Ok?

Everyone looked towards the place where the voice came from, and saw Xiao Tingjun sneer, with provocation and pride in his eyes, staring directly at Lin Fan and Bai Yi.

At the moment, the rich and powerful people present all showed playful expressions. ./x81zw)/x81zw/.

Because they all know that the Xiao family has no medicine-related projects at all, and now the bidding is clearly to find the difference!

“Bai Yi, I know these machines are very important to you. As long as you stay with me for one night, I will give it to you, how about?”

Xiao Tingjun said with a wicked look. Now he no longer estimates Bai Yi's identity. Because he knew that Bai Yi was completely over tonight! And he wanted to avenge his original revenge and tortured this bitch fiercely!

“Dreaming!”

Bai Yi's face was pale, and then he didn't want to look at the other's abominable face again. He called out again:

“2.5 billion!”

”

Shame on your face!” Xiao Tingjun suddenly snorted, his expression suddenly changed. He had to be twisted and ferocious, and shouted:

“Four billion!”

Wow!

The audience was shocked!

Xiao Tingjun, actually raised 1.5 billion directly?

This is for this pharmaceutical machine, it is bound to win!

“You!”

Bai Yi trembled with anger, his face was full of humiliation and anger.

“Bitch, dare to be arrogant when you step into Lao Tzu's land? I tell you, as long as I don't agree, you don't want to take these machines away today!”

Xiao Tingjun laughed wildly:

“I also know that these pharmaceutical machines are extremely important to your Xinbai's medicine, but there is no way, I am richer than you!”

“And I think, you poor ghost, you have no money?”

Wen Yan !

Bai Yi's expression is as ugly as it is.

Indeed, her working capital is only more than 3 billion, and all other money has been invested in the production of the new pneumonia vaccine.

And with her wealth, how could it be possible to compete with the Xiao family, who had accumulated wealth for 400 years?

now!

She could only watch that the pharmaceutical machines that were enough to increase the pharmaceutical speed of the entire Xinbai's production line several times were taken away by Xiao Tingjun.

Everyone present also sneered, looking at Bai Yi with a contemptuous look.

This woman is such an idiot!

It is rare that the Xiao family is interested in her, but she would rather be a trash than succumb to Xiao Tingjun.

it's good now!

As long as Xiao Tingjun doesn't nod his head tonight, Bai Yi wants to take away anything from this auction house!

Really deserve it!

But after that, a scene that made the whole audience unbelievable happened!

“Five billion!”

Everyone saw in horror, Lin Fan looked calm, raised one hand high, and was actually bidding!

Senseless!

Everyone is dumbfounded!

They even wonder if they are dazzled!

This waste who eats soft rice dares to bid?

Even his wife has been defeated by Xiao Tingjun. Why is this waste?

Is this crazy?

At the moment, everyone showed an expression of watching the show, as if waiting to see how Lin Fan got embarrassed for a while!

Not only them, but Bai Yi was also dumbfounded, and shouted anxiously:

“Don't bargain, I don't have money to wipe your ass!”

Hahaha!

And this time!

Xiao Tingjun laughed wildly:

“Bai Yi, Bai Yi, you really marry a good husband!”

“Five billion, if the son-in-law can get five billion, I will lick his shoes. Okay!”

“If you bid the price but don't pay, you have to pay liquidated damages, at least one billion yuan, hahaha! You're done!”
