

Chapter: 1164

Chen Feng was also taken aback. He didn't expect it to be such a large number.

"Then what are you going to do?"

"Let them vomit it out by themselves."

Chen Feng said in amazement, "How is this possible? How can they vomit something that has entered their stomachs?"

"Mr Chen still lacks some common sense in law. I have found evidence for this matter. If they don't consider pooling the money, then they will be prepared to stay in jail for the rest of their lives."

Liu Xing said this with great momentum.

"Then when you need to let me go to the group, I will also make preparations."

"The company's team will be built next month."

Chen Feng asked curiously: "Why do you choose this time? Does it have any special meaning?"

"I need a sum of money to know who these guys are doing things around. I told Mr. Chen before that these people are organized. It's just who the people in this organization are. I don't know yet, so I need time to investigate clearly so that I can cut the grass and roots."

Chen Feng didn't think that this would be any important thing. After all, even the power of the entire company was cleaned up, so the organizer just didn't know what it was.

But Liu Xing was doing all of this, and Chen Feng didn't need to point fingers.

"Then look at it. Now that the time is set, then I will pass when the time comes. Just give me the information at that time."

Liu Xing nodded.

After Liu Xing finished his coffee, Chen Feng remembered something. He asked, "I haven't asked any questions about your life for such a long time. If you have any questions, you have to tell me. After all, you are here. I brought Yenching here."

"Speaking of which, I still really want some things to be handled by Mr. Chen."

"You said, guaranteeing your logistics is the only thing I can guarantee for you now?" Chen Feng smiled.

"It's not a big deal, but it's true that I don't know many friends in Yanjing, so I hope Shao Chen can find someone to show me the whole scene."

"Huh? Support the scene?" It is hard to imagine that a guy like Liu Xing still needs to support the scene.

And speaking of this matter, Liu Xing seemed to hesitate.

"It's not that you fell in love with that woman, but the other person disliked you?"

Liu Xing shook his head and said, "That's not the case. It's just that I have agreed with someone to fight, and there are more people than anyone can call. And the other party is also in Yanjing. It's really not easy to push through."

Chen Feng immediately laughed, and even with Liu Xing's identity, he would still do this kind of online dating.

"You don't have a minor encounter. You are embarrassed to do this kind of thing."

"It's just because something quarreled, so I didn't admit defeat."

Liu Xing said, Chen Feng still saw embarrassment in his single eye.

However, this is not a big problem, Chen Feng said, "Then wait for me to call you."

After that, Chen Feng looked for a big dog.

"Shao Chen, how come you have time to call me."

"I have a business I want to ask you if you want to do it." This chapter is not over yet, please click on the next page to continue reading! Page 1 of 2

Before Big Dog heard what Chen Feng said about the business, he repeatedly agreed and said, "Shao Chen's business must be done, but I have never seen someone as generous as Chen Shao."

This is like cursing Chen Feng, because Chen Feng has a lot of stupid money.

"Stop talking nonsense, I want to find some people to fill the scenes for me, how many people can you find for me?"

"It depends on how many people Chen Shao wants?"

Chen Feng didn't know it himself, so he asked Liu Xing, "How much do you need?"

Liu Xing himself didn't seem to be very clear, but he said based on his feelings: "A few hundred, it should be enough."

Chen Feng thought about it, since it's a supporting scene, he should round it up, so he said to the big dog: "Make a whole number, one thousand."

The big dog said: "One thousand?"

"Why, too much?" Chen Feng wondered if he was a little too much.

But Dagou said, "Young Master Chen, it's just a matter of supporting the scene. You don't have to do anything anyway. There are a lot of people who want to make money. You don't want to add more people?"

Unexpectedly, there is still such a bargaining.

Chen Feng was too lazy to join people again, fearing that it would become messy when the time comes.

"Two hundred yuan per person is one thousand."

"Then Young Master Chen, when are you going to take it?" Big Dog had no choice but to accept it.

After Chen Feng asked Liu Xing, he said, "Tomorrow night, in the big square behind Chuqiao Street."

Big dog agreed again and again.

When the call was put down, Chen Feng smiled and looked at Liu Xing, and said, "With so many people, what should I do if I frighten them when I look back?"

Liu Xing didn't seem to have thought about it either.

"Probably not, but that guy told me that he can bring out at least a hundred people, so he asked me if I would dare to fight."

Chen Feng smiled and said: "Then things on the Internet, don't you just say it casually? You are also bragging about yourself, but in the end, you are not asking me to find someone for you."

Speaking again, Liu Xing was still a little embarrassed.

"Okay, see you tomorrow night, I want to see that person who dares to move me in Yanjing."

Shen Xinxin never thought that someone would ask her to have an appointment.

This kind of thing was like a ridiculous joke, and she also felt that she had met a primary school student.

But at that time, when her mind was hot, she told the other party that she could bring out more than a hundred people, but now that the words have been said, she can't really find so many people.

She was thinking about this kind of thing anyway, the other party didn't know where she was, so just let it go.

But when she went back to talk about it, she actually said her address out of anger.

She has never really been so angry before, and she can be so angry that she has no brains.

But if she doesn't go to the appointment now, she is a little worried whether that guy will actually come to the door.

So, after thinking about it, she finally decided to ask a relative of her with some relations.

"Cousin? This is Shen Xinxin."

A Qiang was also curious, how could his sister who is too far away find herself, but he was still polite. After all, he had some relatives, and he said, "Is there anything to do with me?"

"Brother, I heard that you seem to be doing well in Yanjing, and you know a lot of people."

"It's okay, it's just to eat." A Qiang also said modestly.

"Can you do me a favor, brother?"

A Qiang naturally wanted to refuse. Although this was also a relative, it was far away, so he didn't bother to do so.

But after thinking about it, I used to be looked down upon by others. Now I can look back and pretend to be a big brother. He thinks it's good, so he proudly said, "What are you talking about? I'm familiar with the land of Yanjing."
