

Chapter 941: The Rumor

“Go and find out where this rumor started!”

In the office, Li Feiyun ordered his subordinates with a stern face. His eyes were cold and stern, and his expression was solemn.

They hadn't even started digging yet, so how could anyone know if there were ancient ruins down there? Did they have X-ray vision?

Soon, they got the information.

The news was first circulated online, but the account that initially spread these rumors had been deleted.

The other party was obviously prepared, so they searched for quite a while in vain.

“Squash the rumors!” Li Feiyun said.

“Okay.”

However, things weren't as simple as they thought.

The next day, a few photos suddenly appeared on the Internet.

In the photos, there was a big, deep crater, and in the big pit was not ordinary dirt and sewage, but porcelain fragments and some strange things.

[This could be the tomb of some ancient dignitary!]

This statement immediately triggered a discussion.

Li Feiyun's heart jumped and he immediately blocked the news. At the same time, he rushed to the scene.

When he arrived, his face suddenly became very ugly.

Before he could do anything to cover up the scene, the police and archaeologists came.

“This is someone setting us up! There's absolutely nothing here!” Li Feiyun said to them.

If these ancient ruins were found on the construction site, then they would have to stop this project!

“Don't worry, our experts are coming over and will definitely check out the situation,” the police officer said to Li Feiyun with a smile.

No matter what, Li Feiyun couldn't stop this investigation.

He could only let the archaeologists conduct their exploration and excavation.

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

Originally, he thought that this was someone's plot to frame them, but when the experts dug into the site and saw more evidence, Li Feiyun could not stay calm.

"According to my preliminary speculation, this is the tomb of an ancient king!" an expert said excitedly. "This is a great discovery in the history of archaeology!"

It was a very meaningful discovery for them, but for Li Feiyun and the others, it was a tragedy!

Due to the excavation of this tomb, this project had to be suspended.

After that, the government would negotiate with them about the compensation.

However, Li Feiyun's hands and feet were already cold.

Needless to say, the government would not give them too much compensation. It simply could not match their investment in this project!

Originally, he had thought this project could make them a lot of money, but now...

It would be lucky if they didn't lose all of their money on the project!

It was so hard to get such a big piece of land, but the result was so miserable!

Li Feiyun didn't know how he got back home in a stupor.

Why did this happen? Who did it?

Moreover, who knew so early that there was something down there, and dug it up in advance to spread the news?

He was caught off guard and had no time for PR or a cover-up!

Now, the matter had become so big that he couldn't stop it.

Soon, he received a call from his father.

After understanding the situation, Li Sheng almost had a heart attack.

The previous Land King project had been snatched away, and now this project was in trouble too? How could they be so unlucky this year?

After hanging up the phone, Li Feiyun was also in a state of dismay.

Soon, his phone rang again.

It was an unfamiliar number, but the voice that came from the other end made his blood freeze.

"This is a gift for you.. There's no need to thank me."

Chapter 942: Offended

It was Qiao Yanjue!

All of Li Feiyun's blood seemed to freeze and solidify, then a fire welled up in his chest.

Ice and fire.

It was Qiao Yanjue who did this? The previous bidding was intentional on his part?

At this moment, Li Feiyun finally figured out the question in his mind.

So that was why the bidding went so well this time... Why Qiao Yanjue did not succeed, why there was a strange rumor, why...

This was all a trap set by Qiao Yanjue!

Li Feiyun gritted his teeth, "Qiao Yanjue, what do you mean?"

"What do I mean?" Qiao Yanjue laughed. "To give you a gift. After all, you have been taking care of me so much. How embarrassing would it be if I didn't return the favor."

Qiao Yanjue actually still believed that harmony created wealth.

However, if other people were not willing to make peace and prosperity, then he could only do it the way they liked.

What a pity that when he used their method on them, they got angry!

Such a double standard!

"Qiao Yanjue!" Li Feiyun gritted his teeth. "I didn't seem to have offended you, did I?"

"Really? It seems that you are getting old and have forgotten what you have done. It's okay, I'll just remind you."

Qiao Yanjue's voice was icy cold.

"You remember the Xia Xibei thing right?"

"You-"

Li Feiyun's eyes widened and his heartbeat quickened.

They actually knew what he had done!

"Well, I still have some work here. I have to go, bye!"

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

Qiao Yanjue kindly hung up the phone after informing him of the matter.

Originally, Qiao Yanjue would not have told Li Feiyun what happened, but why not? How could they learn without knowing the mistake they had made?

Moreover, the Li family would definitely be affected after these two heavy losses.

Did they want to take revenge on the Qiao family? It was not that easy.

Did they want to get back at Qiao Yanjue and Xia Xibei? It was even harder.

When Qiao Yanjue hung up the phone, Xia Xibei came to give him a rewarding kiss.

“Good job!”

A pissed-off Li Feiyun was the best!

Did he really think they didn't have a temper and could be bullied at will?

After pissing-off Li Feiyun, Xia Xibei called Xia Qingxun.

Sure enough, the other side was also in a mess.

Although Xia Qingxun knew that Xia Jun would definitely fall for the trap, he did not expect that Xia Jun would be more daring than he thought!

Xia Jun had actually pulled out most of the family company's capital and put it into this project!

If the project succeeded, it would indeed be profitable.

The problem was that with Li Feiyun's side failing, their investment was also greatly affected.

The land couldn't be transferred or sold, and the capital couldn't be returned.

Then, Xia Jun couldn't get the money back either.

Without money, the company's capital chain would be broken.

When Xia Jun found out about this, he almost broke down!

With a broken capital chain, what company did they have? A bankrupt one!

Now, he began to panic.

However, who could help him?

At this time, Xia Qingxun came forward and said he could solve the problem, but Xia Jun had to give up his position.

If it was before, Xia Jun would definitely have said no.

He was still relatively young and strong. Why should he step down?

This time, facing such a difficult situation and with Xia Qingxun willing to solve the crisis, he was certainly willing to give up his position.

He just didn't expect that Xia Qingxun would be quite ruthless and make him transfer all his shares.

Xia Jun hesitated for a while, then quickly agreed.

There was no other way now. If they couldn't get the funds, then they'd all be over!

Chapter 943: I Have Money

Xia Jun had it all planned out.

If Xia Qingxun found the money and the company was okay, he would get the company back.

If Xia Qingxun couldn't do it... Then it wouldn't be much different from now.

He just didn't expect that the first thing Xia Qingxun would do after he came to power was to fire the old staff he had left behind!

This almost made him explode.

They were the company's veterans! The company was what it was today only because of their efforts!

Of course, after the company became successful, they more or less changed, bullying people, sitting around and doing nothing, etc, which was inevitable.

Still, how could these seniors be eliminated?! How could this work?!

Would the company improve after kicking them out?!

Xia Jun was so angry that he rushed to the company and yelled at Xia Qingxun.

However, in the face of his anger, Xia Qingxun was calm.

"If you can solve the problems we encounter, I'm fine with whatever you want to do."

When these words came out, Xia Jun was dumbfounded.

Yes, if he had a solution, he wouldn't have to give up his position.

Faced with this heavy blow, Xia Jun could only leave in dismay.

At the same time, he was also annoyed.

Xia Qingxun was obviously his own son, but he didn't listen to him at all! It was abominable!

However, did Xia Qingxun really have a way to raise funds?

Even he couldn't find enough money now, but the young Xia Qingxun could? Was he going to ask the family for help?

He wished!

Xia Jun coldly snorted in his heart. If Xia Qingxun failed, he would taunt him!

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

At this moment, Xia Jun had completely forgotten that this crisis was caused by him.

Moreover, if Xia Qingxun failed, he would not be any better.

Xia Qingxun didn't care about his questionable father. He took the opportunity to clear out all the bad apples in the company before contacting Xia Xibei.

"Where is the person who can give me the help you said before?"

