The Nalan family was furious, and sent three great masters, twelve top masters, and countless grandmasters to assassinate the forest seat, but all of them were gone.

On the contrary, several high-ranking members of the Nalan family died unexpectedly, after which the Nalan family realized that it was an enemy of Lin Zuo, and it was pure self-destruction.

Therefore, high-level officials were sent to seek reconciliation, and then compensated 100 billion yuan, which calmed Lin Zuo's anger.

Yanzishan's face was full of pride, and he ordered Lin Fan:

"I know I'm afraid, so I knelt down and knocked me three bangs, and then put my hands and feet on my own, maybe I can still consider forgiving you a dog's life! "It's just that Lin Fan raised the corner of his mouth and said contemptuously:

"Nalan's family, there is like an ant!"

What!

Upon hearing this, the audience was silent!
