

# Chapter: 1118

At this time, Bai Yi was also dumbfounded.

Bai Hu Zhan will kneel to her.

Dragon Tiger and God of War also knelt to her.

Myself, is this dreaming?

Aren't they killing Lin Fan? Why are you so respectful to yourself now?

However, this is only the beginning!

The gods of dragons and tigers clasped their fists together and said respectfully: "The bad guy was stupid and ran into Mr. Lin and Mrs. Lin, begging Mrs....forgiveness!" Wow

!

All the white tigers knelt down and shouted respectfully : "I beg you, madam, forgive me!" Ten thousand people knelt down, what a shocking scene!

Bai Yi only feels that his brain is blank, and Hua Rong is pale, as if he is in a dream.

Ten thousand sergeants, Qi Qi knelt to her, begging her for forgiveness?

How can she Bai Yihe De, worthy of their respect?

"Get up!" But Lin Fan directly helped Bai Yi up as if he was commonplace.

Seeing this, Bai Yan knew no matter how stupid it was to have something to do with Lin Fan, and then she completely collapsed, screaming very sternly, and almost fainted on the spot.

It's him!

It really is him!

The existence she regarded as trash could actually make the Wanjun kneel and the God of War bowed!

At this time, Bai Yan's inner world had completely collapsed. Such a strong impact directly caused some problems in her psychology and even her spirit.

Snapped!

Bai Yan raised her hand and slapped her face with a slap.

Then, slap after slap, madly self-harm!

"Dreaming! I must be dreaming! Wake up! Please wake up!"

Bai Yan burst into tears, like a madman, slapped in the face.

"Lin Fan, is this all related to you, right?"

Bai Yi stared at Lin Fan with scorching eyes. Otherwise, how could they kneel down and apologize to her because of these supreme beings that their Bai family was only worth looking up to in the past?

Before Lin Fan could speak, Long Shuai was the first to speak astutely:

"Madam, I have been waiting for the name of Mrs. and Mrs. for a long time. It's been a long time since I have met with each other. That's why I "invite" Mr. Lin to come to the White Tiger Army to give a talk."

"Yes, we wanted to. When making friends with your husband and wife, I never thought that this innocent rascal ran into you and made us feel guilty, so we had to kneel to apologize."

Hu Shuai also quickly expressed his position.

"Really?" Bai Yi glanced at Lin Fan suspiciously.

"That's it." Lin Fan rubbed his nose with a dry smile.

At this time, the White Tiger general stared at Bai Yan coldly: "Sir, how do you deal with this bitch?"

"This bitch dares to insult Mr. and Mrs. and his wife is inexcusable, so he should be shot on the spot!" Tao.

Shot on the spot?

Bai Yan was frightened on the spot , and her pretty face wailed,

"Cousin, don't kill me, I'm your sister!" Immediately, she kowtow to Lin Fan like a mad, and a yellow soup followed her skirt. Under the swing, it flows down.

It was scared to pee!

This scene made the look on the faces of Dragon, Tiger and War God and others more and more contemptuous.

What a ridiculous woman!

"Lin Fan, forget it. If it weren't for her, I wouldn't find it here."

Seeing this, Bai Yi couldn't bear it either.

Then, Bai Yan looked at Lin Fan nervously, with mixed feelings in her heart. She never thought that one day, her destiny would be in the hands of the rubbish she despised.

Lin Fan smiled contemptuously: "It's just a clown who killed her and dirty my hands!"

"Bai Yan, I think my unlucky news, have you spread it?"

"I..." Bai Yan lowered his guilty conscience. Head, dare not answer.

Lin Fan suddenly understood, and smiled frivolously:

"Let's go and see what the scum will look like when they know that I'm still alive!"

"It's all due to Mr. Lin's dispatch!" The Ten Thousand Thousand Army Corps bowed together.

Upon seeing this, Bai Yan's mouth was full of bitterness.

The man in front of him is already invincible!