"Right here," Xia Xibei said, pointing to herself.

"What?" Xia Qingxun's eyes widened and he shook his head helplessly. "Please don't joke with me!"

He knew that Xia Xibei was a star, and stars earned a lot more money than ordinary people.

However, she had just started. Even if she had made a few shows and done a few endorsements, she could not have much money on hand.

Moreover, she had lived in poverty for more than ten years, so she could not have much savings.

Their company needed at least eight figures to get through the hard times! How much savings could Xia Xibei have?

"I'm not kidding with you." Xia Xibei looked serious and took out a check from her pocket. "Here."

"What the-"

Looking at the eight digits on it, Xia Qingxun was stunned.

"You... Where did you get so much money?" His face suddenly changed, "You can't be..."

"What are you talking about? I earned it myself." Xia Xibei rolled her eyes at him. "Would I dare to mention this matter to you if I didn't have the money to back it up?"

Xia Qingxun felt a little confused.

"But where... Where did you get so much money?"

"A few months ago, when I was betting on stones, I won a nice piece of jade and got a little bit of money. After that, I invested the money, so now there's even more money."

Looking at Xia Xibei's casual demeanor, Xia Qingxun was in a stupor.

His face suddenly changed, "A few months ago? That imperial green jade?"

He remembered the rumors from a few months ago.

"Well, yes," Xia Xibei propped up her chin and nodded lazily. "The price of that piece of imperial green is not bad."

Xia Qingxun didn't know what to say.

Chapter 944: Feeling Confident

Xia Qingxun was stunned.

What did she mean by not bad? It was incredibly good!

There were still rumors circulating in the Imperial Capital about what had happened back then.

Rumor had it that a young girl cut out a piece of top-quality imperial green.

The piece of imperial green sold for 400 million! Four hundred million!

At that time, everyone was stunned when they heard the news.

Although people in their circle were either rich or noble, it was not that easy to take out 400 million at one time.

Even if you made 400 million at once, you couldn't get it all for yourself.

So, this thing was beyond shocking and made everyone envious.

The scene could not be photographed, so as not to cause subsequent drama, so no one knew what this young woman looked like.

Of course, there were people who said that this young woman was a starlet and looked beautiful, but there were also people who said that she was not a young woman but an adult who just looked young.

There were also people who said that she was a rich man's mistress, one who was lucky to have discovered this piece of imperial green, and she was her own boss now.

She didn't need to be anyone's mistress anymore when she had 400 million!

Some people said... Others said...

There were many different opinions and there was probably some false information put out to confuse people, so besides people present at the scene, no one knew the truth.

However, it was certain that someone did find the imperial green and earned four hundred million.

Xia Qingxun did not expect that the person who found this piece of imperial green would be his own sister!

What kind of unbelievable luck was this?!

If he had 400 million in cash, what couldn't he do?

Although the Xia family company was not small and its assets were worth over 100 million, assets over 100 million and cash over 100 million were two different concepts!

Xia Qingxun had always felt that his sister had suffered a lot, so he had given her a lot of gifts, but now he realized that she was much richer than himself!

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

"I finally know why you dared to hit dad," Xia Qingxun smiled and shook his head with a dazed look.

Xia Jun had complained to him before that Xia Xibei was a girl with a bad attitude and had dared to hit her father!

Xia Jun also told him to never give her money and gifts again, and to make sure she learned manners.

Xia Qingxun didn't refute him and nodded casually, but in his heart, he affirmed and yearned for what Xia Xibei had done.

If Xia Jun was not his father and hadn't treated him fairly, he might have wanted to do the same.

Xia Qingxun had admired Xia Xibei for daring to do it; she really had confidence!

Now he knew that the money gave her confidence!

Xia Xibei did not need them to pay for her, and she was also richer than them, so she had all the confidence in the world!

Suddenly, Xia Qingxun became serious, "Does anyone else know that you have so much money?"

"Yes," Xia Xibei took a sip of milk tea and said lightly.

"Then you'll be in danger, right?"

"Of course not." Xia Xibei smiled and gave him a look. "It's not like I'm announcing it to the world. Besides, even if they knew I'm rich, would they dare to make a move?"

If they really dared to do it, then she didn't know who would get hurt.

Xia Qingxun let out a sigh of relief, "True."

Things had been going on for so long, if something had to happen, it would have happened already.

So, his worry was unnecessary.

“However, you have to pay more attention to your safety. Do you want me to hire a bodyguard for you?”

Xia Xibei was amused, “What bodyguard? It’s not a big deal. Anyway, just don’t tell anyone.”

“Okay, I understand.”

Chapter 945: Continued Cooperation

“Don’t worry, I will pay you back when the company has passed the hurdle,” Xia Qingxun said seriously.

“Well, there’s no rush,” Xia Xibei waved her hand. “But are you just going to give the money back to me?”

“Or what?” Xia Qingxun was confused.

Debt needed to be paid, right?

Although Xia Xibei was his sister, the money was hers, not his. He did not have the gall to not pay her back.

Xia Xibei shrugged her shoulders and said, “We can make money out of money.”

“Make money out of money?” Xia Qingxun was surprised. “What do you mean?”

“I have an idea...”

Xia Xibei slowly shared her idea.

“Online mall?” Xia Qingxun raised his eyebrows in surprise. “Isn’t this... Too big of a range?”

The Xia family did overseas trade, but how much did this have to do with the online mall?

“No. Anyway, we can make money online.” Xia Xibei waved her hand casually. “I have a partner. When we work together, we can earn more.”

“Partner?”

“Yes,” Xia Xibei nodded. “Don’t worry, she’s a computer expert!”

In Xia Xibei’s mind, Tang Luo was in charge of the network, Xia Qingxun was in charge of operations, and her? She was in charge of investing and making a profit.

After being persuaded by Xia Xibei for a while, Xia Qingxun felt that this seemed promising!

E-commerce was currently on the rise, and discerning people wanted a piece of the pie.

Xia Qingxun had thought about this idea before, but it was not his decision, so he had to give up. Now, with Xia Xibei's money backing him and Tang Luo to help, a strong team could be assembled. With a strong enough team, you could do a lot of things.

After parting ways with Xia Qingxun, Xia Xibei called Tang Luo.

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

"Hello?" Tang Luo's half-dead voice rang out.

"Hey, what's up?" Xia Xibei was surprised. "What's going on? You didn't sleep well last night?"

"Ugh, don't mention it." Tang Luo got up from the bed, rubbed her messy short hair, yawned, and said, "I think Brother Bonan is crazy!"

"Mo Bonan is crazy?" Xia Xibei raised her eyebrows. "How so?"

"You have no idea, he."

"What's wrong with him?"

"He..." Tang Luo's face twisted for a moment before she said, "I feel that he might have found out my identity."

"Hmm?" Xia Xibei was surprised. "Are you sure? How did you get exposed? Aren't you hiding well?"

"I'm not sure." Tang Luo scratched her hair with frustration. "But I think he had found out! Otherwise, why wouldn't he allow me to move out!"

A month or so ago, she had started her senior year of high school and was in the final sprint.

According to her previous plan, she would take this time to move out and leave the Mo family.

After that, she could be as far away as she wanted to be.

However, she had just mentioned her idea when Mo Bonan refused.

Mo Bonan said that she would be better taken care of if she stayed at home. At least she would have meals to eat and someone to take care of her life.

If she ate out all the time and something happened, it wouldn't be worth the trouble.

As for the problem of distance, it was even simpler. There was a driver at home!

Tang Luo had never been willing to let the driver pick her up before, so that was why he didn't send her in the car.

Now that she was a high school senior, she should not waste her time commuting.

If the driver picked her up, she could study in the car!

