

Chapter: 1285

what!

Upon hearing this, the two of Baishan couldn't help but shudder.

Especially, after seeing the hatred in Shen Jian's eyes, they felt extremely uneasy.

They felt that Shen Jian was crazy!

The pain of losing his daughter and going out with the Shen family has completely lost his mind.

At this time, if they didn't give money, maybe he would really kill someone.

However, at this moment!

A scene that made them even more desperate happened!

Swish!

I saw that a few people in black suddenly walked out from behind Shen Jian and the two, with short knives in their hands, surrounding the Baishan couple.

There are ill-intentioned smiles all over their faces!

It seemed that as long as Shen Jian said a word, they would chop Baishan and his wife into mud.

boom!

Shen Yumei and Baishan, have they ever seen such a battle?

Immediately, the two were paralyzed in fright, and a deep despair emerged in their hearts.

They are almost crying.

"Money... the money is with Bai Yi, she is on the plane now, we can't contact her either."

Shen Yumei cried out, pleading with Shen Jian,

"Tomorrow! Tomorrow I will let her pay back the money."

Here you are!" At this time, both Shen Yumei and Bai Shan were desperate to the extreme, because they could all see that the other party's asking for money was just a cover.

In fact, it is most likely to avenge women!

If you don't meet their requirements as much as possible at this time, then the two of them might be a dead end!

tomorrow?

When Shen Jian and Cuiping heard this, they both laughed unkindly. Of course they knew that Bai Yi had gone on business.

Otherwise, they would not dare to come to find faults so blatantly!

And they have already planned to kill the Baishan couple whether they get the money or not!

and!

They also plan to broadcast live, let Bai Yi watch his parents with his own eyes, and be tortured to death by them slowly.

Snapped!

Shen Jian directly slapped Bai Shan's face and said fiercely:

"Shao special nonsense! Anyway, if I can't see the money today, I will bleed the two of you!"

And Cuiping sneered. With a bitter face, he said, "Waiting for tomorrow? Are you trying to procrastinate so that the bitch can kill us?"

"I'm not mistaken, you are all evil-hearted beasts! Since the money is taken If you don't come back, then these two bastards will be killed directly! "

What!

Upon hearing this, Bai Shan and Shen Yumei only felt that their scalp was about to explode, and their bodies trembled violently uncontrollably.

Especially Shen Yumei!

She never dreamed that her own brother actually intended to kill her.

Shen Ling clearly insulted the King of the Blood Prison before being killed by Ye Shihao. What does this have to do with their family?

But Shen Jian and Cuiping were bullying the soft and fearing the hard, and came to take the innocent them at the operation. This is simply frantic!

However, at this moment!

Bai Shan suddenly thought of something, and suddenly screamed:

"Don't...don't kill us! I have money! Li Huairen gave us a card before and said it was a centurion black card, there must be money there!"

Bai Shan suddenly remembered that Li Huairen had given them a bank card in order to please Bai Yi. There should be ten million in it.

Centurion black card?

Li Huairen?

just!

When Shen Jian and Cuiping heard this, instead of stopping, there was a hint of hostility on their faces:

"Who are you cheating? The Centurion Black Card, the top credit card with unlimited overdrafts, it is. A symbol of status and dignity! Money can't buy it!"

"Just you two old trash, Li Huairen will give you his black card?" What if Bai Yi is the Jiangnan Communist ?

Li Huairen, serving the Jiangbei Communist Party!

Sending out your own black card is the same as giving away your property to others.

Both Shen Jian did not believe that Li Huairen would pay all the financial resources of the entire Li family in order to curry favor with Bai Yi.

However, at this moment!

Bai Yi trembled and handed the card:

"It's true, this is the card he gave us!"

However!

Just a glance!

It made the two of Shen Jian completely crazy!

The unique shape, the luxurious gilt lines, the complicated lines... immediately!

Shen Jian seemed to have seen a ghost, showing a horrified expression:

"Impossible...This is impossible!"
