

Chapter 943

Lilly looked at Joan with a smile.

Joan smiled immediately.

After so many years, he has never been so comfortable at this moment.

So relaxing, so...warm.

His heart finally let go.

While sucking a lollipop, he said: "Uncle sees that you are well and has not suffered any harm. This is my uncle's greatest wish. The only thing is, you are so cute. If uncle can have more nieces like you, How good would that be?"

Lilly lifted his toes and scratched Joan's nose, and said with a smile: "I also want more uncles, dear uncles. In this case, there will be more protection for the only person."

Children are Tong Yan Wuji.

She really thinks that Uncle Joan is very cute.

The six-year-old child has already realized deeply that if it weren't for Uncle Joan yesterday, she might not have seen her parents in her life.

Although the children did not repeatedly say thank you to Joan.

But her actions have already expressed everything.

Not only that, she also deeply realized that if there were more uncles like Joan, it would be best.

Lilly just said casually, but Joan, Arron, and Suzi were all startled at each other.

Originally, the little girl had many uncles and uncles.

But...

Arron finished the topic. He looked at Joan with a deep expression: "How do you feel now?"

Joan touched his wound: "Although I feel the pain is pain, I can obviously feel that it is healing. The doctor said it's okay. Maybe I will be discharged in two days."

Arron said: "If you feel it can be supported, I will take you to leave Gasing Island as soon as possible, and then return to Nancheng. The medical level in Nancheng is much better than that on Gasing Island."

Joan immediately asked earnestly: "Cousin, how are you going to add Xingdao?"

"I didn't want to restrain them so quickly, now I want to make a quick fight, and then take you to Nancheng." Arron said.

"Thank you cousin." Joan looked at Arron sincerely.

After suffering this knife, Shen's only life was saved, and Joan felt that the distance between him and Arron and Suzi was suddenly pulled in.

Suddenly, I felt that the true value of this cut.

Especially Suzi.

No matter how she wanted to tell him before, she regarded him as a friend, but Joan felt that there was a deep gap between the two of them.

But now, Joan didn't think it anymore.

Because just now Suzi scolded him fiercely and asked him to call his sister-in-law.

Joan could feel that Suzi had really settled his suspicion with him only by scolding it all his life.

"Cousin, sister-in-law, you go to do your business, I'm fine in the hospital alone, there are doctors and nurses." Joan said.

Arron also nodded: "Okay! I will go to the monarch's mansion to finish the matter as soon as possible, and then come back as soon as possible."

Settling in Joan, Arron drove straight to the monarch's mansion with Suzi and the only one.

The monarch's mansion is what Arron has to deal with.

The car arrived outside the monarch's mansion in half an hour.

The huge monarch's mansion has been surrounded by Arron's hired team.

However, Arron still saw Pan Haoyang standing there from outside the gate of the monarch's mansion with an expression of no fear.

Seeing Arron getting off the car slowly, Pan Haoyang even said hello politely: "Mr. Fu, here you are."

Chapter 944

Arron nodded towards Pan Haoyang, and said lightly: "It's okay if you lead the way. After all, I am not as familiar with your Monarch Mansion as you are."

Pan Haoyang: "Please!"

Suzi stared blankly.

At this time, Pan Haoyang could still be so calm, and he really convinced him!

Suzi didn't move.

Lilly didn't move either.

Pan Haoyang looked back sadly at Suzi and Lilly and smiled: "Why, you two of your daughters are not afraid to live with me the day before yesterday. Now my monarch's mansion is already blocked by your husband, but you are afraid. Me?"

Suzi bit his lip and was about to say something, but the only little thing in his hand preempted to speak.

"Uncle Pan." Lilly shouted.

Suzi: "..."

Arron: "..."

The most startled was Pan Haoyang.

He first showed an unexpected expression, then looked at Lilly with emotion, and asked softly: "Lilly, you...what did you call me just now?"

Lilly looked at Pan Haoyang earnestly. The sweet, childish little milk voice said: "Uncle Pan, you are not a badass. I won't call you a bad guy anymore."

Pan Haoyang: "..."

Suddenly there was something moist in the corner of the eye.

He raised his head and sneered.

Then he lowered his head and looked at Lilly: "The only good one! If there is a chance, my uncle will ride you a horse! In my uncle's eyes, you are the second largest beauty in the world."

Lilly was amused by Lou: "I am the second largest beauty, who is the first beauty?"

"Of course your mother is the number one beauty!" Pan Haoyang said brazenly: "In the eyes of uncle, your mother is the most beautiful woman in the world, no one can match!"

His tone is not only a sincere praise of Suzi, but also the only fun to have fun with Shen. The most important thing is a challenge to Arron.

The provocation of seeing death as home.

Suzi: "..."

At this moment, she was embarrassed.

She turned to look at her husband, who was very calm.

Obviously, Arron did not accept Pan Haoyang's challenge, and even said that Arron didn't take Pan Haoyang into his eyes at all.

Arron only calmly said: "You have good eyesight, and my woman is naturally the most beautiful woman in the world."

Pan Haoyang: "..."

"Lead the way." Arron said.

Pan Haoyang: "..."

After a second, he said, "Where to go? Go to my brother first? Or go to your enemy Lin's house first? Or..."

"Go to your place." Arron said, "To thank you for taking care of my wife and children in the past two days."

Pan Haoyang sneered: "I take care of your wife and children not for you, because I like your wife and your son. I really want to turn them into my wife and my daughter."

Suzi: "Pan Haoyang! You are too much!"

Pan Haoyang sneered: "You better kill me now!"
