“Asshole!”

Watching Lin Fan blink and disappear into the distance, Sima Yan'er's pretty face was full of shame and anger, and she just wanted to find a place to sew in.

She didn't expect that she was just looking for Lin Fan to be a shield, but the bastard was licked up.

but.

When Sima Yan'er thought, she was moved by Lin Fan's touch and kiss just now.

Her pretty face is even more scorching:

“Could it be that I like this bastard?”

“No! Absolutely impossible! Maybe it's just that he looks like that person!”

That person!

In Sima Yan'er's beautiful eyes, a trace of nostalgia and remembrance could not help appearing.

Even after so many years, that person is still the most special one in her heart.

“Can we still see this in this life?”

Sima Yan'er thought of this, and a hint of bitterness appeared in the corner of his mouth.

just.

If she knows that the person she thinks about day and night is the bastard who just wiped her oil, she doesn't know what her mood is.

...

And at the same time.

Lin Fan, who left the vegetable market, just passed by the Xinghe Mansion at this moment.

This Galaxy Tower, since Yang Tianhao, the head of the Yang family, transferred it to the New Bai family free of charge, it has been regarded as the headquarters of the group by Bai Yi.

As soon as he approached, he suddenly saw a security guard patrolling around.

The entire new Baishi Group has a completely new look.

especially!

At the entrance of the building, the big plaque was engraved with the characters of the New Bai Group.

however.

When Lin Fan was about to walk into the building!

Creak!

The luxury cars came galloping, like a gust of wind, and suddenly stopped at the door of the building.

Ok?

Lin Fan was startled slightly, but he knew that even Bai Yi's cars were parked in the parking lot during normal hours, and no parking was allowed at the entrance of the building.

But now, these luxury cars are so arrogant, which really surprised Lin Fan.

“I don't know who it is?”

Thinking of this, Lin Fan looked at the luxury cars curiously.

Suddenly I saw that the door opened and several assistants walked out of the car first.

These assistants, some holding umbrellas and some holding water, are very busy.

And a young man slowly walked out of the car under the crowd's shouts and embraces.

This young man, with a greasy face, looked only in his early twenties, and his face was full of pride.

A big star style.

In particular, get off, he swept the hall a touch of the new Pak, disdain and said:

“! Such a small cut on the company's activities, you actually have access”

“If you got out, I Hao Zheng enough shame That's it!”

Small company!

Hearing this, not only Lin Fan was speechless, but even the assistants smiled bitterly.

“Brother Zheng, take care of it! New Bai Group is the most popular group in Jiangnan recently, and they pay the highest remuneration!”

“Today I only need you to be the spokesperson and take some promotional posters!”

Spokesperson!

Hearing this, Lin Fan remembered that this young man named Zheng Hao is a small fresh meat and traffic star in the entertainment industry now.

Loved by female fans.

It's just that Lin Fan didn't expect that Bai Yi would invite him as the spokesperson of the new Bai family.

“Okay! I heard that the president of Xinbai's is very beautiful, today I see the face of this beautiful president, I can bear it!”

Zheng Hao's mouth curled up, and a group of assistants immediately rushed towards the lobby. Walked within.

however.

When he walked to the door, he found that Lin Fanzheng was staring at him curiously, Zheng Hao's brows couldn't help but frowned:

“Where do you come from, get out of here!”

“A small company is a small company, and you can enter any kind of poor and sour chicken. !?”
