

# Chapter: 1186

Great... Great Elder!

Everyone was horrified, because they all knew that the great elder of the Nalan family was already above the great master!

Moreover, the status of the great elder in the Nalan family is no different from that of the Patriarch. When the Patriarch is away, he can take charge of everything on behalf of the Patriarch!

That's it!

At this moment, everyone thought that Lin Fan and others had good luck at the end!

After all, the family in front of them, but the existence that had challenged Lin Zuo before, if they were simply too easy to turn their backs!

At this time, the four major masters also instantly turned pale as paper. Such a behemoth was not something they could shake by ants like this.

The atmosphere is suppressed to the extreme at this moment!

Everyone was squatting on the ground, their hearts throbbing wildly, and seeing legends like the Great Elder at this moment, they were all in a cold sweat.

At this time, he didn't even have the courage to look directly at the other party, like a frightened little white rabbit, panicked.

At this time, even the Dragon Tiger and the God of War couldn't help but frown, and it seemed that he didn't expect that this difficult big elder would appear in a small river city.

"Elder, you are finally here!"

The moment Yanzishan saw the elder, Yanzishan was full of ecstasy, and then pointed at Lin Fan bitterly:

"Elder, this is the person who broke the cooperation between us and the genius doctor Lin. You must not let him go!"

Not only him!

Even Lin Guangyao laughed excitedly when he saw the arrival of the great elder.

The Nalan family dared to challenge Lin Zuo, and now no one can save Lin Fan unless Lin Zuo comes here!

This waste is dead!

At this time, Bai Yi was also pretty pale, looking at Lin Fan nervously, with a deep look of horror in his heart.

then!

The Great Elder cast an unkind look at Lin Fan. After seeing Lin Fan still sitting on top of the main seat, he suddenly snorted angrily:

"Boy, no one has ever dared not respect me. Lan family, boy, as long as you kneel down and kowtow, I can consider...keep you a whole body!"

In the words, a strong murderous intent was revealed!

And, contempt for an ant!

This scene immediately made Lin Guangyao and Yanzishan extremely ecstatic.

Then the eyes looking at Bai Yi and Lin Fan were filled with deep resentment and pleasure!

At the moment, Yanzishan grinned and said:

"Elder, next to the trash is Bai Yi, rumored to be the confidant of Lin's doctor. We can arrest her and force Lin's doctor to cooperate with us!"

Hear this!

The great elder also shined, and then smiled approvingly:

"You kid, you are very smart! Just do what you say!"

Just!

The dragon and tiger war gods on the side sneered. The elder didn't know the identity of Lin Fan to dare to be like awkward.

If he knows, the man in front of him is the old forest seat that caused the Nalan family to lose their soldiers, and he would be scared on the spot!

"Why don't you kneel now, I'm thinking about not killing you?"

A playful voice sounded abruptly at this time.

The audience fell into a dead silence in an instant!

kneel?

Thinking about not killing you?

This sentence directly made the whole banquet hall silent!

Then, a pair of horrified and shocked eyes gathered on Lin Fan at this moment.

This guy, after seeing the arrival of the great elder, instead of showing the respect he deserves, he let him kneel down instead!

audacious in the extreme!

act recklessly!

At the moment they saw this scene, Lin Guangyao and Yan Zishan were about to jump up with excitement.

Dead!

Seeing the legend come, this guy dares to be so frivolous and arrogant, he is absolutely dead!

"Good good..." In an instant!

The eyes of the great elder wiped out a strong hostility:

"Don't let him die too fast, I will tear it piece by piece!"
