

Chapter: 1031

Acute gastritis!

Lin Fan's brows are frowning. This disease is sudden, but if it is not treated in time, it will cause dehydration shock in severe cases.

“At present, I don't have a needle in my hand. It seems that I can only use massage techniques to temporarily relieve some of her symptoms!”

Lin Fan had no choice but to put Sima Yan'er flat on the bed.

Sima Yan'er's delicate body is extremely white.

Especially, there is only a black lace cover left on her body, and the inside of the lace reveals her complete ketone body.

The peaks on the chest are stalwart and straight.

The smooth waist is white and delicate.

The slender legs exude a terrible temptation that is hard to resist.

It can be said!

At this moment, Sima Yan'er is like a charming fairy walking out of the painting, with a little bit of crystal sweat on her delicate body, that kind of charming attitude is simply fascinating.

“Huh...”

Lin Fan's heart beat wildly. At this moment, he couldn't help taking a long breath, suppressing the heat in his heart as much as possible.

Then, he stretched out his hands and wanted to press against Sima Yan'er's lower abdomen.

Just at this moment.

“Hmm...”

Sima Yan'er made a painful grunt among her red lips, and she suddenly sat up in a muddle-headed manner.

He grabbed Lin Fan's arm and bit down fiercely.

hiss!

Lin Fan's expression changed, he only felt that Sima Yan'er's teeth were almost embedded in his own flesh and blood.

There was even ticking scarlet blood, dripping onto the sheets.

“Forget it!”

Lin Fan shook his head. If he condenses his muscles and bones, then his flesh and blood will be so strong that it will break Sima Yan'er's teeth in minutes.

At the moment, he could only endure the pain from being bitten, and his other hand stretched out and pressed against Sima Yan'er's lower abdomen.

have to say!

Sima Yan'er's skin was extremely delicate.

That kind of feel, as if touching on the silk, silky.

As Lin Fan's palm swam away, a trace of true Qi energy followed his palm and began to penetrate into Sima Yan'er's abdomen little by little.

After three full laps.

The pain in Sima Yan'er's abdomen slowly subsided, and her teeth came loose from Lin Fan's arm.

Not only that!

Lin Fan's zhenqi energy not only caused Sima Yan'er's abdominal pain to gradually disappear, but also completely brought her into a state of relaxation and comfort.

A trace of blush gradually appeared on her pretty face.

The spring color on his face became more and more intense, and there were even voices of Shen Yin in his mouth.

“Ah trained,”

this round after round sound, like ring tones in general, clear and melodious, but Lin Fan falls on the ears, then let the sweat of his brow, dense dripping down.

“This woman...”

A touch of bitterness appeared at the corner of Lin Fan's mouth.

His massage technique does have a certain aphrodisiac effect.

He has controlled this effect to a minimum.

But unexpected!

Sima Yan'er's body is so sensitive that even the slightest aphrodisiac effect has completely immersed her in it, and it is difficult to extricate herself.

Seeing Sima Yan'er's constantly twisting fiery body, and the traces of red glow, climbed onto her pretty face.

This made Lin Fan's breathing gradually heavier.

“Alright! Hold on!”

Lin Fan's eyes flushed red, trying his best to contain his desires.

Dense sweat dripped from his cheeks.

However, Sima Yan'er's Shen Yin sound was getting louder and louder. till the end!

Her body twitched violently, and she was completely excited to the extreme.
