

Chapter 960 Chen Nan's Stubbornness

Chen Nan had known Ye Fan for so long and she had pretty much witnessed how he went from being an unknown kid in Shengtian Restaurant to slowly become the most powerful man in Jiangdong.

In Jianghai, Ye Fan's casual punch had made him a cut above the rest!

At the foot of Mount Tai, Ye Fan had turned the tides and became a sensation in Jiangdong!

At Yunwu Lake, Ye Fan had invited so many big shots for a banquet and basked in glory.

Chen Nan thought that she already knew this man very well.

But now, she realized that she had been wrong.

She had been very wrong!

She thought she had already seen everything, only to find that all she had seen was merely the tip of the iceberg.

Since someone like Abe Chuunan could greet Ye Fan so politely, she knew that Ye

Fan wasn't merely the King of Jiangdong.

"Mr Chu, I'm really sorry. This is just a misunderstanding. This brother of mine isn't very well informed and didn't know who you were, and so he ended up making a fool of himself. Mr Chu, I hope you can be kind and magnanimous and let him off this once. I guarantee that this will never happen again," Nakai Koichi tried to put in a good word while Abe Chuunan continued to apologize to Ye Fan.

Ye Fan smiled faintly and looked at Abe Chuunan with a calm gaze.

But the iciness in those eyes made Abe Chuunan feel like he was facing a deep abyss or treading on thin ice.

"Mr Chuunan, so do you think I belong to the former group or the latter group?" Ye Fan's low and calm voice rang out.

His handsome face was covered with a mocking expression.

Ye Fan didn't have any regard for Abe Chuunan in the first place.

Chapter 960 Chen Nan's Stubbornness

So what if he was the head of a powerful family or an important man in Japan?

He was nothing but an ant to Ye Fan.

Ye Fan already had the Japanese martial arts world under his feet, and even their high esteemed Tsukuyomi Tenshin acknowledged Ye Fan as leader.

Ye Fan didn't have to be wary of anyone in this country anymore.

So of course he wasn't bothered by the head of some aristocratic family.

Abe Chuunan nearly cried when he heard Ye Fan's words.

"Mr Chu, please don't tease me anymore. You can pronounce any judgment on me. I know I was in the wrong. This was really a misunderstanding..."

Even though Abe Chuunan had no idea who Ye Fan really was, but based on his trust in Nakai Koichi's judgment, Abe Chuunan knew that this man was definitely not someone the Abe family could afford to offend.

Chapter 960 Chen Nan's Stubbornness

There was no other reason why Nakai Koichi would have behaved so humbly in front of Ye Fan.

“A misunderstanding? You’ve got to be kidding! You humiliated Nannan time and time again, so you know yourself if that was just a misunderstanding or if you had other ill intentions!” shouted Ye Fan so fiercely that Abe Chuunan immediately paled.

“You should have died for doing that, actually. But your godbrother knew what to do and who was in the right, so on account of him, I can give you a chance to live. Now go over there and apologize to Nannan. If she accepts your apology, you can live. If she doesn’t, then you will end up like this table!”

With that, Ye Fan slammed a palm down and the table in front of him turned to dust.

“This...”

Abe Chuunan was on the verge of despair when he saw this.

He didn’t say anything and just turned to look at Nakai Koichi with a pleading look on

his face.

Nakai Koichi shook his head and sighed. "This is a result of your own doing, so you have to face the consequences yourself. Chuunan, go over like what Mr Chu said. Whether you survive this ordeal or not depends on yourself."

Nakai Koichi's words made Abe Chuunan's heart turn cold.

It seemed like his life was really in the hands of this young woman.

He had no choice but to beg Chen Nan for mercy.

"Fan, I think...you'd better make a decision on this," said Chen Nan in terror with a pale face. She was just a young lady and didn't dare to decide whether a big shot in Japan got to live or die.

Ye Fan replied her calmly, "It's fine, just make the decision. I'm here, so you don't have to be afraid."

"If you want him to live, he'll live. If you want him to die, he'll die. Just follow your heart,"

said Ye Fan very casually.

Ye Fan didn't care whether Abe Chuunan lived or died.

After all, Ye Fan was at the pinnacle of power, so he wasn't bothered by the death of an unimportant person.

He only cared about whether the people around him were happy or not.

In the end, Chen Nan let Abe Chuunan live.

She was just a student after all, so she wasn't vicious enough to let Ye Fan kill someone else for her sake.

Abe Chuunan felt like he had been rescued from a terrible disaster.

He immediately broke into a smile and kept thanking the two of them.

