

Chapter 975

Arron came in calmly.

There was no apology, no explanation, so I sat down again in peace.

"Are you dead, find out my severed fingers..." Jarod didn't dare to ask Arron anything, so he lowered his head and scolded Moira in a daze.

Moira knelt on the ground subconsciously, looking for the severed finger.

Within a few tens of seconds, she found it. With her pale fingers, she said, "I found it...husband, I found it."

"Throw it away!" Arron suddenly made two short words.

Moira: "..."

"Come in alone!" Arron shouted immediately.

As soon as he finished speaking, a big man came in outside, one of the mercenaries who escorted Lin's family of three at the airport.

"Four Lord, what order do you have?" the mercenary asked respectfully.

"Put the severed finger that Mrs. Lin is holding in her hand and throw it into the river to feed the fish." Arron said lightly.

When he said this, he didn't even have a half-point expression.

But everyone in the audience shivered.

Even the person who just told the Fu family and the old man Shu who was off the shelf with the Pan family was frightened.

At this time, Moira bit her scalp and said, "Fu...Fu Siye, you...why are you so angry all at once, Jarod, he...he too In the tone of educating his adopted daughter, in fact, he didn't do anything to Suzi, Fu...Fu Siye, please raise your hand high, let us pick it up with a severed finger, and now I can send it to the hospital. Connect..."

"Go, now take the severed finger in her hand and throw it away in Jiangli!" Arron didn't look at Moira at all.

He only looked at the mercenary calmly.

The mercenary immediately said: "Yes, Fourth Master!"

Yubi grabbed the severed finger from Moira, turned around and walked away quickly.

"My fingers..." Jarod cried distressedly.

Moira and Lanita looked at Arron with more fear.

Lanita, who had just been extremely arrogant and capable, was at this moment. She didn't dare to say a word of fright, she didn't even dare to plead for her father. Her frightened face was extremely pale, without any blood, and slowly, one of her faces was yellow, just as yellow as the yellow paper burned by the dead.

Anyone with a discerning eye can see that Lanita must be ill.

And it must be very sick.

It's just that at that moment, no one paid attention to Lanita's face.

Because everyone was shocked by Arron's actions.

Elder Shu was the first to react, his face was silly white first, then his old face flushed.

He talked so much to Arron. He originally treated Arron with a very sincere heart for a moment, but he never thought that Arron turned his face faster than he turned a book.

Elder Shu stared at Arron dumbfounded: "Arron, you...you didn't even care about my face for a woman. You clearly promised Grandpa Shu that you don't want the life of my granddaughter's family of three. Arron, Grandpa Shu always thought you were a trustworthy person, but you..."

He only coughed angrily, and stared at Suzi while coughing.

It's all this woman!

Demon girl!

Suzi's heart sank bit by bit.

She wanted to make peace with Elder Shu today. She never thought of agreeing with Elder Shu that she had given way in a few days, but why would Elder Shu refuse to listen to her finish?

With blood dripping from her heart, Suzi was trembling with tears in her eyes. His hands kept shaking.

It was Arron who held Suzi in his arms. While he was holding Suzi, he said in a very cold tone: "In this world, anyone who dares to hurt my wife has a dead end!"

Chapter 976

Elder Shu looked weakly at Arron: "Arron, you turned out to be such a dishonest person!"

"Dare to ask Grandpa Shu, why am I not keeping my word?" Arron asked.

Elder Shu: "..."

"I safely brought the Lin family of three back to Nancheng. I also plan to never want their lives in this life. No matter what they have done to me, these are all for the sake of your father, let alone you I talked about the relationship between you and my mother.

However, this does not mean that I cannot protect my wife.

If my forgiveness to the Lin family has encouraged their family of three to hurt my wife, sir, do you think I might just sit back and watch? "

Elder Shu sighed, "Hey... Arron, you are right. But, Grandpa Shu, I'm going to go out and beg you, can I take them away now?"

"Yes!" Arron replied very simply.

The old man was so kind to him.

With the old man escorting the Lin family, it is impossible for Arron to really treat the Lin family.

However, he still looked at Jarod coldly: "This time it's Jarod, you have one less finger, then next time, it will be your wife. Next time, it will be Lanita himself. I can promise not to you. Life, but I don't guarantee that I won't hurt you!"

Saying yes, Arron hugged Suzi and went out.

"Arron, wait a minute!" Elder Shu shouted again.

Arron still respects Grandpa Shu: "Grandpa Shu, what do you say."

Elder Shu looked at Lanita and scolded, "Hurry up and take your dad to the hospital!"

At this time, Jarod was already sweating with pain, and he held his hand in pain, his arms trembled. But because of being frightened by Arron, Jarod did not dare to say anything.

At this moment, Mr. Shu was scolded, Lanita immediately took Jarod and Moira, and ran away like a wolf with a tail between them.

After escaping from this box, Lanita said viciously: "Suzi is to blame! This woman is really hateful!"

"Don't call an ambulance yet, go and wrap your father's hands!" Moira scolded.

Lanita took out her mobile phone and dialed the emergency hotline.

In the box at this time, Elder Shu spoke without fear: "Suzi, I haven't finished talking with you yet."

Suzi's voice is very sad: "Sorry Mr. Shu, I don't want to talk to you anymore."

Elder Shu sneered: "Since the topic is at the beginning of yours, you don't want to talk about it, I have to make it clear to you! Because, I don't want to see the hurting incidents caused by this in the future!"

The meaning of Mr. Shu's words is obvious, that is, the reason why Jarod lost a finger is her Suzi's fault.

Suzi's heart dripped more and more blood.

At this time, seeing Elder Shu insisting on talking to her, Suzi calmed down.

She herself had never expected anything from Master Shu.

"Okay, say it! I'll listen." Suzi said.

"Have you lived in the Lin family for eight years?" Elder Shu asked.

"Yes!" The eight years in the Lin family were eight years of humiliation, she will always remember.