Chapter 946: Can't Move Out Translator: Dragon Boat

Translation

Mo Bonan rejected all the reasons that Tang Luo gave. Moreover, the solution he gave was even better than what Tang Luo had thought of herself. In the end, Mo's mother and father also came out to persuade her to stay safely at home, so she had someone to take care of her. She was facing three people alone, and had no power to fight back.

By the time she came back to her senses, she had already agreed to stay again.

She was dumbfounded!

Had they put a spell on her? Why did she agree to stay? "From what you said, it's not bad to stay," Xia Xibel said on the other end. "And it's really good to have someone to take care of you, now that you're busy with your studies and work."

Tang Luo was the president of God Luo's Streaming TV and God Feng, and had to deal with quite a few things

Even though she had found a few very capable managers to help, there were still some important things that she had to deal with personally.

Although she could work online and go to the office only on Saturday and Sunday, there were still quite a lot of things to do.

Xia Xibei was more like an investor and rarely dealt with these things.

So, wasn't she the one handling everything?!

Although Tang Luo's grades were good and her brain was sharp, it was her senior year. With so many things piling up, she felt as if she was going to die of exhaustion.

When she felt like she was going to die of being overworked, Xia Xibei stepped

Xia Xibei offered her several kinds of pills: pills to replenish qi and blood, pills to drive away fatigue, pills to grow essence. There was everything

Tang Luo cursed to herself. She almost wanted to move the whole company under her own name. She'd make Xia Xibei pay a lot of money!

However, if she did, Xia Xibei would not have a problem-she had plenty of money anyway. Also, if she were to take over the entire company, it would be her who died from exhaustion

So, after complaining, Tang Luo took her medicine and went back to work. "It's really nice to have someone to take care of me. However, even if I moved out, I could still find someone to take care of me!" Tang Luo was confused and couldn't figure out how she was persuaded by them.

She had already bought a furnished place, so she could just move in.

When the time came, she could find a part-time worker to clean and a housekeeper to cook. Usually, there was no one else around, so she could do whatever she wanted.

This was better than staying at Mo's house in fear.

"So what now?" Xia Xibei asked, "You've already agreed. If you want to move out, you have to wait until you get into college."

"Ugh." Tang Luo patted her head, "I did comfort myself with that. But the problem is..."

"Hmm?"

"I feel as if He has discovered my identity!"

(If you have problems with this website, please continue reading your novel on our new website myAllNovelFull.Com THANKS!)

Speaking of this suspicion, Tang Luo looked freaked out. "How so?"

"He was so serious with me before, but it's like he's a different person these days! Tang Luo's face was twisted. "How has he changed? "It's just that. He is much gentler! And the most terrible thing is."

"What?"

"He actually asked the kitchen to cook me a week's worth of blood-supplementing soups!" Thinking of all the various soups she had drunk before, with all the herbs inside, she felt that the world was a scary place!

"Pfft!" Xia Xibei erupted in laughter. "No way?!"

"He said that I'm studying too hard right now, so I need to replenish my blood!"

Blood supplementation! Which guy needed to replenish blood so often?!

The scariest thing was that she was often given the soup right after her period!

Was this a coincidence, or did Mo Bonan really know the truth?

Chapter 947: Found the Person

|

Tang Luo was all kinds of confused and torn.

Did Mo Bonan know about her gender or not?

If he knew, why didn't he just say so?

If he didn't know, why did he treat her like this?

The more she thought about it, the worse her headache got; Tang Luo was

going crazy.

After hanging up the phone, she lay listlessly on the bed for a few minutes, then slowly got up.

Today was Saturday. There was no school, but she still had to go to the office. It was already nine o'clock, but as the boss, she could go there whenever she wanted.

However, not many people knew of her identity as the boss.

Except for a few people close to her and the acting manager of the company, all the others thought she was just a specially hired employee of the company.

Even the three members of the Mo family didn't know that she had opened a company.

It was not that she wanted to hide it from them, but it might be troublesome if they knew, so it was better not to say anything.

After changing her clothes and getting everything ready to make sure she was concealed correctly, she came downstairs.

Tang Luo wanted to go straight out, but just as she reached the door, someone

hollered at her, "Have you had breakfast yet?"

She turned around and saw Mo Bonan.

'No,' she shook her head. "I'll just eat out."

Mo Bonan looked her up and down for a moment, then said, "Come over and eat."

Tang Luo thought to herself, 'He has that strange look again!'

Every time she met Mo Bonan's eyes, Tang Luo felt as if she had been stripped naked and looked through.

"Come here," Mo Bonan raised his eyebrows.

"Oh, okay."

Tang Luo hesitated for a moment, then followed.

When they arrived at the dining room, the maid had already served breakfast.

It was a long oval table. Tang Luo found a seat furthest away from Mo Bonan and began to eat breakfast with her head down.

“Where are you going later?”

“To the office.”

Tang Luo had explained to them that she had found a part-time job at the company.

She was very insistent and assured the Mo family that she could handle both a part-time job and school in her senior year, so the Mo family didn't stop her.

“Let me take you there.”

“No need!” Tang Luo shook her head. “I go there by myself. I don't need to bother you. You have to work every day. It's better to go and relax during this time.”

“It's okay.” Mo Bonan looked at her. “Staying at home is boring anyway”

Well, since he had said that, what else could she say?

She could only smile, then continue eating her breakfast.

Suddenly, Mo Bonan's cell phone rang

He picked up the phone and first whispered a few words, then his voice amplified.

“Did you find that woman at the hotel earlier?”

Pfft..

Tang Luo was drinking milk, and when she heard this, she spurted out a mouthful of milk.

She almost choked to death.

Mo Bonan's eyes flashed with a trace of understanding and said to the other side, “Okay, I'll come over later.”

After hanging up the phone, he handed over a tissue.

“Why are you so careless?”

Tang Luo took the tissue and wiped off the residue around her mouth, a bit

fustered.

“No, I just suddenly choked.”

“Did you?” Mo Bonan smiled faintly, noncommittal.

“Hmm, Tang Luo nodded.

She looked at the contaminated breakfast in front of her and pushed it away,

“I’m full.”

Mo Bonan stood up, “Then I’ll take you there.”

“No need! Tang Luo hurriedly shook her head. “I’ll just go there by myself.

Don’t you have something to do?”

“It’s okay, it’s on the way anyway.”

Without waiting for Tang Luo to say anything, he already walked out.

“Let’s go.

Tang Luo looked at his generous back, her mind puzzled. She gritted her teeth and followed him.

Chapter 948: The Company

The office for God Luo’s Streaming TV was not in the city, but in a quieter office building.

The nature of the company was very different. There were people live streaming every day, especially during the holidays, when more people watched live streams. The company’s back end needed to be maintained, so there were always people working on Saturdays and Sundays.

Besides the technical staff, many of the live stream anchors were young and attractive.

Tang Luo was good-looking but not eye-catching. After all, there were all kinds of outrageously dressed anchors.

Tang Luo entered the company wearing a basic T-shirt, jeans, and canvas shoes.

No one could have imagined that this young man was the founder of the Company!

When Tang Luo just arrived at the company, Ren Juncheng came over, grabbed her, and ran.

“Come quickly, there is a problem we have to deal with!”

Ren Juncheng was also an employee here.

God Luo’s Streaming TV live framework was set up quickly thanks to him.

He had also found some good computer experts to help, so that God Luo’s Streaming TV could be set up so quickly.

Ren Juncheng also owned some shares of the company. Although they weren’t that much, at the end of the year, when the dividend was paid, it could definitely make people envious.

However, he was a high school senior this year, so in addition to work, he also had to study and try to get into a good university.

Even if he didn’t go to college, he would still earn money that others couldn’t earn in their entire lifetimes.

However, whether one went to college or not led to different lives.

The most important thing was that after going to college, there would be more options.

If he didn’t go down this path, there were other options for him.

Therefore, Tang Luo and Xia Xibei both forced Ren Juncheng to study and not fall behind. Otherwise, they would not let him come to the company.

