

Chapter: 1126

After Lin Fan's family returned to their residence, Baishan and his wife finally couldn't restrain their doubts. They turned to Bai Yi and asked, "Bai Yi, why did the mistress make you the next Patriarch?"

"I don't know." Bai Yi suddenly smiled bitterly, and then looked at Lin Fan with a complicated expression:

"Maybe it has something to do with him." Intuition told her that it was all because of Lin Fan.

Lin Fan?

The couple looked at Lin Fan in horror. Those big men are so respectful because they are a trash son-in-law?

is it possible?

Lin Fan suddenly smiled bitterly: "My wife, you too praised me too much. In my opinion, it must be the Patriarch who believes in your abilities, so he decided to give you the position of Patriarch." As soon as this statement came out, the Baishan and his wife were both upset. I nodded, I felt like this.

"Is that so?" Bai Yi looked at Lin Fan dubiously.

But at this moment, a piece of news that was suddenly broadcast on TV rescued Lin Fan.

"Heavy news! The world's first auction, Xue Tu Bian, will be held in Jiangnan a week later. The world's richest people are going to Jiangnan one after another!"

"Blood Tu Bian is coming to Jiangnan? That is the existence of the so-called century auction, they The auction items are all rare treasures that have made a sensation around the world, and only they have such a charisma that can make all the world's richest people rush to the south of the Yangtze River." Bai Yi said with a surprised look.

Lin Fan joked, "Do you want to go? I'll take you there?"

"Lin Fan, don't talk nonsense, that kind of place is not accessible to ordinary people like us. I heard that the ticket price for Xue Tufa is as high as five. Millions, and the lowest starting price is 100 million!"

Bai Yi gave Lin Fan a sideways glance. Although she wanted to see how grand the world's No. 1 auction would be, she knew she was not qualified.

Because the one who can get the blood and tea must be the super rich!

Lin Fan smiled: "I have a friend who is a staff member inside, and there is a way to get us in."

"Really?" Bai Yi's eyes flashed suddenly, and he stared at Lin Fan expectantly.

Lin Fan smiled without saying a word. He has no friends working in Xuetufang at all, but he can go in and out of Xuetufang freely.

Because Xuetufeng is just one of his many industries!

.....A few days later, Lin Fan and Bai Yi appeared together in the hall of the Xuetufang auction.

Bai Yi was nervous and stunned.

The wolf of Wall Street, the god of stocks, the king of e-commerce...

She has seen a lot of world-renowned super bosses, and Xue Tali is indeed well-deserved.

"Dog miscellaneous, who allowed you to come in, get out of here!" But at this moment, a man walked over with a gloomy face, it turned out to be Huangfuxuan!

It was the guy who was pestering Sima Yan'er at the door of the vegetable market, but was slapped in the face by Lin Fan.

Lin Fan was taken aback for a moment, and it seemed that he didn't expect to meet Huangfuxuan here.

The enemies were extremely jealous when they saw each other, especially when Huang Fuxuan saw Lin Fan's side, who was standing next to Bai Yi, the first heir of the Bai family, when even he was about to explode.

Is this poor ghost so attractive to beauties?

At this time, everyone heard the reputation, and when they saw Huangfuxuan, their eyes were full of shock and awe.

"Isn't that Huangfuxuan, the youngest of the Huangfu family? Do these two guys have brains? How dare you offend the future Patriarch of the Huangfu family?"

"It's really an idiot. The Huangfu family is the first of the four hidden giants in the south of the Yangtze River. It has the most wealth and power. There are as many as 30 listed companies alone. There are hundreds of industries under its command, and assets have already exceeded trillions. , It can be called the rich side, and being an enemy with it is simply looking for death!" Knowing the identity of the other party, Bai Yi's face suddenly turned pale. It turns out that the other party is Huangfuxuan, the youngest of the Huangfu family? That business genius who made 10 billion at the age of only 20?

Since the age of 20, he has taken over the Huangfu family's business, and has allowed the family's profits to grow steadily for five consecutive years. Although both heirs to the wealthy family, Bai Yi has a kind of success in the face of Huangfuxuan who is the heir based on real materials. Feeling ashamed.

Especially, knowing that the other party has hatred with Lin Fan, her heart is even more disturbed!

Lin Fan smiled faintly and said:

"You can come, why can't I come?"

Humph!

Huangfuxuan suddenly sneered:

"Miscellaneous, compared with me, are you worthy? I am a young man from Huangfu's family, with a wealth of money, and power in the south, but you? A dead and poor ghost!"

"You guys, shouldn't it be through illegal means to get into the blood? Is it Tumi?" After that, Bai Yi's expression suddenly became tense.

And her expression quickly fell into Huang Fuxuan's eyes, and he immediately laughed ecstatically:

"Sure enough, you are so brave to break into the blood! The high level knows that you will definitely die!"

As soon as he heard this, Bai Yi, who was originally anxious, was immediately stunned, and immediately grasped Lin Fan's arm nervously.

At this time, Huangfuxuan stared at Bai Yi with a lewd smile: "If you don't want to die, then let me be the woman next to you! The future Patriarch of the Bai family must be very interesting!"

Although he knew that Bai Yi was the heir of the Bai family, he never put Bai Yi in his eyes. After all, Bai Chen and Bai Hu came, and he didn't care.

What's more, in his opinion, Bai Yi only got the right of inheritance only after taking a shit.

Ok?

As soon as he heard this, Lin Fan's brows suddenly condensed, and the cold light in his eyes plummeted.

He spit out fierce words:

"Are you looking for death?"

What!

Huang Fuxuan's face sank, as if he didn't expect that Lin Fan would be so ignorant to promote it.

Immediately, he laughed contemptuously:

"What's so angry, isn't your wife only relying on selling meat to finally get her current status? In that case, who should sleep with me? You are a tortoise slave. One time, are you afraid of the second time?" As soon as this remark came out, laughter arose!

Everyone cast contemptuous glances at both Lin Fan.

This incident has spread in the south of the Yangtze River for a long time, because Bai Yi is so lonely and unknown, compared to Bai Hu and Bai Chen, it is simply not worth mentioning.

Such a woman parachuted as the first heir of the Bai family, which was unacceptable to anyone. Therefore, it was rumored that Bai Yi accompany the senior leaders of the Bai family to sleep with them, and finally earned glory and wealth.

Of course, it was passed on by Huangfuxuan!

After he learned that Bai Yi was Lin Fan's wife, he maliciously retaliated and exaggerated it in order to make Lin Fan and his wife suffer humiliation.

"You, damn it!"

Lin Fan's eyes were murderous, it didn't matter if the other party insulted him, but insulted his beloved woman.
