

Chapter: 1095

be quiet!

At this moment, in the entire shooting hall, there was no sound, one after another, all eyes fell on Lin Fan.

Even, everyone can hardly believe their eyes.

Lin Fan took off his shabby casual clothes and put on a black suit.

Jet black hair fell down his forehead, and a pair of dark eyes shone like stars.

The corners of the mouth are like a smile but not a smile, giving people a mysterious and feminine illusion.

especially!

With that black suit, he looked like a prince walking out in the dark night.

elegant.

And noble.

Everyone was completely stunned. They couldn't connect the current Lin Fan and the family cook just now, as if they were two people.

“Oh my God, the chairman is so handsome! No more, the old man's girly heart!”

“So good temperament, it's no wonder that our President Bai Yi never abandons the chairman. It turns out that this is a treasure!”

“Yes, Too much handsomer than the celebrity, really like a prince!”

“...” The film crews around were amazed one by one.

Especially those female employees, their gazes towards Lin Fan are full of little stars.

Even Bai Yi couldn't help being a little lost.

He even wondered if this person was his husband Lin Fan.

“Wife, is my image okay?”

Lin Fan didn't care about the gazes of everyone around him. He walked up to Bai Yi and turned around slightly.

Elegant and elegant.

In this scene, Bai Yi only felt his heart pounding, jumping wildly, and even a trace of blushing climbed onto her pretty face.

At this moment, she was moved to Lin Fan:

“It's...it's suitable!”

After saying this, Bai Yi didn't even dare to look at Lin Fan for fear that she would lose his attitude in public.

And noticed Bai Yi's shy appearance.

The little fresh meat Zheng Hao on the side was extremely jealous.

Even he has to admit that Lin Fan in a suit is definitely more elegant and temperamental than himself.

This also made his jealousy, turbulent.

“What about just a pair of skins? He hasn't filmed before, what kind of acting can he have?”

Zheng Hao gave Lin Fan angrily and said angrily.

In a word, the surrounding atmosphere became stiff in an instant.

Although Zheng Hao's words were awkward, everyone around him was also worried about whether Lin Fan could really succeed in shooting.

“Lin Fan, if it doesn't work, don't force yourself!”

Bai Yi looked at Lin Fan with the same worry.

Lin Fan only smiled when he heard this:

“Wife, it's not me, but...we!”

What!

Bai Yi was taken aback for a moment, but before she could react, Lin Fan took her hand and walked towards the studio.

Wow!

Everyone knew that Lin Fan was actually going to take Bai Yi and shoot together.

However, I have to say that the two at this moment are simply a perfect match.

Lin Fan is dressed in a suit, like a prince.

Bai Yi wears an ol professional attire, just like a business queen.

At this moment, under the guidance of the director again and again, Bai Yi and Lin Fan began to pose in various poses.

Whether it's modeling or kissing scenes.

The shooting was almost completed without even a pause.

Especially the videos and photos taken.

At the first glance, everyone saw that there was only one word that could describe it, and that was—the couple of gods and goddesses.

In the entire shooting hall, every employee was envious to the extreme, and there was only one person, and his expression was extremely gloomy.

“Damn it! How could they shoot better than me!”

Xiao Xianrou Zheng Hao's complexion was pale, he clenched his fists, and the jealousy in his heart was surging:

“Okay! You shoot! But after the filming is finished! Later, I want to make you not able to play a single endorsement! ”

Think of it here.

Zheng Hao took out his mobile phone, found one contact after another, edited the information and sent it out.

These people are all leading figures of major TV stations and have a close relationship with Zheng Hao.

He only needs one sentence to make all TV stations reject Bai Yi and Lin Fan's advertising endorsement videos.

Just a short moment!

After contacting everyone again, Zheng Hao looked at Bai Yi and Lin Fan's gazes, full of abuse and ferociousness:

“Wait, how happy you smile now, how miserable you will be crying soon!”