For this reason, Ren Juncheng usually had to study hard, trying to study and work at the same time.

These two objectives took up so much of his energy, so he simply did not have time to play games, nor did he have a girlfriend.

As a result, he would not repeat the tragedy of his previous life.

Ren Juncheng was a very famous and talented e-sports player in his previous

life.

However, what happened to him later was not so good.

When he was famous, he had a girlfriend. Once, when he was out with his girlfriend, they had a car accident.

In order to protect his girlfriend, he sustained a strong impact.

Although he was rescued, his hands were ruined and his girlfriend left him.

How could an e-sports player with ruined hands have a future?

However, he was also very talented in computers. Although his hands did not work very well, as long as he took his time, he could still use them.

So, he switched to becoming a programmer later on. Eventually, no one heard anything about him.

This made Tang Luo feel sorry for him, which was why she pulled him into the company when they met.

After entering the company, Ren Juncheng's fate also changed.

Moreover, he was very dedicated. Even when he worked on Saturdays and Sundays, he came to the company early.

Without him, God Luo's Streaming TV would not have gone so well.

Throughout the day, Tang Luo was working on various things and had no time to think about anything else.

In the evening, she invited everyone to go out for dinner.

At the restaurant, when everyone finished eating and was ready to leave, Tang Luo saw a beautiful girl. Her face changed and she quickly turned to go.

"Ah-Luo!"

The voice was so sultry that it gave people goosebumps.

Chapter 949: You Lied to Me

Tang Luo stiffened, then turned back.

“Miss Yuan...”

“Why are you still calling me Miss Yuan!” Yuan Simeng said unhappily. “Just call me Meng Meng!”

“Miss Yuan, I am quite busy. What do you want to see me about?” Tang Luo smiled stiffly.

She had already gotten rid of her before, so why was she here again?

‘When questioned, Yuan Simeng immediately remembered what she wanted to say.

“You lied to me!”

“L.. lied to you about what?”

Tang Luo was startled.

“Didn’t you tell me before that you had a girlfriend?” Yuan Simeng grunted.

“Yes, yes I did.”

That was back in the summer.

At that time, Yuan Simeng had been chasing after her and wanted to be her girlfriend.

How could that work?

So, at Xia Xibei’s suggestion, she asked Song Jiaren to pretend to be her girlfriend.

Song Jiaren thought it was strange, but she was a friend, so she agreed to help out.

So, the two of them appeared in front of Yuan Simeng as boyfriend and girlfriend.

After that, Yuan Simeng stopped looking for her, only occasionally liking her social media posts.

Tang Luo was relieved that this matter was resolved.

After that, when she saw Yuan Simeng again, she avoided the girl from afar.

This girl was too enthusiastic for her to handle.

Moreover, she was also afraid that she would make Yuan Simeng misunderstand her, which would be bad.

She didn’t expect that they would run into each other here.

“You said before that Song Jiaren was your girlfriend.”

Yuan Simeng narrowed her eyes and looked at her suspiciously.

“Yes,” Tang Luo nodded stiffly. “Is there any problem?”

“Of course!” Yuan Simeng grunted angrily. “Do you know who I just saw?”

“Who?” Tang Luo asked rhetorically.

“Your girlfriend, Song Jiaren!”

Tang Luo looked bewildered, “Is she here too?”

“Yes! Besides her, there was also a guy!”

“A guy?” Tang Luo’s eyes widened.

“Yes, a guy who was slightly chubby!” Yuan Simeng stared at Tang Luo closely. “The two of them are very close!”

Tang Luo almost gasped.

Very close?

The slightly chubby guy... Was he Yu Ziqi?

Damn it! When did the two of them hook up?

How come no one knew?

Why were they also in this neighborhood?

Was it such a coincidence?

‘Well, now was not the time to focus on this matter.

Tang Luo hurriedly laughed, “Hm, it’s probably a misunderstanding.”

“No.” Yuan Simeng shook her head. “I didn’t misunderstand! I actually went over to talk to them!”

It was because of this that she was sure of her guess.

“They are the ones who are boyfriend and girlfriend, so you are lying to me!”

Yuan Simeng was very sad. Tang Luo actually lied to her about having a girlfriend! This was too much!

Tang Luo’s mouth twitched, “Hm... You must have been mistaken...”

“No!” Yuan Simeng immediately shook her head and took out her phone to show the photos. “Look! Is it them?”

Tang Luo turned to take a look and was speechless.

It really was Song Jiaren and Yu Ziqi!

Although the two of them did not act very close, their demeanor looked awfully intimate!

Yuan Simeng was vindicated, “So, you must be lying to me!”

Tang Luo was a bit confused. When she saw Ren Juncheng come out to look for her, she immediately got an idea and strode over, pulling him next to her.

“Actually, I did lie to you. He is my boyfriend.”

Ren Juncheng was speechless, unable to understand what had happened.

Ren Juncheng was confused. He had come to see why Tang Luo hadn't come back for so long. How did he suddenly become Tang Luo's boyfriend?!

He didn't even like men!

'When he struggled, Tang Luo pinched him around the waist. He frowned, almost screaming.

"Uh- Actually, I should have confessed to you a long time ago." Tang Luo sighed, "In fact, I like guys. I just didn't dare to say it out loud. That's why I lied to you before!"

Tang Luo could have admitted that he and Song Jiaren were not boyfriend and girlfriend, but what about after admitting it?

'With how persistent Yuan Simeng was, she would not give up that easily.

What if she continued to chase after her again?

So, in order to get it over with, she decided to go off the rails.

She was now a guy and liked guys, so Yuan Simeng should not go back to liking her.

Tang Luo mentally praised herself for this decision!

How witty of her!

Ren Juncheng was dumbfounded upon being used by Tang Luo as a shield.

He was very perplexed.

Tang Luo liked guys? When did that happen? Then wouldn't he be in danger?

"You..."

Just as Tang Luo thought, Yuan Simeng was also stunned.

The boy she liked actually liked boys too?!

This was simply horrible!

"Sorry, I didn't want to lie to you, but it's not good to tell this kind of thing. It will affect many people."

Tang Luo saw Ren Juncheng trying to speak, turned him around and gave him a look, then continued to talk to Yuan Simeng.

“So, you are the first person who knows about this matter. Can I trouble you not to say anything?” She had a sincere face. “Please?”

Meeting her big Bambi-like eyes, Yuan Simeng’s heart pounded again.

Damn!

After all this, she still thought Tang Luo was great!

However, when she thought about it, there was nothing wrong with Tang Luo.

‘When she had been chasing after him before, he had rejected her very firmly.

He never gave her false hope or a chance, and she was never hurt.

Although this discovery hit her hard, Tang Luo did not do anything wrong!

And... Both of these guys were so handsome and looked so eye-catching!

Oh, why did such a good guy not like girls?! Why didn’t he like her?!

At this moment, the resentment in Yuan Simeng’s heart disappeared, replaced by loss.

“Well...” Yuan Simeng sighed, “I won’t say anything.”

“Great, thank you!” Tang Luo looked at her in surprise and bowed to her. “Thank you!”

Yuan Simeng was a little flustered, “You- You don’t have to do that! It’s all because I’ve been chasing after you. I don’t blame you.”

“You can help me keep my secret, that’s good enough,” Tang Luo said, her smile very bright.

Yuan Simeng could only smile.

“Well, I have to go now. My friends are waiting for me.”

Yuan Simeng felt a little embarrassed and could only hurry to leave.

“Good, we have to go too.”

Tang Luo waved at her, a little excitement in her heart.

‘When Yuan Simeng left, Ren Juncheng rolled his eyes in a good-natured way, “You’re using me as an excuse!”

“No.” Looking at his expression, Tang Luo had more than a little mischievous impulse. “I’m not lying, I do like men.”