"Thank you so much, Miss Chen! Thank you so much, Mr Chu! Please take a seat! I'm the host today, so I will make up for what happened tonight." Abe Chuunan immediately called for more food and drink as his way of apologizing to Ye Fan and

Chen Nan. He was in high spirits now that he had escaped death.

But Nakai Koichi started asking Ye Fan about something else at the dinner table.

“Mr Chu, I heard that you’ve not joined any organization thus far? War God Castle in China didn’t give you any title either?” asked Nakai Koichi in a low voice.

Ye Fan nodded.

“So it’s true? Oh my, I have to say that War God Castle is really blind and can’t see that they have such a formidable fighter in their midst.”

“Mr Chu, would you be interested in joining the Thai martial arts circle? The Thai king has said that if you’re willing to join us, you can name any conditions you want. He’s even willing to let you be the leader of the Thai martial arts circle. So, won’t you consider it?” asked Nakai Koichi very hopefully.

Nakai Koichi had purposely returned to Japan this time because the Thai king had sent him here to look for Ye Fan and invite

him to join the Thai martial arts circle.

Nakai Koichi had entered this circle because he was training in ancient Thai boxing.

So even though Nakai Koichi was a Japanese, he was no longer part of the Japanese martial arts circle.

He wasn't bothered by how Ye Fan had killed off so many powerful Japanese fighters at all.

"Oh? You want a Chinese to lead the Thai martial arts circle? The Thai king really thinks highly of me, huh," laughed Ye Fan a little amusedly as he drank his tea.

He didn't know that he was so popular now. The Thai martial arts circle actually offered such conditions to him.

While Ye Fan and Nakai Koichi were speaking, Chen Nan was by the side listening to them, but she couldn't understand a single thing. She just kept her head bowed and quietly drank her tea.

She just felt that her Fan was more and more mysterious.

She felt like she was in a different world from him.

They were seated closely to one another now, but Chen Nan felt like he was miles away from her.

For the first time in her life, Chen Nan felt like she was terribly small.

“But Fan, I won’t give up. I will work even harder. Even if I can’t match up to you in the industry you’re in, I will also make sure I stand right at the top of wherever I am,” murmured Chen Nan to herself. Her eyes were filled with determination.

There was no particular reason why she wanted to do this. She just hoped that her world could get a little closer to Ye Fan’s. Just a little closer.

Chapter 961 Jealousy

Before meeting Ye Fan, Chen Nan had intended to return to Jiangdong after graduation and to help her father with the family business. She was content as life was peaceful and she had enough to get by.

Even though Jianghai wasn't a large city and wasn't considered a very developed or wealthy place within China, Chen Nan's family background was enough for her to live very comfortably in Jianghai.

But after meeting Ye Fan, Chen Nan realized that she couldn't just let herself continue living like that.

She wanted to become like Ye Fan and pursue a greater world out there.

Otherwise, she was afraid of being left further and further behind by this man.

After everyone had eaten their fill, Abe Chuunan announced the end of the dinner party.

The various guests also left and returned to rest in their hotel rooms.

Ye Fan was tired too, and he had to return to

China to next day as well, so he got up and was prepared to leave.

“Mr Chu, are you really not going to reconsider this offer?” asked Nakai Koichi again. He refused to give up.

But of course, Ye Fan wasn't going to agree.

“Please help me to thank the Thai king for his kind intentions. But I'm already used to wandering about by myself and I'm not interested in joining any organization,” said Ye Fan as he started walking away with Chen Nan.

“Ye Fan! Brother Fan! Wait for us!” Just as Chen Nan and Ye Fan were about to go back downstairs, Professor An and the other two came running over from where they were waiting earlier.

“Oh my! Bro, you're really amazing! I never knew you were this formidable. I didn't need to worry about you after all! We were really worried about you earlier, especially when those guys whipped out their guns. If Hui didn't stop me, I would have run out to take a bullet for you,” said Liang Hao-Nan with an ingratiating laugh as he tried to get friendly

with Ye Fan.

“Exactly. We were so worried. But seriously, Nannan. Your boyfriend is secretly so formidable but he tricked us into thinking he was just a country bumpkin. But then again, since you’re someone of such high standing, you couldn’t possibly fall for some lowly fellow from the countryside, right? I just knew that this brother-in-law of mine was not ordinary,” chimed in Kong Hui.

She no longer ignored Ye Fan and even called him her brother-in-law.

“Haha! Nannan’s judgment is really unique. All of us were mistaken,” Professor An laughed along.

The three of them were so friendly now. Their disdainful and ostracizing attitude from before was nowhere to be found.

But Ye Fan didn’t even glance at the three people who had followed after them.

He just walked off with Chen Nan.

“This...this...” The three of them were just left behind after being given the cold shoulder

and looked as awkward as could be.

