

Chapter: 1333

When they saw the helicopter landing, everyone felt that their hearts were plopping and beating wildly.

Because they all know that the prices of these helicopters are all over 100 million!

Ten!

Twenty!

Thirty!

OMG!

They couldn't imagine why there would be 30 helicopters worth more than 100 million yuan coming together at the gate of this auction house, who are they here to greet?

And just when they were horrified!

The four people who came out of the plane completely frightened them, and all of them suddenly felt numb scalp!

That turned out to be the four masters of Jiangnan!

The four most powerful people in the south of the Yangtze River are now said to have worshipped the King of Blood Prison, and their status and power have risen accordingly, overwhelming several other provinces.

Okay, what are they doing here?

However, when everyone was at a loss, the four masters were all kneeling down towards Lin Fan.

Demeanor, humility and respect to the extreme!

See here!

Everyone was completely stunned!

The atmosphere of the audience seemed to be frozen, and everyone couldn't believe their eyes at this moment.

impossible!

This is impossible!

The four masters, unexpectedly thought of Lin Fan, a trash son-in-law, kneeling down?

At this moment, they only felt like there was a thunderbolt on the blue sky, slashing fiercely on them, causing them to tremble uncontrollably.

All the horror!

Not just them!

Even the Xiao family and Bai Yan were completely stunned.

The four great masters are clearly Bai Yi, and now Bai Yi is in danger. It is not Bai Yi that they are worried about. Instead, they are looking for this insignificant waste?

What exactly is going on!

And, what did they hear just now?

The four great masters even respectfully call Lin Fan...the king? ? ?

What does it mean!

For a moment!

Everyone is dumbfounded!

just!

At this time, Xiao Tingjun snorted coldly and roared angrily:

“What about the four masters? This is Jiangbei, but not their Jiangnan. Want to come to Jiangbei to step on our field?”

“Idiot dreams!”

He has already beaten today. Make up his mind to smash Lin Fan into pieces anyway!

It's useless for anyone to come!

just!

Hearing this, the corner of Ye Shihao's mouth curled up in a contemptuous arc:

“Who told you that we were here to step on the field?”

What!

Hearing this, everyone was stunned!

What is it that is not here to step on the field if you are so invigorating and mobilizing people to come to Jiangbei?

and!

If you don't step on the field, how can you save the waste son-in-law of the Bai family?

At this time, Xiao Youwei also had a gloomy face, and said in a commanding tone:

“Since the four are not here to step on the field, please leave! No one can save Lin Fan today, his dog's life, we The Xiao family accepted it!”

Take Lin Fan's life?

Four masters, laughed!

They slowly stood up and looked at Xiao Youwei with idiotic eyes:

“If you want to take his life, your Xiao family is afraid that you don't have the qualifications yet!”

What!

Everyone seemed to have heard something terrifying, and each of them split their eyes, dying in horror!

Xiao family, don't have the qualifications?

A door-to-door son-in-law, without Bai Yi's asylum, is a total waste!

The Xiao family killed him, wouldn't it be a matter of snapping his fingers?

But the four masters said that the Xiao family was not qualified?

how can that be!

However, this is just the beginning!

Just when everyone present was shocked and pale, the next scene made them completely crazy.

I saw Ye Shihao's mouth sneer, staring straight at Xiao Youwei:

“We really did not come to step on the field, because we are here to appreciate how a large clan with a long history of 400 years is in one day. Completely fall within!”

“Disappear forever!”