“You like men?” A low voice came from behind him.

Tang Luo didn't notice the problem and said proudly, "Yes! I like men!"

Only after she finished speaking did she see Ren Juncheng's wide eyes and tightly closed mouth.

Chapter 951: The Great Demon King is Coming

Editor:Dragon Boat Translation

'Tang Luo froze when she saw Ren Juncheng's wide-eyed look and tightly closed mouth.

'Are you the one who was talking? Tang Luo asked soundlessly.

Ren Juncheng shook his head stiffly and stared back firmly without letting go.

"Do you really like men?" the voice continued to ring out.

'Tang Luo's body stiffened and the hair on her neck stood up, as if she was about to rush out the next moment.

If this was not said by Ren Juncheng, then who said it?

'Tang Luo felt as if her heart was going to stop.

"Oh... Actually, I was just kidding. How could I like men?" she said with a dry smile, pretending that nothing was wrong while preparing to pull Ren Juncheng away.

However, without waiting for her to pull on Ren Juncheng's hand, the scent behind her came closer.

Although she could not see the person behind her, the strong aura and the suffocating heat had enveloped her, almost making it impossible to breathe.

She stiffened her head and smiled at Ren Juncheng, "Come on, we should go back. They're waiting for us!"

Ren Juncheng's smile stiffened.

'Tang Luo wasn't able to see Mo Bonan's face, but he could, and he saw Mo Bonan's terrifying expression.

He felt like he was about to suffocate.

"Go... Welp!"

'Tang Luo was pulled into a turn and couldn't help but draw in a breath.

'When she met Mo Bonan's cold glare, she felt that her heart was going to stop.

His face... It was a little scary!

Her hand couldn't help but reach back, trying to pull on Ren Juncheng, so as to share the pressure she felt.

Then, Mo Bonan cast a glance.

Ren Juncheng immediately wimped out, "I'll go back and find them. If you are busy, take your time. There's no rush!"

After saying that, without waiting for Tang Luo to speak, he had already run away.

Oh no! The demon king was here!

Ren Juncheng had already joined the working world, but no one he had ever met had Mo Bonan's aura.

'When he appeared, his aura was too powerful and scary to resist.

He was just a pawn! How dare he get involved in their affairs?!

Of all the possibilities, running away was the best strategy!

As for Tang Luo...

'Who was Tang Luo? Did he know this person?

No, he'd hurry up and go!

Watching Ren Juncheng run away without looking back, Tang Luo was frozen.

In her heart, she cursed this kid, who had no sense of righteousness!

However, no matter how madly she cursed, she could not stop Ren Juncheng's fleeing footsteps.

"Should I find out your sexual orientation?" Mo Bonan asked as he took Tang Luo's hand and looked at her.

"Brother Bonan, why are you here?"

'Tang Luo smiled awkwardly, but in her heart, she jumped.

'What was this place? Why was everyone here?

'There were too many coincidences!

"I came here for dinner and happened to run into you." Mo Bonan's face remained unchanged, but he had that look that made people's hearts faint. "That's why I saw such a wonderful scene."

Hm..." Tang Luo laughed dryly. "You're mistaken, this is all a misunderstanding!"

"What misunderstanding;

" Mo Bonan raised his eyebrows. "You liking men is a misunderstanding?"

"Of course!" Tang Luo nodded frantically. "That was all a lie on my part!"

"So you like girls?"

"Yes!" Tang Luo nodded without hesitation.

“Fine, I will tell Miss Yuan about it...”

“No, no, no!” Tang Luo hurriedly shook her head frantically, “Brother Bonan, just leave it alone.”

“How can I leave it alone?” Mo Bonan looked at her. “Miss Yuan is awesome..”

Chapter 952: Not So Young

Editor:Dragon Boat Translation

‘Tang Luo’s face froze.

“You like Miss Yuan a lot?”

“It’s not that I like her. It’s that she likes you,” Mo Bonan said.

“But I don’t like her!” Tang Luo sternly denied. “Even if I liked girls, which I don’t... But I don’t like her!”

“Even if?” Mo Bonan caught the words. “That means you like boys?”

Tang Luo didn’t know what to say. His reasoning ability was great!

She laughed dryly, “Brother Bonan, I’m still young. Why are you telling me this?”

“Young?”

Mo Bonan’s eyes looked her up and down, lingering on a certain part of her bottom for a while, his eyes intrigued.

‘Tang Luo couldn’t help but feel like crossing her legs when he looked at her.

She almost became angry. He was harassing her, right?

Before she could get angry, Mo Bonan looked up again and met her eyes, “Didn’t you say before that you’ve grown up and wanted to move out? How come now you’re young again?”

‘Tang Luo laughed dryly, “Well, things change all the time! I am now focused on work and school! Let’s wait until I get into college. It’s too early to talk about this!”

She took advantage of Mo Bonan’s inattention and pulled her hand out of his palm.

Holy crap!

He didn’t use much force, but his grip was really tight! It felt like her wrist was going to break.

‘When Tang Luo pulled her slender wrist away, Mo Bonan could not help but move his hand, feeling a different sensation.

He didn’t notice it before, but now he realized that her wrist was very thin and her skin was delicate.

So slender... How could she be a boy?!

His eyelids lowered, and it was hard to distinguish the various thoughts in his eyes.

‘Tang Luo did not pay attention to his eyes, shying away from the topic.

“Brother Bonan, don’t you have something to do? I have to go back, my colleagues are here.”

“are you going back to the office? Not done with work yet?” Mo Bonan asked, narrowing his eyes.

“No, it’s all done,” Tang Luo shook her head. “I’m ready to go back home.”

As soon as the words left her mouth, she knew she had said the wrong thing.

Without waiting for her to bite her tongue, Mo Bonan spoke up, “Well then, let’s go back together.”

“Hm...” Tang Luo wanted to go back to a minute ago and change what she said. “I’m going...”

“You’re not going back?”

“Back.”

In the end, Tang Luo could only go back to her table, say goodbye to her colleagues, who were still excited, and leave with her head hanging down.

“Hey, what’s the boss doing?” One of the guys in the group nudged Ren Juncheng and wondered, “Why did he come back all upset after going to pay the bill? Was he harassed by girls?”

Ren Juncheng said, “I think so.”

“Crap!” The guy tsked, his face full of envy. “Sure enough, this world still looks at faces! How come people as talented as us are not adored by beautiful women?”

Ren Juncheng looked at him with a difficult expression, “Ah-Luo seems to have talent in addition to his looks.”

‘Tang Luo’s skills were the best among their group. Otherwise, who would accept him as their boss?!

Although he was the youngest, his demeanor and aura were not ordinary, and his strength was even stronger.

‘The guy acted as if he had been struck by lightning and cried out in pain as he held his head, “Why are you tearing me down? People who’re weak should not be insulted, okay!”

The others came over, and after asking about the situation, they also followed suit and whined.

Ren Juncheng watched the group of people hugging and crying together, complaining about the injustice of the world.

‘What was he doing with this group of losers?

Chapter 953: I’ve Been Deceived

On the other hand, Tang Luo, who caused everyone's mood swings, hung her head and followed Mo Bonan to the car, carefully sitting next to him.

'Thus, it was as if a galaxy separated the two of them.

Mo Bonan looked at the distance between them and did not say anything, nor did he move.

'When the car started, Mo Bonan's eyes turned to Tang Luo's face.

He had to say, at first he did not even think that Tang Luo could be a girl.

Although he looked a little weak, he was such a young and handsome boy. Nowadays, in this society, there were many such boys, and many girls liked slim and harmless-looking boys.

So, he never thought that Tang Luo could be a girl, let alone that she was the one he had been looking for for so long!

Since he found out Tang Luo's true gender, it took him a long time to adjust to it, as his cognition was strongly shocked.

After accepting this fact, he also found out quite a lot.