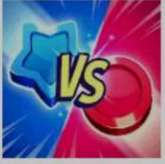

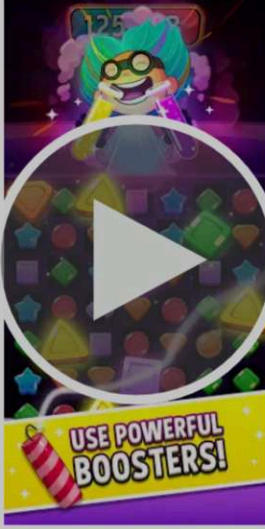

“Damn it! What the hell is this! He actually ignored me?! Who does he think he is? He just had a meal with Mr Abe, that’s all! Does he think Mr Abe really likes him? He’s become so arrogant now! No matter how amazing you are, you’re still going to stay in the room meant for the staff tonight anyway!” grumbled Kong Hui angrily as she stomped her feet and gnashed her teeth. This was the first time anyone had ignored her like this.

Liang Hao-Nan put an arm around her waist and consoled her, “Alright now, Hui, don’t be angry anymore. He’s just being smug because of that short moment of glory earlier, so don’t stoop to his level. It’s better that he’s ignored us anyway, then at least I don’t have to bother to find someone to give him a proper room now. We’ll just let him stay in that lowly staff room.” Liang Hao-Nan smiled smugly as well.

But while they were talking, Abe Chuunan had noticed that Ye Fan was actually going to take the elevator downstairs.

“Mr Chu, aren’t you going upstairs? Why are

you headed downstairs?” asked Abe Chuunan when he realized this.

The higher the room floor, the more expensive it was.

This guest hall was on the fifth floor, and rooms below the fifth floor were all standard rooms.

The rooms above the fifth floor were all premium suites.

Ye Fan replied him, “My room is on the first floor, so of course I’m going downstairs.”

What?

“First floor? Aren’t those rooms reserved for the staff?!” said Abe Chuunan in shock.

He turned to glare at his assistant.

“What’s going on? I told you to arrange for a room and this is your arrangement? Mr Chu is a VIP guest and you sent him to stay in a staff room? Are you tired of living?” roared Abe Chuunan so fiercely that his assistant paled and apologized profusely with fear in his eyes.

Chapter 961 Jealousy

“I’m...I’m really sorry, I...I overlooked this. I’ll get Mr Chu a premium room on the sixth floor.”

“Sixth floor?” Abe Chuunan glared harder at his assistant. “How is the sixth floor enough? Mr Chu is a VIP! Get him a Supreme Suite on the ninth floor!”

“Yes, I’ll get it done right now.”

The assistant quickly ran off to get things arranged.

Ye Fan turned to follow Abe Chuunan to go upstairs too.

But Chen Nan didn’t follow him upstairs. That room was prepared for Ye Fan, so she didn’t dare to tag along.

“Nannan, why are you standing there? Come upstairs with me.” Since Abe Chuunan had prepared a better room for him, Ye Fan wasn’t going to refuse it.

“Huh? Can I...can I go too?” asked Chen Nan with some shock and confusion.

Even a scion like Liang Hao-Nan had been

allocated a room on the third floor.

So Chen Nan felt that she was only qualified to stay on the second story at best.

“Miss Chen, you’re so funny. You’re Mr Chu’s woman, so of course you can go wherever Mr Chu goes.” Both Nakai Koichi and Abe Chuunan burst out laughing at Chen Nan’s reaction.

Chen Nan’s little face immediately flushed crimson.

She shook her head and tried to explain.

“Enough, Nannan, don’t try to refuse them anymore. Just come along.” Ye Fan pulled Chen Nan along with him and went upstairs.

Kong Hui and the rest watched with jealousy in their eyes as Chen Nan left with Ye Fan.

Their own room was only on the third story.

But Ye Fan and Chen Nan actually got one of the best rooms on the ninth floor.

It wasn’t just a matter of how luxurious the room was, but the difference in their identity

Chapter 961 Jealousy

and societal status.

The rooms were a mere six stories apart, but this might be a difference that the three of them would never be able to make up for in their lives.

Kong Hui felt even worse inside when she thought about it this way.

She clenched her fists hard as a jealousy burned through her heart.

“Damn it! How is this Chen Nan so lucky? In school, sons of rich men like Han Shao-Jie like her, and even Professor An favors her. I thought her boyfriend was nothing but a country bumpkin, but he turns out to be some big shot that even Abe Chuunan treats as a VIP?! We’re both women, but why does her life turn out better than mine? Is this Chen Nan the female lead in some novel or something?” Kong Hui gritted her teeth and her eyes were filled with jealousy.
