what!

Everyone was suddenly in an uproar, and they didn't expect that Xiao Youwei had already been there, but Lin Fan actually dared to be so embarrassed?

Even in front of Xiao Youwei, he said he was going to castrate his son?

Too arrogant!

Too much to die!

Lin Fan's words also immediately made Xiao Youwei's face sinking, and

then angrily said:

"Young people, you need to know to be forgiving and forgiving, don't go too far."

As the leader of the Jiangbei Communist Party, he is already like this.

Lowered his stance, but the other party was still so ignorant of what is good or bad.

A wasteful son-in-law, why should he shine in front of him?

What he was afraid of was Bai Yi, the Jiangnan Communist, and as for

the waste of Lin Fan, he did not take it seriously.

Even Bai Yi didn't speak, what right does Lin Fan have to talk about

this trash?

"It's you, would you let me go?"

Lin Fan sneered, being humiliated by his wife in public, and said that

he would treat his wife as a plaything and play with his wife in front of

him.

If this can be tolerated, is it still a man?

Xiao Youwei's face suddenly sank, and he threatened coldly:

"I advise you, it's better to take the money honestly and accept our

apology."

"Don't forget, you also stole it ." The Queen's Seablue Heart, if you

want to die, I don't mind staying with you to the end! "

Now!

A touch of contempt appeared in Xiao Youwei's eyes.

Because of his confidence, Lin Fan and the other two will definitely

accept their proposal unless they are not afraid of the thunderous anger

of the King of Blood Prison.

just!

"threaten me?"

Lin Fan smiled sarcastically, and then a sharp expression suddenly

appeared in his eyes:

"Do it!"

Hearing this!

The great elder swooped out abruptly, and then slammed a kick,

stomping down towards Xiao Tingjun's crotch.

Ouch!!!

A scream like killing a pig suddenly resounded.

Everyone looked at Xiao Tingjun's body, blood was already

overflowing, and it seemed to be extraordinarily oozing.

After screaming, he also passed out on the spot.

Everyone's eyes widened, froze in place like a goose, completely

stunned.

Lin Fan, actually abolished Xiao Tingjun!

madman!

This guy is simply a lunatic!

Xiao Youwei has already taken the initiative to apologize, but Lin Fan is

still aggressive. What qualifications does he have for such a trash?

This is simply shameless!

Now that the two sides have completely forged a death feud, even if

his wife is really a Jiangnan Communist, but if he wants to compete

with the Xiao family with a long history and well-connected people,

that is a foolish dream!

Lin Fan, this is looking for death!

"You! Very good!"

Seeing that his son had been castrated, Xiao Youwei's eyes suddenly

cracked, staring at Lin Fan.

At this time, he was already furious to the extreme.

This wife's waste, really dare to touch his son?

Damn it!!!

This moment!

Everyone saw that Xiao Youwei's teeth were crunching, and he

obviously hated Lin Fan!

He slowly picked up Xiao Tingjun, who was already unconscious, his

expression extremely gloomy.

Then, Xiao Youwei announced with extreme hatred:

"From today, Jiangnan and Jiangbei will never die!"

Wow!

Upon hearing this, everyone present was shocked.

Then a look of contempt appeared on his face one after another, all of

which satirized Lin Fan's uncontrollable ability in his heart.

Xiao Youwei hugged Xiao Tingjun and left, and everyone realized that

because of Lin Fan's shame, the seat of the Baiyi Jiangnan Communist

Party might not last long.

One by one, they immediately cast sympathetic glances at Bai Yi.

With such a wasteful and broom star husband, Bai Yi has really

suffered blood mold for eight lifetimes.

And just now!

But a group of people rushed in aggressively, and the headed young

man in a flower shirt immediately roared,

"Where is Wen Qian? Where is that bitch Wen Qian?" When she saw

the other party, Wen Qian suddenly trembled and her face was fierce. It

turned pale with a sigh, and grabbed Lee Sang Hyuk's hand very

nervously:

"Sang Hyuk, save me, I beg you to save me!"