He went back and watched that video several times.

He was very skeptical, so he found a lot of suspicious details.

For example, there were some different furnishings in that video, and these furnishings weren't there a few months ago.

'Then he had the videos from nearby areas pulled, and after looking through them for a long time, he found Tang Luo in them!

'Tang Luo said earlier that she hadn't been to the hotel during that time, but had gone to the amusement park.

He had someone look for it again. Then he found out that Tang Luo had not been to the amusement park at all that day.

So that meant she was lying! She was the woman that day!

Tang Luo found a topic, "Was it busy at the company today?"

'As soon as the words left her mouth, she wanted to slap herself again.

Why would she ask this kind of question!

It was Saturday, and the company was usually closed!

Mo Bonan laughed so hard that she felt panic inside.

“No, it’s not busy. It’s not a workday.”

“It’s not? Oh...”

‘What could she say? She could only giggle.

“But today I solved a question I’ve had for a long time.”

“What is it?”

‘Tang Luo wanted to slap herself again.

Blah, blah, blah! What was wrong with her today, always saying a bunch of things she shouldn’t say?!

This kind of question couldn’t be explored in depth at all!

Looking at her chagrin, Mo Bonan laughed happily, “I was deceived by a girl before.”

“Deceived?” Tang Luo’s eyes widened. “How can this be? You are such a good person! How can a girl cheat you?!”

“Yeah, I’d like to know why she lied to me too,” Mo Bonan answered with a smile..

Chapter 954: Found the Person

Editor:Dragon Boat Translation

“Hardly. Is it because she disliked my performance?” Mo Bonan asked as he looked at Tang Luo.

Tang Luo froze for a moment, then her face went red in a flash.

What was he talking about?

Luckily, there were no lights inside the car, and her red face could not be seen.

‘Tang Luo had the impulse to jump out of the car.

What the hell was wrong with Mo Bonan?

If it was before, he would never say such things to her!

Mo Bonan’s personality was cold; he was not enthusiastic, even with his own parents.

To Tang Luo, Mo Bonan had always been cold. A little too cold.

Even in his previous life, when they were together, he rarely smiled, much less said these colorful words.

Now, however, he dared to say such things!

Had he been replaced by a new Mo Bonan?

‘Tang Luo’s mind was jumbled with thoughts, and she was very embarrassed.

'What was even more embarrassing was that he asked her, "What do you think?"

Think? What could she think?! What the hell could she say?!

'Tang Luo angrily cursed in her heart and pulled the corner of her mouth.

"Um... I do not know. I am not her."

"Indeed," Mo Bonan nodded. "You're not her, so how would you know what's on her mind?"

Tang Luo nodded.

She returned to her room and changed her clothes like a lost soul before taking a few deep breaths.

It was good that Mo Bonan didn't suspect her, but the thought of how Mo Bonan would react made her feel a little frustrated.

She threw herself on the bed, covered her head with the blanket, and said to herself, 'Stop thinking so much and go to sleep! There's work tomorrow!

She didn't know when she fell asleep, but when she woke up, she felt that her head was a little heavy and her nose was a little uncomfortable.

A cold?

Looking at the temperature of the air conditioner, she was speechless.

When did she set the temperature so low?

She would be surprised she hadn't caught a cold!

She got up from the bed and changed her clothes before going downstairs.

"Good morning."

She wasn't feeling well, and even the sight of Mo Bonan didn't raise too much of a reaction.

"Good morning." Mo Bonan looked at her strange reaction and couldn't help but ask, "What's wrong?"

Tang Luo shook her head, "Nothing... Ah-choo!"

Just as the words left her mouth, she sneezed.

This time, Mo Bonan's face looked ugly.

"You have a cold."

"No... Ah-choo!"

This response was not the least bit convincing, and Mo Bonan grimaced, "I'll have the doctor come over and take a look at you."

"No need..."

Chapter 955: Let Her Come to the House

Mo Bonan didn't listen to her at all, picking up the phone to call their family doctor.

Looking at how he reacted, Tang Luo could only swallow back the words that came to her lips.

"Sit down first." Mo Bonan pulled her into a chair and poured her a glass of warm water himself. "Have a drink."

Tang Luo was a bit flattered and hurriedly took the glass of water.

Just as she went to drink the water, she felt a large warm hand covering her forehead, which made her flinch.

"A little fever," Mo Bonan said with a frown.

"Really?" She touched her own forehead. "Just a little."

"A little fever is still a fever." Mo Bonan looked at her seriously. "You should not go out today. Stay at home."

"But I need to meet with Beibei," Tang Luo said immediately.

She had made an appointment with Xia Xibei to meet and talk about their new project today.

Although God Luo's Streaming TV and God Feng Short Videos were both doing quite well, they couldn't stop there.

They might be developing well now, but they were not considered to have a strong foundation.

If something happened, it would be easy for them to be crushed.

They had to make themselves more diverse, gain more capital, and build a stronger foundation to resist any storms.

Also, she wanted to have more strength.

No matter what happened in the future, if she had enough money, she could do whatever she wanted without having to acquiesce to others.

"Xia Xibei?"

Mo Bonan frowned, not very happy.

Other people adored Xia Xibei, but he didn't have a crush on Xia Xibei.

Of course, Xia Xibei didn't need his good opinion, because she wasn't a fan of him either.

So, it was a good state of affairs when they didn't care for each other.

At least they wouldn't have a romance, which was good for everyone.

Before this, Mo Bonan was still quite upset with Xia Xibei, and felt that she was too much in charge.

However, after knowing Tang Luo's gender, he understood why Xia Xibei had such an attitude in the first place.

Xia Xibei seemed to be quite good at standing up for her best friend.

Of course, no matter how much he changed his impression, he wouldn't think anything amorous of her.

"Right." Tang Luo's head was a little dizzy and her nose was a little stuffy. "We made an appointment to meet today."

Xia Xibei was very busy.

She was a big star!

Although the various activities she attended were of high quality and quite secure, she still had to fly everywhere.

On days when she didn't need to fly, she stayed at home with Qiao Yanjue.

So, the two of them could not always meet up.

Therefore, she had to meet her for today's appointment. Otherwise, she didn't know when she could see Xia Xibei.

"Let's change the time," Mo Bonan said.

He had wanted to use a commanding tone, but after meeting Tang Luo's somewhat teary eyes, his tone softened a lot.

"You are not feeling well. If you're running around, won't it be more serious?"

Tang Luo wilted, "But..."

"What can you talk about in this state?" Mo Bonan's tone was soft. "If you really want to meet with her, just let her come to the house."

This comment made Tang Luo freeze.

"Let her come here?"

"Right," Mo Bonan nodded. "If you can't go out, just have her come over. Besides, isn't she a star? It's easy to get mobbed outside."

Mo Bonan's words made so much sense that Tang Luo couldn't refute them.

She mumbled, "Is this... Okay?"

“What’s not okay? You can just call her.”

Tang Luo picked up the phone in confusion and called.

Then, Xia Xibei also agreed..

Chapter 956: Too Much Pressure

“You have a fever?”

Xia Xibei quickly came over.

She was stunned upon seeing a sickly Tang Luo lying on the bed.

“Do you have a fever or are you suffering from a serious illness?”

Xia Xibei looked at the quilt covering Tang Luo, her face one of confusion.

Tang Luo was also speechless.

“Just have a little fever.”

However, Mo Bonan made her get in bed and told her to rest.

He also said that she got sick because she was usually too busy and didn’t take care of herself.

Tang Luo had no way to retort, so she could only lie on the bed obediently and be covered with a bunch of quilts, almost smothered to death.

Xia Xibei shook her head speechlessly, then reached out to take her pulse.

“No big problem, just too much stress.” Xia Xibei withdrew her hand, “I’ll give you some medicine, you’ll be fine soon.”

