

# Chapter: 1166

“Are you here?” Chen Feng said to Liu Xing, who was sitting on a chair.

He looked around, as if he hadn't seen the person who had agreed with him.

But even if he saw it, he might not know him. The other person he thought should be a man, and he might be a little thin, but he should never be a woman.

Liu Xing shook his head and said, “I shouldn't dare to come over.”

“Somewhat boring,” Chen Feng said lazily.

“It's really boring. Let people leave. Gathering here is still not good.”

“Okay!” Chen Feng stood up: “I still wanted to see this interesting scene, but the result was nothing but nothing.”

He stood up and shouted to a thousand people sitting around the square behind him: “Everyone, go back, it seems that guy is scared and afraid to come over.”

After Chen Feng finished speaking, the whole venue suddenly became a little noisy. After all, there were more than a thousand people. As long as one person said a word, it was not inferior to the scale of the vegetable market.

But the money is already available, and they are happy to go back sooner.

When she was leaving, Shen Xinxin saw this scene.

She was stunned that she couldn't even hold her chin to fall off.

Just now I was thinking about why it is so lively here, but I didn't expect that so many people were actually called by the other party.

A Qiang finally saw Chen Feng, and he muttered, “What did Chen Shao bring so many people here?”

Thinking about it, he still had to go up to say hello.

“Cousin, where are you going?”

“That person is a friend of mine. I will say hello to him.” If he said he was a friend, he actually put gold on his face.

“Is he a friend of my cousin?” Shen Xinxin seemed to see hope again.

A Qiang nodded and said, “The relationship is not bad, but it's a bit strange how to bring so many people here, and if you need someone, he should call me too.”

Shen Xinxin was even more happy. It sounds like her cousin seems to have a good relationship with the other party.

“Cousin, can you do me a favor?”

A Qiang looked at her suspiciously, wondering how this sister would beg herself like this again and again.

But after thinking about it, he still asked, “What's the matter?”

Shen Xinxin pointed to Chen Feng, and said with a certain amount of confidence: “I had some small conflicts with that person, so I thought...”

But before she finished speaking, A Qiang was surprised: “What? You had a conflict with him.”

Shen Xinxin was also frightened, and said hurriedly, “It's just some small contradictions, really nothing?”

After getting angry, Aqiang calmed down and asked, “Do you know who he is?”

Naturally, Lu Xinxin didn't know, she shook her head strangely.

“Is his identity special?”

A Qiang was a little annoyed by this question. He said angrily: “You don't even know who he is, so you dare to provoke him at will. If he wants to deal with you, you won't even die. knowledge.”

Lu Xinxin was a little scared immediately, and coupled with the flow of people who are still leaving now, she was really afraid that she would be retaliated by the other party, and tears flowed out of her unwillingness. “Brother, you have to save me, I'm still young, I don't want to die yet!”

Lu Xinxin cried aggrievedly.

A Qiang looked helpless, but after all, she was still her own sister and had to take care of everything.

“You go with me and apologize to Shao Chen. If the matter is not serious and Shao Chen can forgive you, then this matter will pass. But if Shao Chen really doesn't want to let you go, even me, you can't escape.”

Hearing that she was going to see Chen Feng, Shen Xinxin was immediately frightened.

“Brother, can't we not go? Let's go, he doesn't know me anyway, as long as he leaves, nothing will happen.”

Aqiang sneered and looked at some innocent sisters and said, “Do you think you can still run away? Do you think I'm scaring you? The title of the first son of Yanjing is not a person's name, it's him. Really spell it out. Now that you make things clear, you may be forgiven by Chen Shao. If you run away, whatever means you can use to turn around may be used for you. At that time, don't talk about yourself, even your family members can suffer. spread.”

Lu Xin was already very scared, and when she heard that she had to do something to her family, her legs became even more frightened, and she hurriedly asked: “Brother, you really want to save me, I'll go with you.”

Chen Feng was also preparing to leave here with Liu Xing, but he saw A Qiang walking over with some people, although only three or four people, Chen Feng was still strange.

Now that he knew that Chen Feng was here, A Qiang naturally did not dare to bring his brothers over again. When he saw Chen Feng, A Qiang said bitterly, “Young Master Chen, I'm really sorry.”

“What do you mean?” Chen Feng was also curious, after all, A Qiang apologized when he came over, and he didn't know what happened.

“Actually, I came here to apologize to my ignorant sister.”

Hearing what he said, Chen Feng looked at Lu Xinxin who was coming with A Qiang.

Not only did Chen Feng see it, but Liu Xing who was on the side also saw it, but he saw something interesting about Shen Xinxin.

The bracelet on her wrist is the same as the bracelet in the photos Liu Xing looked at online, with a metal bracelet with a few white stars.

But even after discovering the identity of the other party, Liu Xing did not point it out.

Hearing what Aqiang said, Chen Feng looked at the woman behind him and asked, “What's wrong with her?”

“Shao Chen, my sister told me about your coming here. I hope this matter can be seen in my face and let her go.”

Chen Feng was still confused: “How did she know that I was here? Did the big dog tell her when he barked?”

In Chen Feng's opinion, he would not associate the person who scolded Liu Xing with such a woman.

“Shao Chen, you...” A Qiang didn't know what Chen Feng meant, and even thought that Chen Feng was deliberately not mentioning it, so that this matter could be covered in one stroke.

“In this case, I took my sister away. If Chen Shao has any grievances and wants to vent, just ask me, Aqiang. My sister is young and not sensible. I hope Shao Chen will not find her. Trouble.”

Chen Feng, who couldn't understand it from start to finish, cursed: “You think of me as someone. Lead a woman up and say that I'm going to trouble her. If you want to go, just walk away and don't let me see you again. your turn.”

A Qiang glanced at Chen Feng a bit sourly, without saying anything, turning around and leaving the square with Shen Xinxin.

At this time, the people on the square had almost left, and suddenly returned to the usual desertedness.
