late at night!

Lin Fan and Bai Yi are walking in the cold wind.

At this time, Bai Yi looked ignorant, and still doesn't know how they got through the difficulties.

Lin Fan?

At the moment, she looked suspiciously at Lin Fan, is it all Lin Fan?

Because since the beginning of the incident, Lin Fan has always looked unconcerned.

But now it seems that he already knew that the Bai family and Zhang Miaohe would end up like this.

"Lin Fan, how did you find the genius doctor Lin?" Bai Yi looked at Lin Fan suspiciously.

Lin Fan smiled, and said:

"It's not the genius doctor I'm looking for, but the me who I'm looking for. As your partner, he knows that you are in trouble, so he naturally wants to help."

"He also told me I am worried that if you are said to be making fake drugs, it will tarnish his reputation."

"It turns out that it is."

Bai Yi nodded and accepted the explanation.

"Then, can you still contact Master Lin? He has helped us so much, so we have to find an opportunity to thank him personally!" It's not once or twice since I wanted to come here for so long.

This owe favor, also made her feel uneasy.

Lin Fan's expression froze, but quickly returned to normal, saying :

"Mr. Lin is extremely mysterious. After solving today's matter, he left. I didn't even see his true face. I can only wait and talk later."

Bai Yi sighed and said, "It can only be so!"

Just!

At this moment, Lin Fan's expression suddenly changed, a pair of eyes suddenly appeared fierce, and a majestic murderous intent burst out outrageously.

"What's the matter?"

Feeling the change in Lin Fan's breath, Bai Yi couldn't help feeling tight, looking at Lin Fan in horror.

"It's nothing, it's just that the weather is so cold, let's go home quickly."

Lin Fan said with a smile, and then took Bai Yi's hand to the car.

But as soon as they left, the road behind them left a bloody road with corpses everywhere.

At night, after Bai Yi fell asleep, Lin Fan got up and walked to the backyard.

There, Ye Shihao and others have been waiting for a long time!

Seeing Lin Fan appear, they all knelt down respectfully:

"King, someone secretly wanted to assassinate you and the Queen's family tonight. I have solved it by my factor."

"Find out who did it." ? it "

Yeshe Hao looking gloomy, snapped:

"! Jia they were going to kill you after tonight, fled south, went straight to the overseas!"

"At that time, even China, could not reach them!"

Ha ha!

Lin Fan endless sneer, ridicule light shaking his head:

"Sure enough, I knew that they would not be so easily even if the original leave such a way of escape."

"I'm afraid this time, they have been thrilled, right?"

In In the eyes of the Wang family!

They are just ants. If they can't be killed by normal means, then they can simply be solved by force.

Seeing that Lin Fan could still laugh, Ye Shihao and others were taken aback for a moment, and then they all understood. Lin Fan was afraid that he had expected it long ago, right?

This is no wonder!

What they can think of, how could the master fail to think of it?

Could it be that their heads are really better than the King of Blood Prison who suppressed the heroes with his own power?
