

Chapter: 1212

At the moment when the sales voice fell.

The audience suddenly fell into a dead silence, and everyone seemed to be strangling their throats, each one was stunned and shocked to the extreme!

Hallucinations!

This is so special, it's an illusion! Mobile terminal: Is the procedure done?

Car keys for thirty cars?

This couple did not brag!

At the moment, everyone's complexion changed drastically, as if they had seen a ghost, one by one, they crazily rubbed their eyes.

I can't believe what I see before my eyes!

"Car...car keys! They really ordered 30 Rolls-Royce Phantoms!"

"Am I dreaming? Just now the employee clearly said that it was Jiangnan Gong that bought these Rolls-Royce Phantoms. Lord, could it be said that this woman is really the Jiangnan Communist Party?"

Tick!

Tick!

Drops of cold sweat continued to flow down from their foreheads.

If the other party is really the Jiangnan Communist Party, and they dared to humiliate each other like that before, it would be completely over.

That is the most vigorous existence in the whole Jiangnan today, causing all the four giants to kneel down, and all the bigwigs bow their heads.

They are a small 4s shop, and in the eyes of the other party, they are like ants, and they can be destroyed by a finger!

Insulting such existence, this is simply looking for death!

"Impossible...It's impossible!"

Now!

Wen Qian's face was covered with deep horror, she couldn't believe her eyes.

When she left half a year ago, Bai Yi was just a small president. Now in

just half a year, she has become the Jiangnan Communist Party?

how can that be!

Her face was ugly as if dripping water, after all, just now, she even laughed at Bai Yi if she was the leader of Jiangnan, she knelt down and licked her shoes.

And right now, he was instantly slapped in the face.

At this time, Shu Lan, who saw this scene, felt that her heart had been

severely cut!

pain!

Distressed!

Before, when Lin Fan and Bai Yi said they were going to buy a batch of vehicles in her shop, she sneered at them, and didn't care about them at all.

I think these two poor ghosts are just rants!

But now, the other party is directly next door and bought 30 million-dollar luxury cars. If she didn't have a dog to look down on people at first, she would drive the couple out.

So now, the couple should have bought 30 Maybachs in their Mercedes-Benz 4s store, and she will also receive millions in commission!

But now!

She has nothing!

Those millions of commissions, as well as the generous year-end bonuses, were completely away from her at this moment.

"She... turned out to be the Jiangnan Communist Party?"

Li Xianghe was startled, suddenly he had an ominous premonition in

his heart.

The one who controls the four giants and rules Jiangnan is actually the

woman in front of him?

just!

Wen Qian, who reacted, smiled contemptuously:

"The shit Jiangnan Communist Party ! Half a year ago, she was just a small president. After only half a year, she became the Jiangnan Communist Party. How is this possible?"

"It must be that. The staff misunderstood!"

This statement came out!

Everyone also recovered from the horror, and a thick anger suddenly appeared in their eyes.

Almost let the dog and the man and woman be fooled!

indeed!

It took only half a year for a small president to become the head of a province. This is simply a fantasy!

Totally impossible!

The employee must have misunderstood!

"Dare to play with me? I think you are looking for death!"

Li Xianghe's eyes were splitting suddenly, and he was rather angry and angry, because just now, he really thought that Bai Yi was the Jiangnan Communist.

Only now did I realize that I was being tricked!

At this time!

Wen Qian's gaze fell on Bai Yi's body, and there was a strong joking and viciousness in her eyes:

"Bai Yi, is it stinking for me? Then I order you now to turn these thirty cars immediately. In my name!"
