At the moment when Hong Qiang's punch hit Lin Fan's lower abdomen fiercely, he only felt that his fist seemed to hit the copper wall and iron wall, and it was even difficult to move forward the slightest.

“Ah ah ah!”

When issued shrill screams of the crowd to see his face consternation, Hung Keung whole person holding arm themselves deformation of the whole person crazy after Baotui.

boom!

Wei Fengqiang and all the police officers were all dumbfounded.

What...what's going on?

Hong Qiang punched it down, why Lin Fan was unscathed, but Hong Qiang's forearm was broken?

This is simply incredible.

In an instant, whether it was Wei Fengqiang or the rest of the police officers, their expressions changed drastically.

“Brother Hong, what's wrong with you? Your arm...”

“Oh my God, it's broken! Brother Hong, what happened just now, this kid is okay, but your arm is broken!”

“...”

These people gathered around. Hong Qiang kept asking verbally, and everyone's faces were filled with a deep horror and incomprehension.

And at this time.

They even saw that Hong Qiang's face was as white as paper, without the slightest blood.

Especially, he looked at Lin Fan's gaze as if he was looking at a devil:

“Big... Captain! There is something in this kid's abdomen! I punched his belly with all my strength, it just felt like I was hitting a copper wall and an iron wall. It doesn't hurt him at all!”

“On the contrary, the force of the counter shock broke my arm...”

What!

When everyone heard Hong Qiang's words, everyone was shocked.

They couldn't imagine that there was something hidden in Lin Fan's abdomen that could break Hong Qiang's arm. This... it was incredible.

“You two go over, open his clothes and take a look at what the bastard is hiding!” Wei Fengqiang's complexion almost dripped with gloomy expression.

And heard his words.

The two policemen agreed, and immediately walked towards Lin Fan.

When they came to Lin Fan's front, the two of them hurriedly opened his clothes.

just!

When everyone's eyes fell on Lin Fan's abdomen, their expressions froze and froze.

Nothing is hidden!

What everyone saw was just a piece of bronzed skin.

The upper eight packs of abdominal muscles are as hard as iron blocks.

The edges and corners are distinct, and there is no trace of cellulite at all.

This is more than that.

Above this only abdomen, everyone saw no fewer than six wounds.

Sword scars, gunshot wounds...

The scars are like men's medals, revealing shocking visual sights.

Guru!

The two police officers closest to Lin Fan couldn't help swallowing and spitting fiercely at this moment.

It was the first time they saw such a perfect abs.

Especially when they saw that each of the abdominal muscles not only looked as hard as iron, but even seemed to contain extremely terrifying explosive power, which made people tremble.

“Captain, this... who is this guy? How can there be so many wounds in his abdomen!”

a police officer asked in disbelief.

There are six scars on the abdomen alone, so what about Lin Fan's whole body?

There are so many scars, I am afraid it is unimaginable!

More than the people around.

Even Wei Fengqiang only felt his scalp numb at this moment.

“Asshole! Ye Ming, what monster is this for me to deal with!”
