

Chapter: 1134

In their opinion, Lin Fan absolutely can't afford this Seablue Heart, so asking prices so arbitrarily is just trying to make trouble.

But this is also invisible, raising their budgets. Originally, they thought they could win this sea blue heart within tens of billions, but now because of Lin Fan, they need billions more!

The two of them showed murderous intent and gritted their teeth. At this time, they all wished to smash Lin Fan into pieces!

However, Lin Fan still glanced at them indifferently:

“Either bid or get out!”

Boom!

The audience was shocked, everyone looked at Lin Fan incredible.

Too arrogant!

This guy didn't understand his situation at all!

After provoking the two elders and the aloof Blood Lord, this guy has no self-knowledge, on the contrary, he has become more and more invincible.

This is really a shame!

In an instant, everyone sneered, and there was a strange expression in their eyes, as if they were looking at a dead person!

Sima Hongrui was furious and was about to take a lesson.

But at this time, Huangfuxuan stopped him, and smiled unkindly:

“Don't worry, I want to see how he put out 10 billion!”

Hearing this, everyone showed weird smiles. , At this time, the two big and young no longer bid, Lin Fan must auction this Sealan Heart with 10 billion.

If he can't get the money, Xue Tubing will cut it off!

There was a rich man who took the auction before but refused to admit it. As a result, a dozen people in his family were found the next day, and all of them died tragically under the knife.

Lin Fan is over, and the Bai family will be unlucky!

At this time, Bai Yi also had a deep despair on her face. She had already started calling, ready to sell all of her properties, and was paying for Lin Fan's arrogance.

Seeing this, everyone sympathized with Bai Yi more and more, but such a good woman just found a waste that would only drag her down.

“You have committed sins , you can't live!” Sima Hongrui suddenly smiled contemptuously, as if he could have predicted Lin Fan's end!

And at this time, the staff member from Xue Tubing quickly walked towards Lin Fan and asked politely:

“Sir, how do you pay?”

Seeing!

The ironic smiles at the corners of the mouths of everyone present were suddenly intense to the extreme!

Pretend to be?

Now it's up to you how to install it!

If you let Xue Tutong know that you have no money, your body will float in the moat tonight!

At this time, Huangfuxuan's eyes suddenly glowed with deep ecstasy, and the whole person was almost crazy!

died!

This guy is finally dying!

Dare to offend him Huangfuxuan, this is the end!

Everyone gloated at Lin Fan, looking forward to the scene of him kneeling down and begging for mercy.

It's just that the next scene...

is for everyone present to be petrified!

I saw Lin Fan spread out his hands helplessly, and said casually:

“I have no money!” The simple three words, but like thunder, blasted through the entire auction floor!

The entire auction room suddenly seemed deadly silent, and everyone was shocked, wondering if they had heard it wrong.

Admit it?

It was so straightforward to admit it!

This is simply, begging to die!

The head of the staff suddenly turned cold:

“Sir, are you kidding?”

No one has ever dared to rely on their bloody accounts, unless the other party wants to die!

“I really don't have money!”

But Lin Fan was still such an understatement, not caring at all.

“Then pay for it!”

Huangfuxuan said viciously:

“Guan Shi, this kid is a trash son-in-law, a little white face who depends on women to support him, how can there be 10 billion? He is deliberately making trouble!”

Making trouble?

Guanshi Liu's expression turned gloomy in an instant, and his words suddenly revealed a strong murderous intent:

“Either you will spend 10 billion today, or you will die in the blood!”
