

# Chapter: 1024

Ok?

Hearing this, Master Xiong's gaze turned to the bar counter in an instant.

Looking at Lin Fan's thin back, the corners of Lord Xiong's mouth showed a thick fierce arc;

“Okay! Very good! I didn't expect that after the octopus died, there would still be reptiles who did not know whether to live or die. Our brothers do it!”

“I want to crush him to death today, just to be like you!”

Finished!

Hoop!

Master Xiong took a full thirty of his subordinates, and walked towards the bar counter.

clatter!

clatter!

clatter!

The uniform pace, the terrifying aura, made every customer in the bar just feel a tingling scalp, and they evaded one after another, for fear of being hurt by the fish.

It's just surprising.

Lin Fan seemed to be totally unaware of all this.

He remained unhurried, drinking the only half of the white fireworks left in the cup, as if he didn't feel the slightest sense of danger.

And when Lord Xiong was only a few steps away from Lin Fan, the beauty in red suddenly stood up from the seat.

“Master Xiong, stop! You, can't move him!” On the pretty face of the red-clothed beauty, there was a deep drunkenness, but her eyes were fixed on Master Xiong, and her voice was abnormally cold.

Ok?

Seeing this scene, not only Xiong Ye was taken aback, even the people around him were in an uproar.

They didn't expect that Lin Fan, the culprit, had not yet reacted at all, but the woman he had soaked up would take the lead to stand up for him.

“Xiao Niangpi, who are you? I tell you, dare to stand in my way. I don't care whether you are a woman or not, you will die!”

Lord Xiong stared at the red-dressed beauty, as if looking at a dead person.

And the bastard next to him also yelled with jealousy:

“Beauty, I advise you not to be nosy, this matter has nothing to do with you!”

“Wait a while, I will clean up this little bastard, and come to have a good time with you. Shusu!”

The gangster looked at the red-dressed beauty, becoming more greedy and evil.

His heart is already cruel.

As long as Lin Fan is dealt with, he must let this woman who treats himself pretentiously know how powerful she is.

just!

Hearing this, the beauty in red not only was not afraid at all, but took out a certificate from her pocket and placed it directly in front of Lord Xiong and others:

“I am a policeman-Sima Yan'er!”

What!

Hearing this, looking at the police officer's card in the hand of the red-dressed beauty, whether it was Lord Xiong or the people around, there was an uproar.

Policemen!

They didn't expect that this hot beauty would be a police flower.

I didn't even expect that this police flower would directly identify himself and stop Lord Xiong for Lin Fan.

This...

Suddenly, everyone behind Xiong Ye hesitated.

The police are almost their natural enemies.

This makes these underground members how not to be afraid.

however!

Snapped!

Master Xiong didn't say a word, but he stretched out his big hand and directly patted the police officer's ID of the red-dressed beauty on the ground.

His fierce and vicious look; his face was full of disdain and arrogance:

“Police are a shit! I tell you, this street belongs to Lao Tzu!”

“Even if you are a policeman, it's not easy!”

boom!

Seeing this scene, the beauty in red was stunned.

The many customers around were in an uproar.

Arrogant!

overbearing!

Everyone around could not have imagined that Master Xiong would be so arrogant and domineering that he didn't even look at the police flower in front of him.
