

Chapter: 1283

“No!!!”

Seeing Shen Ling being killed, Cuiping suddenly wailed hoarsely.

That voice is terrible!

She never dreamed that just because she insulted Bai Yi, it would bring the killing disaster to their family.

Their family has always regarded Lin Fan’s family as rubbish, and they can insult and trample at will!

And now, this is retribution!

They actually watched their daughter and died tragically in front of them!

Cuiping and Shen Jian had regretted their intestines at this moment, with deep regrets on their faces.

They should not provoke the Baiyi family!

But this time!

A bit of resentment appeared on Cuiping’s face, staring at Bai Yi:

“Bitch, you killed my daughter! I won’t let you go!”

Seeing it!

Bai Yi also sighed helplessly. She thought that Ye Shihao was just trying to scare Shen Ling, but she didn’t expect that he really dared to kill in public.

When she wanted to stop it, it was too late!

Ok?

And hear this!

The four great masters suddenly raised their eyebrows and raised their eyes, with fierce murderous intent in their eyes!

Especially Ye Shihao!

Holding the bloody machete, he glared at Cuiping like bursting eyes:

“It seems that you still can’t learn to behave, then I will send you mother and daughter to the underworld to reunite.” The words were full of thick words, brutal!

Suddenly, De Cuiping and Shen Jian’s wife trembled fiercely, and their faces were completely gray.

Don’t dare to speak again!

Upon seeing this, Zheng Honglian also sneered:

“Before accusing Miss Bai Yi, think about what you have done, repeatedly insulting the Jiangnan Communist Party, and treating her forbearance as weakness to be deceived...”

“You guys, shouldn’t you deserve to die?”

At the same time!

Sima Longming also took a step forward and coldly snorted:

“What nonsense with them, Miss Bai Yi is soft-hearted, but we are not good men and women. If the people of the Shen family dare to insult our master, then kill them all!”

Murderous!

And these words immediately shocked everyone in the Shen family.

In those eyes, there was a deep fear, almost almost crying, looking at Bai Yi pitifully.

They did not expect that one day their fate would be in the hands of the Bai Yi family that they had always looked down upon.

just!

Bai Yi said with a tired look:

“Take me away, I’m tired!” The four masters nodded and said yes, and

they escorted Bai Yi’s family away from the Jewelry Exhibition Center.

The other bigwigs were also excited when they saw this place, and they

rushed to escort Bai Yi away together.

The King of the Blood Prison gifted tens of billions of necklaces. Is this woman afraid that the relationship between the King of the Blood Prison is unusual?

Don’t fawn at this time, when will you stay?

moment!

The whole hall was silent, and only a group of Shen family remained.

Puff!

At this moment, Shen Taigong was instantly limp to the ground, and

his entire back was completely wet with cold sweat.

remorse!

A deep regret appeared in his heart!

He never dreamed that his niece, whom he had always looked down upon, had such a terrifying background.

Thinking of his previous attitude towards Bai Yi, even if Shen Taigong slapped himself severely, he only felt that he wanted to make a living at this moment.

moron!

He is an idiot!

A great opportunity, just like this was missed by him!

Only at this moment!

Cui Ping, who had lost her reason, rushed over again, and shouted angrily:

“Old immortal, you watched that bitch kill your granddaughter, do you have any conscience?”

“You Shen family, It’s just a bunch of trash! I order you to kill that bitch, and I want her to die! I want to smash her into pieces!”

Just!

Snapped!

In the next moment, Shen Taigong slapped Cuiping hard on the face, and slapped her to the ground on the spot.

Taigong Shen’s eyes were about to split, and he roared:

“It’s not all because of your family, you idiots, repeatedly making things difficult for their family, so that our Shen family is also forced to fight against them!”

“Now, our Shen family is ruined. This is a great future! In the south of the Yangtze River, there will be no place for us to stand!”

“If you didn’t target the Baiyi family everywhere, how could Shen Ling die? It was your stupidity that killed her!”

Boom!

Hearing this, Cuiping sat slumped on the ground, her face turned pale.

Not long after, the two lines of clear tears slid down her eye sockets.

At this time, she held her head and wailed hoarsely:

“It’s none of my business, it’s none of my business, it’s all caused by that bitch!”

just!

Taigong Shen looked at him with extreme disgust and hatred. The broom star that put the Shen family into desperation:

“From today! Shen Jian and Cuiping will be driven out of the Shen family!”

“From now on, no matter whether you live or die, you will sink with me. There is nothing to do with the family anymore!”
