

Chapter: 1154

The face of this man left an indelible mark on their hearts like a knife.

Three years ago, Hulao Pass.

In the face of one hundred thousand dark forces, the Eight Great War Gods of China were helpless.

But at this moment, a man carried the five-star flag and walked up to the city alone, saying only one sentence:

“I am a Chinese forest seat, I am here... beg you to die!” The posture is domineering!

Arrogant and arrogant!

The four-character Huaxia Lin Zuo suddenly made all the 100,000 dark forces stricken, and fled without their helmets and armors!

And on that day, the frontier generals deeply imprinted the man’s face in his mind.

Enshrined as a god!

Nowadays, there is a majestic sculpture of this man erected in the Tiger Prison Pass for the worship of the army!

Even the three war gods are no exception, but they didn’t expect that the legendary man would actually appear here.

And being a little son-in-law, this is incredible!

Upon learning of Lin Fan’s identity, the Three Great War Gods were almost paralyzed in shock.

Especially the Demon Slaughter War God, thinking that he was actually planning to attack Lin Zuo just now, his face couldn’t help turning pale, and his legs trembled uncontrollably.

This is simply disrespectful!

Lin Zuo is a Chinese commander-in-chief, and all legions look at his horse’s head and dare to attack him, even if he is the God of War, he cannot escape the blame!

and!

Lin Zuo’s strength is unpredictable, and even the Blood Prison Mad God was severely injured by him in a single blow. If he really made a shot just now, I am afraid that he is already a dead person at this time.

Thinking of this, the Demon Tu and War God trembled more and more!

Puff!

Puff!

Immediately, the three great war gods knelt on the ground together, shouting hoarse:

“Subordinates, see the forest seat!” In the voice, there is endless reverence and fear, like a god!

Extreme ecstasy and shock appeared in their eyes. It turned out that the Huaxia Linzuo was the King of the Blood Prison, known as the strongest man.

No wonder a word can scare away thousands of troops.

“Get up all!”

Lin Fan said indifferently, and looked around at the same time: “Now you should know that I am not a fake?” A wry smile suddenly appeared on the face of the blood prison mad god.

.....

And just now!

corridor!

After seeing the mad god of blood prison enter the meeting room and become angry, Huangfuxuan’s face was filled with a vicious smile:

“Hahaha, Bai Yi, did you hear that? The mad god is furious, and your husband is only angry at this time.

I’m afraid it’s been torn to pieces!” “It’s been a long time, I think that kid is probably dead!” Huangfuzheng also said happily.

The other big guys also think so, with a gleeful smile on their faces, and they are very thankful that they have made the right choice, that is, to follow the Huangfu family and the Sima family!

On the contrary, Zheng Honglian and Ye Wuya were so desperate and desperate.

They naturally heard the roar of the mad god in the blood prison just now, and they guessed wrong, Lin Fan is not the king of the blood prison.

Otherwise, how dare the blood prison mad god yell at him rudely?

At this time, the two Patriarchs collapsed to the ground feebly, miserable in their hearts, wanting to cry without tears, and only felt that they were sinners from the ages of their own family.

driven to distraction!

“Zheng Honglian, Ye Wuya, why did you know this before? Now that kid is dead, and soon your family, Ye and Bai, will be ruined, hahaha!”

Huangfu Zheng smiled badly, and a strong greed appeared in his eyes:

“Well, as long as you surrender all the properties of the two families, I can consider pleading with Lord Mad God and let him spare you a dog!”

Huangfuxuan also stared at Bai Yi with eagerness:

“Come on. Get that girl up for me! Young Master, I will have a bridal chamber with this widow today! ”

Just!

At this moment, a magic sound like hell came, but then it sounded:

“You move her one point, I will hurt you ten inches!”
