

# Chapter: 1123

Huh!

At this moment, everyone seemed to be strangling their throats, unable to make a sound, and the eyeballs seemed to burst out of their eye sockets.

Two young masters, Bai Chen and Bai Hu, actually knelt in front of Lin Fan?

impossible! This is never possible!

Everyone rubbed their eyes frantically, wanting to know if they were dazzled.

But no matter how they rubbed it, the scene in front of them remained the same!

Then, their minds were completely burst!

The two young masters actually knelt in front of Lin Fan and pleaded with him?

At this moment, everyone only felt that a rush of cold air was surging into the sky, and they only felt that they had hallucinations!

Especially the Shirakawa father and son, after seeing this shocking scene, their hearts almost exploded.

They are crazy!

They just humiliated Lin Fan in every possible way, but now he has instantly become the existence that makes the two young masters bow to their knees. How can they accept this?

However, a scene that is even more presumptuous, this is about to come!

“Zheng Honglian, Patriarch of the Bai family, please ask Mr. Lin!”

“Blood Dragon! Blood Tiger! Please ask Mr. Lin!”

Boom!

Everyone’s brains roared, and they only felt terrified!

The scene in front of me is simply a shock of the century!

Bai Hu and Bai Chen kneeling down is already considered horror, and

Dragon Tiger and Zheng Honglian kneeling down, it makes them desperate!

The entire Galaxy Building fell into a dead silence, and everyone looked at Lin Fan like a ghost.

His own boss is so terrifying that he can make Dragon Tiger and the Patriarch of the Bai family kneel down and plead for sin?

At this time, the Baishan couple was completely dumbfounded, that was the Patriarch of the Bai family!

The Jiangshi Bai family looked like an ant in her eyes, and such an existence actually knelt to their son-in-law?

Are they dreaming?

“They... are asking Lin Fan!”

Bai Yifan was dumbfounded.

Even the voice was crying, and this scene was a nightmare for them.

“I can make them kneel down, do you believe it?” Mobile phone:

Lin Fan’s words just now sounded like a thunder and thunder, which roared wildly in his mind.

Believe it?

Now that the facts are in front of them, how can they not believe it!

“Fake! It’s impossible! Patriarch, God of War, you must be mistaken, how can you kneel to this trash as you are?”

Shirakawa Zhuangruo’s roar was unacceptable at all.

What qualifications does this waste have to surpass the Patriarch and others?

“Shut up!”

Zheng Honglian was extremely angry, with murderous intent in his eyes, glaring at Bai Chuan and others:

“Bai Chuan, Bai Yifan, you are so courageous, I asked you to comfort Mr. Lin’s mother-in-law and father-in-law, you dare to insult them , You damn it! ”

What!

The expressions of Bai Chuan, Bai Yifan and others suddenly changed.

It turned out that the “soothing” that Bai Chen and the Patriarch said was completely literal, and they thought they had misunderstood this content.

Thinking of this, Shirakawa and the others trembled frantically, and their faces were ashamed.

Shirakawa’s eyes are splitting, and he is extremely unwilling to say:

” what is this? These guys clearly offended you, you should kill them! ”

“Why?”

Zheng Honglian suddenly sneered, and glanced at Baichuan contemptuously: “Because Bai Yi is the first successor of our Bai family!”

Boom!

One word stirred up thousands of waves!

Everyone can’t believe their ears.

The first in line of the Bai family’s successor, isn’t it still above Baihu and Baichen?

What’s this, what’s a joke?
