

Chapter: 1377

“The mouse is short-sighted, you don’t even know what Lin’s doctor is capable of!”

“Hurry up, our dragon family can’t take care of your nostalgia!” The dragon family’s people are completely furious!

There is a deep hatred on his face!

Their Long Family relied on Long Jiu to gain a firm foothold in China.

Once Long Jiu died, their Long Family would be completely finished!

The genius Doctor Lin was the person recommended by Ye Shihao himself. How could it be wrong?

In their opinion, if Li Xunran prevented Lin Fan from saving Long Jiu, that would be harming their Long Family!

“You...you are simply unreasonable!”

Li Xunran’s lungs are going to explode, these people actually listen to this guy’s slander?

That’s stupid!

“Well, since you don’t listen, then I don’t bother to care about you, just wait to regret it!”

At this time!

Lin Fan didn’t lift his eyelids, and said lightly:

“Half an hour, the old man will definitely recover!”

Sneer!

Hearing this, Li Xunran sneered strangely, his face even more contemptuous.

Half an hour?

Not to mention half an hour, even half a month, half a year, Lin Fan was in vain.

She doesn’t believe that a brain-dead person can still come back from death?

The so-called genius doctor Lin is really a liar!

just!

After half an hour, that incredible scene happened!

After Lin Fan’s silver needle coefficient fell, the dying Long Jiu suddenly opened his eyes!

Asked with a weak voice:

“Me, what’s wrong?”

Boom!

The audience was completely shocked!

In everyone’s eyes, there is a thick astonishment!

Woke up!

He really woke up!

Moreover, it really took less than half an hour!

“Impossible! This is not logical!”

Li Xunran’s face was full of shock, and he couldn’t believe his eyes.

The old man was clearly brain dead, so it was no different from a dead person.

But why can he come back from the dead?

This is impossible in modern medicine unless a miracle occurs.

What exactly is going on!

“Grandpa!”

“Father!”

Now!

All the Long family members roared ecstatically, and then rushed towards Long Jiu one after another.

One by one, they are already crying into tears!

“Dad, the genius doctor Lin saved you!” The genius doctor Lin?

Long Jiu was stunned, and then he looked at Lin Fan not far away.

After seeing Lin Fan clearly, his old face was suddenly full of horror.

When I was about to get up and salute Lin Fan:

“Lin...”

Before he could speak, Lin Fan interrupted him:

“Okay, get up!”

Long Jiu was completely stunned, knowing that Lin Fan didn’t want to be exposed. With his own identity, he smiled bitterly and said,

“Thank you, genius doctor Lin!”

The other dragons knelt in front of Lin Fan, and all of them were grateful:

“Thank you, genius doctor Lin! If it weren’t for your help, my father, I ’m afraid there will be death or death!” “Doctor Lin, really a brilliant rejuvenation! Well deserved this! The word genius doctor!”

“Fortunately, I didn’t listen to the little girl’s nonsense, otherwise the old man would really have nothing to do with it!”

At this time!

Li Xunran’s pretty face was completely pale, and looked at Lin Fan in disbelief:

“Impossible! You...how did you do it?”

Even her master couldn’t do it, Lin Fan just Did it finish easily after half an hour?

All the time!

She felt that Yao Lao was utterly praised for Lin Fan!

But now, she had to believe that Lin Fan’s medical skills were indeed superior to Yao Lao!

Because of him, he really made a dead person come back from death!

Shocked!

At this time, there was only endless shock in Li Xunran’s heart!

Was completely scared!

She has seen such a case for the first time in all these years of medical experience.

but!

Lin Fan didn’t answer her question, but smiled slightly:

“Take some time and go to my Yifan Chinese and Western Hospital to sweep the floor!”
