

Chapter: 1188

Four words, like a thunder sensation!

In the ears of everyone, it completely exploded!

Everyone's eyes widened, as if he had seen a ghost, their faces were filled with a thick disbelief!

crazy!

It's crazy!

A little girl and a half old, turned out to be the head of the Nalan family?

Are they dreaming?

prior to!

They indeed heard that the Patriarch of the Nalan family was assassinated and died. For a time, the group of dragons had no head.

Fortunately, they found the orphan of the Nalan family who had been separated for many years, and he would become the Patriarch today!

It's just that they didn't expect that the Patriarch of the Nalan Family, who had eyes wide open to the sky, turned out to be a half-year-old child!

Yanzishan directly burst his scalp, and at this moment he was going to be completely frightened insane!

The girl he regarded as a lowly and poor ghost, turned out to be the new head of the Nalan family?

how can that be!

This scene also shocked Lin Fan. He didn't know that Xun'er had such a mysterious identity.

Wow!

Then, the Nalan family, headed by the elder, quickly walked towards Xun'er, and bowed deeply to her respectfully:

"Patriarch!"

Xun'er glanced at the elder lightly, and said coldly:

"Elder, do you know you are guilty?"

Puff!

This sentence, as if there is a force of gravity, directly caused the great elder's legs to soften, and instantly knelt on the ground.

With a deep anxiety on his face, he said in horror:

"Patriarch, I... I don't know what's wrong with it?"

Xun'er snorted and said coldly:

"You wrongly believed in the traitor, and caused my Nalan family to offend the genius doctor Lin, and therefore suffered a huge loss, dare you to say that you are not guilty?"

Wrongly believed in the traitor?

The great elder immediately trembled all over his body, and then cast an extremely cold look at Yanzishan.

"On the same day, Yanzishan snatched my healing medicine Rejuvenation Pill from the hospital, and insulted me as a cheap species and wanted to drive me out of the hospital!"

Xun'er said lightly, "Later I heard that the Rejuvenation Pill was made by Lin Shenyi. It was precisely because he took the Rejuvenation Pill and angered the genius Doctor Lin that the genius Doctor Lin felt sick to our Nalan family and was unwilling to cooperate with us."

"This matter, from beginning to end with Lin Fan and Bai Yi. , It doesn't matter! "

What!

Take away the Patriarch's healing medicine!

Also insulted her as a bastard!

Even more, to drive him out of the hospital!

This moment!

The entire Nalan family was completely furious!

The Nalan family pays most attention to blood line and family glory. The pride is to the extreme, and others are not allowed to insult the Nalan family.

But now, if Yanzishan insulted Nalan's family, he still insulted the head of the Nalan family. This is damned!

"Yanzishan, you are so brave! You dare to insult the Patriarch of the Nalan family without telling me!" The great elder was completely furious, his eyes filled with murderous intent, and he would stare at Yanzishan.

It looks like you can't wait to smash it into pieces!

Puff!

Yanzishan knelt on the spot and was about to urinate in fright, with a deep look of horror on his face, and wailed in tears:

"Elder, I...I didn't know that she was the Patriarch! This...this is all a misunderstanding!"

Endless fear haunted his heart at this time.

He had never dreamed that it would happen so by coincidence that this trash girl turned out to be the Patriarch of their Nalan family.

Especially, when he thinks of the scene of beating and insulting Xun'er when he was in the hospital, and even trying to drive her out of the hospital, he felt that his liver and gallbladder were split, when even a puddle of urine was running down his pants. Out.

More than him!

Lin Guangyao on the side was almost paralyzed by fright at this time.

Looking at the little girl who appeared suddenly, the already murderous elder, he only felt a chill, which rushed straight from the bottom of his feet to the heavenly spirit cover, making him almost crazy!

"Needless to say!"

The elder interrupted directly and violently, and then roared:

"Yanzishan, as a vassal of the Nalan family, has committed the following crimes and insulted the Patriarch. With immediate effect, all privileges and properties will be taken back and Nalan's family will be kicked out!

" And, break your legs!"
