

Chapter: 1357

At this time, Lin Zekun seemed to be nervous, crying and laughing.

Because he knows...

he is completely finished!

And it's not just him!

Even the entire Lin family is completely finished!

He never dreamed that this waste would grow to such a terrifying level in just ten years.

now!

No matter whether it is power, force or wealth, they can't compare to this man!

The demise of the Lin family is just a matter of time!

What kind of monster did their Lin family force out?

It's not just him!

After Bai Yan heard what Lin Fan said, she was completely dumbfounded, her eyes widened at this moment, and she couldn't believe her ears.

This trash has such terrifying three identities?

She deeply realized that she was so wrong!

That trash brother-in-law who she regarded as trash and humiliated in every possible way was such a terrifying existence.

If she knew that Lin Fan had such an identity from the beginning, how could she dare to insult Lin Fan again and again?

Hahaha!

Immediately, Bai Yan also laughed wildly, shook her head, her smile was full of self-deprecating and sarcasm!

ridiculous!

It's so ridiculous!

The trash that the Bai family had always looked down upon was Lin Zuo, the lord of the chaebol, and the dark emperor!

They have no eyes!

At this time, Bai Yan couldn't help thinking, what would happen if they didn't humiliate Lin Fan like that in the first place?

I'm afraid that even the Lin family in Jingcheng will have to look at their faces to survive, right?

As long as you follow in the footsteps of this man, even chickens and dogs can ascend to heaven!

Unfortunately, there is no if!

Their Bai family has completely missed this opportunity, and now she is also completely finished!

Real despair has come!

After seeing the nightmare finally come true, a deep bitterness appeared on the face of the King of the North. It turned out that what Dragon Tiger and God of War said was true, and he really couldn't provoke him for such existence.

The Lin family, a clever world who was so confused for a while, dare to offend such a monster, this is deliberately seeking death!

"Our Lin family should have killed you back then!" Lin Zekun roared hysterically, with a deep hatred in his eyes!

Now, everything is over!

Lin Fan is already full of wings now, and their Lin family has nothing to do with him.

Click!

However, the voice just fell!

Lin Zekun's head was at the feet of Lin Fan, instantly torn apart!

Turn into mashed meat!

On the spot, tragically died!

boom!

Seeing this, the grinning smiles on the faces of the blood prison mad gods and others were extremely rich.

As if the switch had been touched, Qi Qi screamed frantically:

"Kill!!!!"

A group of blood prison powerhouses were culled frantically, with a bloodthirsty grin on their faces, towards Lin Jiaqiang. The rage swept!

Puff puff!

Blood splattered out one after another!

The screams resounded endlessly!

The entire Rose Manor turned into a Shura Field in an instant!

Wang Mingzhe's face was completely ashen as he knelt before Lin Fan, crying hoarsely:

"Don't kill me, please! I'll help you deal with the Lin family, I know the Lin family has a lot of black material!"

Lin Zekun His patron!

Without Lin Zekun, he would be completely finished.

boom!

Lin Fan volleyed and kicked Wang Mingzhe's chest fiercely, exploding a bloody mist on the spot.

Then Wang Mingzhe flew out and slammed into Xiao Tingjun's body.

The two slammed into the wall and turned into flesh.

Completely dying!

Tonight, Lin Fan has never been hotter than ever!

Kill the fruit!

However, there is more to it!

In the next moment, he cast a cold look at Bai Yan, his killing intent was expanding infinitely.

With a wry smile on Bai Yan's face, she looked at Lin Fan idiotically:

"I originally had a chance to follow you, didn't I?"
