.

And such places as the north of the city, more equivalent to the most profound evil thoughts in the human world, including the He Dong Shen family, many people in the east of the city have planted a lot of personnel here.

Chapter 916

Things are indeed as Yu Shaobai predicted, Shen Feng because it can not withstand the various pressures from the east of the city, know that this side of what happened but just a few hours had to bring people to the east of the city boundary.

Shen Zhiqiu mouth eating chewing gum, crotch warfare riding a motorcycle looking at the fireworks burning put the north of the city smiled and then opened: 'did not see. The first time I think this place will look so good.'

Shen Sihai looked at his brother with some hesitation and then said: 'Are you sure you want to go in? These things are not something you should interfere in, it's better to go back.'

Although Shen Sihai was happy that his cynical brother was finally thinking about doing something for his big brother, he really didn't want his brother to see these and other things.

The Great Purge brought not only death, but also all kinds of unacceptable things. He did not want these to tarnish his brother.

Shen Feng looked at Shen Zhiqiu's eyes at this time also looked a little deep, both sides looked at each other after a long time of silence.

Shen Feng slowly spoke: 'Zhiqiu. Why don't you go back first, I'm glad you can come forward to help me, but the first time you encounter this kind of thing, you're not quite right.'

Shen Zhiqiu looked at his two brothers after looking a little helpless: 'I have come out to play so many times, what kind of scenes have not seen, you think I have not seen the north of the city?'

After saying this Shen Zhiqiu some helpless bitter laugh, remember when he first went to the north of the city to see some things, home indeed for several days did not sleep well, as soon as you close your eyes want to have nightmares.

But see their two brothers are standing here, he as one of the three Shen family Shen Zhiqiu. And how can there be a retreat.

After a slight smile, Shen Zhiqiu lying on the motorcycle spoke: 'Well, my brothers, why don't we go in and talk, stay here a little longer and maybe one more person will die.'

Looking at his brother so persistent, Shen Feng some helpless smile after nodding: 'Well, since you have said so, then do not regret.'

After saying this, Shen Feng a whole face smile, instantly became serious beyond compare.

'Sihai. You take two hundred people and insert them between the north and the west of the city, separate the two directions, establish a barrier, and do not allow the people of the Qinghe Society to continue spreading!'

The members of the Qinghe Society in the north of the city had nearly five thousand people, how could it be considered not difficult to separate all the people in both directions with just two thousand.

But Shen Sihai nodded proudly after hearing this, and then blew a whistle, and a lot of people came out from all around. Wrapped Shen Sihai ran to the north of the city!

Shen Feng looked at his brother Shen Zhiqiu, smiled and said: 'As for you. Lead a hundred people responsible for patrolling behind me, anyone who encounters a fake Qinghe Society murderers, executed on the spot!'

Hearing these words, Shen Zhiqiu although he knew his brother was trying to protect himself. But still can not help but skim the mouth after speaking: 'Yes, I know, really boring!'

Looking at his somewhat helpless look, Shen Feng shook his head slightly and then said: 'You can stand out is already very satisfying. This is enough, next time, next time I will give you a chance.'

Hearing these words, Shen Zhiqiu's face looked a little better, and then opened his mouth to Shen Feng and laughed: 'Then it's a deal, next time I must make a big splash, otherwise it will all be stolen by you alone.'

Shen Feng looked at his brother could not help but laugh, and then took Shen Feng in the car. Then sped off to the north of the city, followed by nearly a hundred cars behind him. It looks like there are at least seven or eight hundred people!

Such a big action naturally can not be hidden from the people of the Qinghe Society, after receiving the news. The black-robed man hastily handed over this information to Yu Shaobai.

And Yu Shaobai just took a look at the information and then opened his mouth and laughed: 'Not bad, I had expected them to come a little later. I didn't expect Shen Feng to be so useless, he couldn't withstand any pressure at all, hahaha.'

The black-robed man standing beside him is laughing at this time, on the one hand, the people of the thirteen sections, they are estimated to misunderstandings this time to make a big mess.

The other side is the powerful He Dong Shen family, the conflict between the two sides is not a day or two, at every turn is the end of your life.

At this time if he is not careful, it is likely to be sandwiched by both sides, such a situation, the black-robed man and how to laugh out.

Yu Shaobai faintly glanced at the black-robed man standing beside himself, obviously some understanding of what he was thinking in his heart, after all, is his own plan, what will happen Yu Shaobai is not without expectation.

But the appearance of the thirteen sections is indeed a surprise to him, after all, he does not want to be an enemy with the thirteen sections.

One advantage of being an enemy of the Shen family is that there are so many branches of the Shen family that no one can help at all times.

But the situation is completely different with the thirteen sections as enemies, their defensive nature for their members is definitely not comparable to the Shen family, as long as there is an accident in one place, the rest of them will pounce like mad dogs.

Looking at the worried look on the black-robed man's face Yu Shaobai smiled and then opened his mouth: 'You can rest assured, if I do not expect, until the people of the thirteen sections come over, here things are over, they can then take me what to do.'

After saying this, Yu Shaobai smiled and picked up the cup of tea on the table and took a slight sip, but did not notice the arrival of Yu Qinghe.

'Son, what you did this time is a little too much you know?'

When he came forward, Yu Qinghe looked at his son with a flash of anger in his eyes, after all, when he presided over the purge, he would only target a few specific locations.

Not like his own son, the whole city will be pulled in, causing such huge losses!

Looking at the smiling look on Yu Shaobai's face, Yu Qinghe spoke up in great anger: 'Do you know what you are doing, you are now near to challenging the many forces in the whole of Hedong with your own strength!'

Yu Shaobai snorted after hearing this and said, 'Don't worry old man, their group of dogs are different from us wolves who are used to bloodshed, they won't dare to do anything.'

Yu Qinghe nodded after a bitter laugh and said, 'Yes, they indeed don't dare to do anything, but what do you think will happen on our side?'

After saying this, Yu Qinghe threw a note on his son's face and said angrily: 'The people of Section 13 have already sent two action teams to rush in, and you still know nothing about it now!'

The black-robed man heard this and fearfully took out his computer to take a look, and sure enough things were heading in an unexpected direction.
