

# Chapter: 1190

And this time!

Liyuan Mansion, Bai Yi's home.

The sound of violent smashing and Shen Yumei's cries continued to be heard from the house.

The whole house was in a mess, with glass shards and bricks everywhere, all the furniture had been fragmented, and there was no complete object in the whole house.

At this time, a man stomped on the family portrait of Lin Fan's family.

Bai Haoran, the eldest grandson of Mr. Bai's brother, learned that Mr.

Bai wanted to sweep the house out, so he took the initiative to ask

Ying to come and drive him away.

"Bai Haoran, my daughter-in-law, I won't let you go!"

Looking at the broken family portrait, Shen Yumei broke down

completely, crying hoarsely.

"Just rely on those two wastes?"

Bai Haoran smiled contemptuously, and then arrogantly roared:

"Smash it! Let this waste family know that if we offend our Bai family,

what will happen!"

Seeing the family be beaten up, Baishan's A deep bitterness also

appeared on her face, and she smiled bitterly:

"Wife, let's go!"

"I won't go!"

Shen Yumei stubbornly shook her head and said: "Bai Yi and Lin Fan

said they would keep our home, they will definitely not break their

promise. Of!"

Just!

Hearing this, Bai Haoran and others from the Bai family all sneered,

secretly despising Shen Yumei's innocence.

"Don't dream anymore!"

Bai Haoran smiled grimly, and said:

"I just heard that Lin Zuo will also be there for this gathering, and Zhu

Yun will become his hero. Those two catastrophe stars in your family

dare to offend. He will definitely die today!"

What!

The couple suddenly felt as if they were electrocuted, weakly slumped

to the ground, and a deep remorse appeared on their faces.

They shouldn't let the two children go because they killed them.

Seeing the Baishan couple burst into tears, Bai Haoran's heart suddenly

showed a touch of perverted happiness, and smiled sinisterly: "But as

long as you kneel down for me, maybe I can consider and intercede for

them!"

Puff!

Apart from anything else, the couple suddenly knelt towards Bai

Haoran, crying hoarsely:

"Haoran, please save them, you can let us do anything!"

But at this moment!

The old man Bai is leading the Bai family and killing them all!

"Uncle, you are finally here!"

The moment he saw Father Bai, Bai Haoran suddenly showed ecstasy

and greeted him quickly.

When Mr. Bai saw the Baishan couple kneeling, his pupils shrank

severely, and he almost didn't scare him to pee on the spot!

Immediately, he shouted with a distorted expression:

"Bai Haoran, what's the matter?"

At this time, Bai Haoran still didn't realize that the situation was wrong,

and proudly flaunted:

"They refuse to move so far, so I will help you. Teach them a little bit."

Lesson?

In other words, the reason why the Baishan couple knelt down is

entirely because of Bai Haoran?

boom!

Elder Bai and the others suddenly felt five thunderstorms, their faces,

and at this moment, they were all ashamed.

But at this moment, Bai Haoran continued to ask for credit:

"Patriarch, don't be too surprised, this is all part of my business! Now,

do you want to throw them out immediately?"

Just listen to this!

Bai Shan and Shen Yumei immediately trembled uncontrollably, and

their faces were covered with shame and bitterness.

just!

Snapped!

In the next instant, a slap was slapped on Bai Haoran's face fiercely.

Everyone was stunned to see that the person who made the shot

turned out to be Old Man Bai.

Dead!

At this moment, the entire Bai family was completely silent.

Bai Haoran staggered and fell to the ground, but looked at Father Bai

in disbelief:

"Uncle, you...why did you beat me?"

He clearly made a great contribution, but the other party did not praise

him. Instead, hit him?

This, how is this possible!

The Baishan couple was also completely shocked. They couldn't think

that the old man would take the initiative to teach Bai Haoran, he was

defending their couple?

Are they dazzled?

"Asshole thing! You dare to commit the crime, can you humiliate my

son?"

Old man Bai's eyes were cracked and he stared at Bai Haoran fiercely,

almost mad.

Now that Lin Fan has issued an ultimatum, if he wants to be forgiven,

he must kneel down and apologize to the Baishan couple.

But Bai Haoran, an eyeless idiot, actually made them kneel. If Lin Fan

knew about this, then reconciliation would be impossible.

then!

The old man Bai led the Bai family and walked quickly towards the

Baishan couple.

Under the horrified gazes of everyone, they all knelt towards the

couple:

"Baishan, please forgive us!"
