

Chapter: 1375

Hearing this, Lin Fan sneered, staring at Li Xunran straightly:

“You really want to insult yourself?”

Huh?

Li Xunran suddenly became angry and scolded:

“Is it because I insulted myself, or Lin’s doctor’s skills are not as good as others, don’t you know now?”

“If I find out that Lin’s doctor is fake, I promise you Xinbai’s. The end of the game will be extremely miserable!”

There is already a strong threat in the words!

“Okay! Then I will take you to see the genius doctor Lin!”

Lin Fan smiled faintly, and then led the way directly in front of him.

Li Xunran’s face sank, and he followed Lin Fan’s footsteps.

just!

As soon as they walked away, everyone sneered and cast a bad smile at Bai Yi.

“Bai Yi, stop struggling, no matter what tricks you play, there is only a dead end.”

“When Miss Li comes back, you will wait to be transferred to the institution and go to jail!” There was a sneer, and it continued to sound!

Bai Yi at this time was extremely desperate!

“You are targeting me, please let Lin Fan go!” After that, she cried and pleaded with them. She already knew she was dead, but she didn’t want to hurt Lin Fan.

Hear the words!

The old man Bai laughed unkindly:

“Yes, as long as you hand over the patent for the formula, I can consider saving Lin Fan’s life!”

As long as the patent is obtained, Lin Fan will not be spared. It is not his sentence. What’s the matter?

but!

Bai Yi knew that the other party might lie to her, but he cried and nodded:

“Okay, I will give you the patent, I will give you everything, I only ask you to spare Lin Fan’s life!” At this time!

She was completely desperate, desperate to save Lin Fan.

“Hahaha, Bai Yi, do you have today?”

Bai Yifan also smiled gloomily:

“Know the current affairs, very good! Come, prepare for the contract!”

Soon!

Contracts were taken up and placed in front of Bai Yi.

Seeing this, Bai Yi only felt chilled, because it turned out that Old Man Bai had already prepared everything.

Just wait for this moment and force her to submit!

And this time!

Bai Yi tremblingly picked up the pen, and then signed his name on the contracts and printed his fingerprints.

“In this way, Bai’s Medicine has returned to my Bai family’s hands again!”

The old man looked at the contracts and suddenly laughed wildly.

Not only Bai’s medicine, but also the formula patents have also been in their hands.

In this way, they no longer have to be controlled by Lin Fan! .

(x81zw)../x81zw/.

At this time!

Bai Yi looked at Father Bai and the others pleadingly:

“Grandpa, can you promise me now and let Lin Fan go?”

Just!

The old man Bai smiled sinisterly:

“Don’t worry! Now, as long as you admit in front of all the reporters that you have taken away our Bai family’s property and formula, I promise to let Lin Fan go!”

what!

Bai Yi suddenly looked at Father Bai in astonishment.

This is forcing her on the road to absolutes!

Immediately!

She gave a wry smile, then cried and shouted:

“I took the property of the Bai family, and I made the fake medicine to harm people. I did everything and it has nothing to do with Lin Fan. Please let Lin Fan go! ”

Hahaha!

After getting the answer they wanted, everyone in the Bai family burst into laughter!

That’s it!

Bai Yi is completely finished!

After all the Bai family members heard this, they all cast a look at Bai Yi!

“Bai Yi, you admit it yourself, you’re not dead now?”

“This idiot! It’s fantastic to actually think we’ll let Lin Fan go! I tell you, your couple are destined to be a pair of desperate mandarin ducks! ”

Bai Yifan laughed wildly, as if in his opinion, Lin Fan and Bai Yi were already dead.

“You have obviously agreed to me, but what you say is nothing?”

Bai Yi was completely stunned, she did not expect these people to be so shameless and cold-blooded.

They had clearly endured such a miserable end, and they also got what they wanted, but they were still cold-blooded and unforgiving, unwilling to let Lin Fan go?

There was a thick grin on the corner of the old man’s mouth: “You two have lost their conscience, corrupted my Bai family’s reputation, and even killed people. How can our Bai family spare you?”

“You, wait to sit in prison. !”
