

Chapter: 1372

Lin...Mr. Lin?

boom!

Hearing this, everyone felt that their brains were about to explode.

Those drops of cold sweat continued to slide down from his forehead!

Lin's doctor?

Why did this matter involve the genius doctor Lin?

As a Chinese, it is impossible not to know that some time ago, he frustrated western medicine and revitalized Chinese medicine, and he was hailed as the national hero of the future of Chinese medicine!

It turned out to be a direct sensation across the country!

A household name!

All major Chinese doctors worshipped!

At this time, all the reporters lost their voices, and no longer dared to talk nonsense.

You know, that genius doctor Lin is the god in the heart of Chinese medicine. Once he offends him, it is tantamount to offending the entire Chinese medicine doctor.

Moreover, in addition to Chinese medicine, many young people now regard him as an idol, and conservatively estimated that he must have tens of millions of fans.

Even Li Xunran couldn't help feeling gloomy.

Because her master Yao Lao also said that compared with the great doctor Lin, he is inferior to him!

The future of Huaxia Chinese Medicine depends on the great doctor Lin!

When Bai Yifan and others heard this, they suddenly had a bad feeling in their hearts.

Wouldn't it, even the genius doctor Lin has to stand up to protect Bai Yi?

This is impossible!

Now Bai Yi is stinky shit. It's too late to hide from all walks of life.

How can someone take the initiative to pick it up?

Lin Fan must be lying!

Now!

Bai Yifan's face was sullen, and he scolded:

"Lin Fan, do you dare to preach the words of the genius doctor Lin?

The genius doctor Lin and Miss Li don't know each other, how does he know that Miss Li is not good at learning?" In an instant, everyone Qi Qi cast doubtful glances at Lin Fan. Obviously, they all think it's impossible.

just!

Lin Fan didn't care about everyone's doubts, and smiled lightly:

"If it was you and someone questioned that the formula you created by yourself was fake, would you question her inadequate learning?"

Boom!

Everyone just thinks that the sky is going to fall down!

What Lin Fan said, every word, like a thunder, blasted wildly in everyone's mind!

Trembling!

At this moment, everyone seemed to have a chill, and they trembled crazily.

The eyes looking at Lin Fan were filled with deep shock, and he obviously couldn't believe his ears.

"You mean, the formula for the new type of pneumonia was given by psychiatrist Lin?" The reporters looked at Lin Fan with panic and were shocked to the extreme.

The corner of Lin Fan's mouth curled up, and he nodded and said,

"Exactly!" The audience was completely silent!

The reporters' faces were filled with consternation!

If it is the formula given by the genius doctor Lin, how can it be fake?

Now!

The reporters glanced at their own transcripts, and then hurriedly tore them to pieces.

Don't write silly!

Don't write silly!

Because one is not careful, then give them a newspaper, and it will bring disaster to the top!

And this time!

Bai Yifan was going crazy. He didn't expect that Lin Fan would jump out to disrupt the situation again, and even dared to confuse the reporters present.

At the moment, he roared:

"Impossible! You said that the formula was obtained by accident. How could it be given by the genius doctor Lin?"

Ga!

Upon hearing this, everyone looked at Bai Yifan with an unbelievable look.

What did they hear?

Lin Fan got the recipe by accident?

And Lin Fan also sneer:

"You are not saying the White House, this recipe is how you do it became my chance come??"

Shabu!

In an instant, Bai Yifan's face turned pale, and he woke up suddenly, saying something wrong.

Damn it!

He was so frustrated because of his anger!

"Idiot, you idiot!"

The old man slapped Bai Yifan's face with a slap, which made him angry.

At this moment, doesn't it mean that his Bai family is lying?

What an idiot!

All the reporters suddenly became angry from shame, and they understood everything. It was the Bai family playing them like monkeys!

Want to use their penknife to put the new Bai family to death!

Even Zhang Miaoke and Song Yue gritted their teeth. The Wang family shouldn't have asked the Bai family for cooperation at the beginning.

This family had no brains at all.

"Everyone, I think who is lying, it's hard to tell now, right?"

Lin Fan said with a faint smile:

"But one thing is certain, if the formula is fake, then the genius doctor Lin is also a quack!"

"What do you think?"

Puff!

Puff!

At the moment, all the reporters were paralyzed in shock, as if their parents were dead.
