what!

Wen Qian and Li Xianghu suddenly shocked all of them, and a deep look of shock appeared on their faces.

At this time, I felt that my breathing was stagnant.

Jiangnan Gongzhu?

They had just returned from overseas and didn't know the current situation in Jiangnan, so naturally they didn't know the existence of such a number one person.

In their impression, isn't Jiangnan Province in the past dominated by the four giants?

But now, the four giants actually worship one person at the same time? how can that be!

At this moment, the two of them opened their eyes wide, and couldn't believe what they heard.

What kind of existence is it that is able to surrender to the four giants in the south of the Yangtze River and become the master of a province?

“My dear, such a character, we must make friends!”

Wen Qian trembled with excitement, with deep desire on her face.

That is the Jiangnan Communist Party. If they can associate with them, then from now on in Jiangnan, wouldn't they be able to walk sideways?

At this time, Lee Sang Hyuk nodded his head heavily, and a look of expectation appeared in his eyes.

I thought in my heart, no matter what, I have to make friends with this kind of existence!

But when the two were about to enter the Rolls-Royce 4s shop to meet the mysterious Jiangnan Communist, they suddenly saw Lin Fan and Bai Yi walking out one after another.

The two froze for a moment, and then burst into laughter!

“Did you two poor ghosts go to the wrong place? Can you come to this place?”

At this time, Wen Qian smiled extremely happily, and said harshly:

“Just because you want to buy Rollsley too Si? Have you forgotten what I said? First take a piss and take pictures of your own virtues!”

Now!

Shu Lan also said meanly:

“Miss Wen, you can really laugh, how can these two paupers afford a Rolls Royce?”

“In my opinion, they probably came here to have a look. Addicted!”

Behind them, all the employees of Mercedes-Benz 4s shop all sneered, staring at both Lin Fan contemptuously.

“Who said we can't afford it?”

Bai Yi suddenly became angry, and the other party's repeated humiliation completely annoyed her.

Even if it was angrily said: “Just now, we bought 30 Rolls. Les Phantom!”

Jing!

The audience suddenly fell into a brief silence.

Everyone was dumbfounded, wondering if they had heard it wrong.

follow closely!

puff! Hahaha!

A neat burst of laughter sounded completely at this moment, extremely harsh.

Not only that!

Wen Qian on the side, after hearing what Bai Yi said, she almost laughed:

“Hahaha... Bai Yi, Bai Yi, I didn't expect to see you in half a year, you will learn the same as this rubbish. Shameless, I started to run the train!”

“I bought thirty Rolls Royce? Are you trying to say that you are the Jiangnan Communist? It's a laugh, you don't look at your own virtues!”

Wen Qian's words became more mean.

Especially after seeing Bai Yi's bragging being exposed by her, her heart was simply extremely happy.

Today, she is going to step on the slut who has killed her like a dog who has escaped from the country.

just!

Just now!

Lin Fan smiled slightly: “How do you know that my wife is not the Jiangnan Communist Party?”

Huh?

Everyone was stunned, and the corners of their mouths were full of contempt, and they didn't think Lin Fan's joke was funny at all.

At the moment, Wen Qian's face even darkened, and she sneered: “If she is the Jiangnan Communist, my old lady will kneel down and lick the soles of your shoes now!”

Li Xianghe on the side said with a look of disgust:

“Dying with these two Don't talk nonsense, now it's the most important thing to make friends with the Jiangnan Communist. We can't miss this opportunity!”

“My dear, you are right. When we meet the Jiangnan Communist, we must tell him, these two don't know. The life-and-death guy dared to pretend to be him and let him smash these two people into thousands of pieces!”

Wen Qian smiled viciously, holding Li Xianghe's hand, preparing to meet the Jiangnan Communist.

But right now!

They suddenly saw that a Rolls-Royce sales lady trot over with joy, and then bowed deeply to Lin Fan and Bai Yi.

Then, he handed out a series of car keys:

“Mr. Lin, Mrs. Lin, the procedures have been completed.”

“Here are the car keys of your thirty cars!”