Tang Luo huffed and complained, “My stress is all from your oppression!”

“Hah!” Xia Xibei let out a chortle and raised an eyebrow at her. “That’s not right. I think that your pressure is definitely not coming from my side.”

Tang Luo’s face was flushed, and it was impossible to tell whether it was because she was burning red or blushing.

“Other than the pressure from you, who else can give me pressure!”

“You don’t seem to have a good memory.” Xia Xibei snickered, “Who was it that told me before that they were almost driven crazy?”

Tang Luo's face got even redder, "Um..."

"Remember, when it was so hard at the beginning, no one complained that it was stressful. Now that the company is on track and there are so many people helping you out, how come someone is stressed out at this time?" Xia Xibei looked at her jokingly and put her hands around her chest in a defensive posture, "I don't take this kind of blame!"

'Tang Luo glared at her, but after a long time, she sighed, "Okay, I admit it. The pressure is not from you."

"I know." Xia Xibei laughed. "Besides a certain handsome man, who else can give you pressure!"

"Ugh!" Tang Luo exclaimed. "I feel like a mouse being teased by a cat, but not giving me a resolution!"

'When she fell asleep last night, her mind was filled with thoughts about Mo Bonan, wondering if he really found out the truth.

She was afraid he'd find out the truth, but she was also afraid he'd get the wrong person.

All night, she tossed and turned in a daze and couldn't sleep well at all.

The air conditioning was very low too, which is what made her sick.

Xia Xibei patted her arm, "I can't help you with this. Only you can decide for yourself."

Emotions were something that only the people involved could handle.

'What she could do was stand behind Tang Luo when she encountered problems and give her support, so that she knew that no matter what happened, she would help her.

'Tang Luo felt touched and gave Xia Xibei a look, "Yeah. I'll try to work it out."

"Besides, even if you did admit it, it's not a big deal!" Xia Xibei gave her advice. "Anyway, you have money now, so what are you afraid of?"

Before, Tang Luo was almost entirely dependent on the Mo family's support, so she didn't have the guts to fight with them.

Now, however, she had money!

Even if she did leave them, she was not afraid of having no place to stay!

Money meant she could do whatever she wanted!

"As for the company, you don't have to worry about it. He can't hurt us," Xia Xibei said again.

'Tang Luo took a deep breath and nodded, "I know."

Mo Bonan found out that after Xia Xibei had come over for a visit, Tang Luo had changed!

Chapter 957: Cater to His Wishes

Mo Bonan noticed that Tang Luo was nervous when they talked about certain sensitive topics before, but after Xia Xibei's visit, she regained her composure.

Rather, she looked like she had nothing to lose.

Mo Bonan didn't know whether to laugh or be angry.

Xia Xibei had too much influence on Tang Luo!

However, he couldn't say anything bad about Xia Xibei!

If he dared to mention the slightest bad thing about Xia Xibei, Tang Luo would definitely glare at him.

In response, Mo Bonan could only find Qiao Yanjue to talk to.

"Isn't Xia Xibei too close to Ah-Luo?" Mo Bonan asked darkly.

On the other end, Qiao Yanjue was also a bit surprised when he received the call.

After listening to Mo Bonan's "confession," he couldn't help but smile.

"Really? That's good. Aren't they good friends? I don't see the problem."

Mo Bonan's heart jumped and his eyes narrowed, "Don't you think they're too close? After all, men and women aren't that close."

"No way!" Qiao Yanjue laughed lightly. "I'm not a petty person."

Mo Bonan snickered, "Now I know Master Qiao Yanjue is so generous! I admire you!"

Qiao Yanjue accepted his "compliment" without blushing.

"You're welcome."

Then, he advised Mo Bonan, "Sometimes, don't push too hard. Otherwise, the other party will easily have a rebellious mentality. Nowadays, young people only like to be treated well. They don't like to play mental games."

Listening to Qiao Yanjue's gleeful bragging, Mo Bonan was heartbroken.

"Is that so?"

"Of course," Qiao Yanjue nodded his head.

"You know about Ah-Luo?"

"Of course I do- Um, of course not." Qiao Yanjue blurted out, then immediately denied it. "I'm not familiar with him. On the contrary, aren't you his brother? Why are you asking me this?"

Mo Bonan nodded, "Yes, I'm his brother, I should know him better. Okay, that's all, I'll hang up now."

After saying that, he hung up the phone.

This call confirmed a lot of things for him.

Qiao Yanjue knew Tang Luo's identity!

Thinking about it, he almost died of anger.

It felt like the whole world knew about Tang Luo's identity, and he was the only one who was kept in the dark.

However, thinking about Tang Luo's resistance to himself, he could only sigh.

'When he thought about what Qiao Yanjue said, he was lost in thought.

'The next day, he called Qiao Yanjue once again.

Qiao Yanjue was puzzled.

'When did he and Mo Bonan become so close? He had just called the day before, and again today?

They didn't seem to have anything to talk about, right?

"How do I please a person?"

Mo Bonan's question made Qiao Yanjue freeze for a moment before he laughed out loud.

His laughter caused Mo Bonan's face to darken, but thinking about the reason he called, he could only endure it.

He gritted his teeth and asked, "Isn't the construction of the old district in progress? Is there anything I can do to help? After all, our Mo family has some resources in G City."

'These words made Qiao Yanjue's smile deepen.

It seemed that Mo Bonan was finally enlightened.

"I'd be embarrassed to ask for this."

"There is nothing to be embarrassed about. It's a win-win situation!"

"That's right, win-win." Qiao Yanjue smiled even wider. "Actually, what you did today has completely mastered the technique."

Mo Bonan pondered, "Really?"

"Yes. No matter who they are, catering to their wishes can get a different result."

Who wouldn't be successful as long as they knew how to cater to others' wishes?

What Qiao Yanjue didn't realize was that while he was teaching Mo Bonan to "cater to others' wishes," Xia Xibei was also being "catered to" on her end..

Chapter 958: No Need for Your Help

Xia Xibei's expression was not good when she saw Qiao Haoming.

"Bei... Xibei."

At the sight of Xia Xibei, Qiao Haoming was very joyful.

However, he still remembered Xia Xibei's previous warning, so he didn't dare to call her so intimately.

"What are you doing here?"

Xia Xibei frowned tightly and took a step back, putting distance between them.

Qiao Haoming finally remembered what he came for and immediately asked, "I came to ask, why did you turn down the VE endorsement?"

comment

"VE? What's it to you?" Xia Xibei's face was cold.

VE was a skincare and cosmetics company, a big international brand.

Although it was not a top luxury brand, it was still considered a first-tier brand.

The person in charge of VE came over to talk to her about the endorsement before, but was rejected.

Xia Xibei did not want to endorse other companies' products.

The reason why she had good skin now was because she used her own Hongyan Youth beauty cream, not due to the products of other brands.

Moreover, they were about to launch Hongyan Youth. She was waiting to endorse that product, so how could she endorse other skincare companies?

Although it would be good for her to have an endorsement fee for endorsing other brands, it was not necessary for her.

"How did you know that?"

Xia Xibei noticed the problem right away. What did Qiao Haoming have to do with this?

"This is an opportunity I found for you."

Qiao Haoming was a little upset because Xia Xibei had turned down this chance.

“Do you know that this opportunity is hard to come by?” Qiao Haoming was bitter. “I saw that you had very little endorsements of this type.”

Xia Xibei had now taken on a few more endorsements, but she was not all over the place, getting exposed everywhere. She was just doing promotions in line with her current status.

However, if you looked closely, you could see that she was not endorsing brands that focused on skincare and makeup.

What a pity! Actresses endorsed makeup and skincare products, and what a loss if she didn't!

So, Qiao Haoming chose this company for Xia Xibei, only to find that Xia Xibei turned it down!

“Xibei, VF is a great company! It's definitely good for you to become the spokesperson of their company!”

