

Chapter: 1052

what!

Lin Fan's words were filled with endless arrogance, as if in his eyes, Ye Family was nothing more than a tiny ant. It was more suitable for Ye Chen and Chang Yuan to hardly believe their ears.

And just when Ye Chen was about to continue to say something.

Suddenly, he heard a cold voice coming from outside.

“So courageous, who would dare to be so arrogant and want to destroy my Ye Family!”

These words were full of evil spirits and coldness.

And hear this voice!

Ye Chen was taken aback for a moment, and then he was overjoyed!

“Big brother! Hahaha...Big brother, come on! Save me! Save me!”

Ye Chen looked out of the box with expectation.

Not only him!

Chang Yuan was also in ecstasy.

Is it finally here?

Chang Yuan had heard that Ye Chen's eldest brother was not only a direct disciple of the Ye family, but he even stayed away all year round, following a genius doctor and learning medical skills.

especially!

Ye Chen's eldest brother also held a lofty position in the Ye family, and was highly expected by the Ye family, and was even one of several Ye family heirs.

And recently.

I heard that this person has even attached a big figure, and this time he came back to confess good to the family.

And it was in the eyes of the two of them looking forward to.

Hoop!

The crowd of footsteps resounded instantly from outside the box.

Then I saw a majestic bodyguard, instantly appeared at the door.

ten people!

Twenty people!

.....

Each of these people is extremely majestic, like iron towers, with evil spirits looming on their bodies.

Especially, on the road separated from these bodyguards.

A young man walked over.

He is Ye Chen's eldest brother.

“Big brother! Hahaha... you are finally here! Quick, let me take him down!”

Ye Chen was extremely ecstatic, as if he had seen his hope completely.

And Chang Yuan, also full of ecstasy, looked at Lin Fan with a hint of sarcasm and pleasure.

That's it!

Lin Fan, this arrogant bastard, is absolutely dead.

really!

As soon as the young man walked to the door, he instantly saw Ye Chen kneeling on the ground, a trace of scarlet liquid flowing from under his crotch, which made the young man's complexion drastically changed.

“Xiao Chen! You...your genitals!!!” The young man was so frightened that he didn't even have time to look at Lin Fan at this moment, so he ran to Ye Chen's front to help him investigate.

But, under this look.

The youth's complexion almost dripped with gloomy expression:

“Damn! Xiaochen, you...you are completely abolished! I am afraid that it will be hard to cure in the future!”

What!

The words of this young man, to Ye Chen, were like a bolt from the blue sky, making him look dead.

But he knew that his eldest brother was a disciple of a genius doctor with superb medical skills.

Since he said that his lower body would no longer be cured, it also meant that he really...wasted his entire life.

“Ahhhhhhh!”

“Kill him! Big brother, kill him for me!”

Ye Chen stared at Lin Fan, as if looking at his enemies.

And heard this.

A trace of murderous intent appeared on the youth's complexion.

He gradually stood up, then slowly turned around and looked towards Lin Fan.

He wanted to see who it was that abolished his younger brother, wanted to kill his younger brother, and even threatened that the Ye Family dared to take revenge, or even destroy them... Ye Family!