Qiao Haoming looked serious, but unfortunately, Xia Xibei did not accept his “good intention” at all.

“I don't need it,” she said coldly. “Besides, it's none of your business.”

She didn't understand where Qiao Haoming got the nerve to think he could please her by obtaining an endorsement for her.

She was also glad that she had pushed back on this endorsement. Otherwise, she would have had to accept his favor.

How disgusting would that have been?!

She was sure that if she did take the endorsement, Qiao Haoming would have presented himself as her “savior,” and it would have been disgusting!

Of course, if that really happened, she would rather break the contract than accept the endorsement.

Luckily, she didn't have to go through with that.

“Xibei!* Qiao Haoming's eyes looked as if he was talking to a child who was being unreasonable. “Since you are a star now, you have to consider your future development. It's not like you only want to develop in the country of Hua. VF is really good! Besides, don't girls like their products? If you become their spokesperson, you could use their products for free!”

“Do you think that I can't afford to buy them myself?” Xia Xibei snorted coldly.

“No, that's not what I meant!” Qiao Haoming got anxious. “I just wanted to say-”

“Enough.* Xia Xibei stopped his words. “What I want, I can do it myself. I don't need your help, ok?”

Chapter 959: Carrying a Weapon

Looking at Xia Xibei being so persistent, Qiao Haoming began to feel that she was beautiful for being so stubborn.

She was worthy of being the one he wanted!

“Have you seen enough?”

The look in his eyes made Xia Xibei frown so much that she wanted to punch someone.

“Xibei, I know the reason why you don’t want to accept this endorsement, but after all, we are family-”

“Stop!” Xia Xibei’s mouth twitched. ‘Who is your family?’

Qiao Haoming laughed and walked towards Xia Xibei, “Don’t be shy now..”

The next second, his smile froze, a knife appearing from nowhere against his neck.

It was as if the knife would fall on his neck if he was not careful.

Qiao Haoming’s face immediately changed.

“You- What are you doing?”

In the next second, the knife disappeared.

“[j]ust want to let you know, don’t blabber in front of me. I’m sick of you!” Xia Xibei tuned up the corner of her mouth. “Also, this endorsement is nothing to me. If I wanted to endorse a brand, I have many options. Don’t make me laugh with this kind of thing, okay?”

Looking at Xia Xibei’s indifferent eyes, Qiao Haoming realized that what she said was true.

“You-”

“Shut up!”

Xia Xibei swept him a glance, then walked past him.

“Xibei.

He subconsciously wanted to pull her hand, but she seemed to slip away like an eel.

Looking at her departure, Qiao Haoming’s feelings were very complicated.

‘When he returned home with his head hanging, he looked despondent.

“What’s wrong?” Qiao Weiyue walked over. “Why are you so listless? Did you get that thing done?”

Qiao Haoming was able to get VF to seek Xia Xibei’s endorsement this time because of help from Qiao Weiyue.

Before being driven out of the Qiao Group, Qiao Weiyue did not have this kind of network. After all, everyone knew that he had very little strength, and it was a waste of time to befriend him.

Everyone in the business world had some way to tell, and people were all very shrewd.

After leaving the Qiao Group and working with Zou Zheng and others, however, Qiao Weiyue seemed to have a second spring.

Through various relationships, he met a lot of people with strong financial resources.

VE Corporation was one of the partners he met.

So, when he found out that Qiao Haoming wanted to pursue Xia Xibei, he helped out with ideas.

Xia Xibei was a star. A star, of course, was the most important resource of all!

Qiao Weiyue had no connection with any production teams, but it was still possible for him to wrangle an endorsement.

He believed that any star, other than the top superstar, would be absolutely ecstatic after receiving VF's invitation.

After all, VE was a major international brand! If someone became their global spokesperson, then their recognition would go up! Eventually, people in other countries would know who they were!

Qiao Weiyue was still very good at pleasing women, having toiled with them for many years.

So, he suggested that Qiao Haoming recommend an endorsement to Xia Xibei.

When Xia Xibei signed the endorsement, he could reveal his role in the deal and he would be able to charm her!

This was the same as giving money and fame!

However, Qiao Haoming's reaction was not quite right!

"She refused."

Thinking back to Xia Xibei's reaction, Qiao Haoming's face didn't look too good.

'When he remembered Xia Xibei's knife, which was hidden and appeared from nowhere, he felt his scalp tingling.

Such a pretty girl had a sharp weapon on her?!

"Refused?" Qiao Weiyue was stunned.. "You're not mistaken, right?"

Chapter 960: No Is Yes

Faced with Qiao Weiyue's surprise, Qiao Haoming nodded his head with a helpless expression.

"Yeah, she refused."

Otherwise, he wouldn't have gone over to her so quickly today.

Originally, he thought she was unaware of what this represented, but he didn't expect her to be so fierce!

"What's going on?"

Qiao Weiyue was very shocked.

For the girls he had come into contact with, if they were given a set of skin care products or cosmetics, they would have died of joy.

If they were allowed to become stars, they would be even more excited.

Not to mention the international-level endorsement they were now facing!

Xia Xibei refused? That was too strange!

"She just refused." Qiao Haoming was lost. "She said she had more choices."

"More choices?" Qiao Weiyue burst out laughing, "She's playing hard to get in front of you! Did you let her know before that you did this?"

"No. She shouldn't know."

"Impossible!" Qiao Weiyue was certain. "She must know that it was an endorsement you got for her! That's why she's being so arrogant!"

He had spent time with so many girls, so how could he not understand their personalities?!

Xia Xibei must have been being reserved!

"I don't think she knows that..."

Qiao Weiyue was so sure that Qiao Haoming was a bit hesitant.

"VE wouldn't have told her, right?"

However, now Xia Xibei knew.

"She must have already known!" Qiao Weiyue was very sure, and gave him an idea. "In fact, to get her to say yes, it would be good to go twice more. Girls like to play this kind of 'I don't want it' game."

Qiao Haoming was silenced by his father's words.

"Is that really possible?"

“Trust me, it’s true!” Qiao Weiyue gave his son a tip, “When women say no, they mean yes!”

1

Qiao Haoming had a little doubt.

With Xia Xibei’s character, when she said no, she meant no... Right?!

“Don’t worry. You are my son, so good and so handsome. Every girl will like you!” Qiao Weiyue patted his son’s shoulder. “Go on! It’s definitely possible!”

Encouraged by his father, Qiao Haoming plucked up his courage again.

“Yes!”

So, the next day, Xia Xibei found out that the head of VF Asia had come over again, still talking about endorsements.

Xia Xibei frowned. Hadn’t she already refused?

Pan Yan was also surprised, “VF seems to be very sincere!”

Xia Xibei shook her head, “No matter how sincere it is, I won’t take it.”

Pan Yan looked at her with a tight smile and cried in his heart.

Xia Xibei was sometimes very worry-free. Even in the face of blackmail, she could fight back without bothering the company’s public relations department.

However, sometimes she was also very frustrating.

Now, for example.

VE was very good, and they asked her twice!

They haven’t asked her three times yet, but this attitude already spoke volumes.

Yet she still refused!

She was saying no to money brought to the door! What a pity!

Pan Yan, while regretful, still respected Xia Xibei’s decision. When it comes to such a strong artist, it was impossible not to respect her!

“Then I’ll turn it down.”

“Good.”

Pan Yan went out and talked to the other party about it.

He didn’t expect that the other party wouldn’t give up, saying he wanted to meet Xia Xibei.

Unable to do so, Pan Yan could only ask Xia Xibei to come over.

'The person in charge of VE was a middle-aged man from Country M. He seemed very professional, but had a strange look in his eyes.

Xia Xibei felt very uncomfortable.

"Hello, Miss Xia. My name is Wilson," he greeted her in less than proficient Chinese.
