

Chapter: 1393

boom!

Upon hearing this, the evil young man present finally understood why Zhao Yanzhi was so shocked.

One by one, covering their mouths, they were all stunned!

Long Jiu, the real power faction in the Jiangnan realm, is not an exaggeration to call it the emperor of the earth. The disciples cultivated are also blooming everywhere!

His influence in Jiangnan is terrifying!

Even their family can't compare with it!

Even their parents, as soon as they stepped into the south of the Yangtze River, they had to visit Long Jiu's house.

This Fengqi Academy is actually related to Long Jiu?

“Wang Yun, bull! You deserve to be a member of the Dragon and Tiger Corps, so we can also experience the treatment that our fathers are qualified to enjoy.”

“I only heard my dad say about this place, but I have never had the opportunity to see it. , Wang Yun, thank you!”

Everyone was ecstatic, and again and again respectfully flattered Wang Yun .

Even Zhao Yanzhi couldn't help but nodded:

“This place is really not easy to book, I'm afraid that even I don't have the face, Wang Yun, how did you book the room?”

And hearing everyone's praise, Wang Yun also felt airy, and then looked at Lin Fan and Bai Yi with contempt:

“I have some friendship with the owner of Fengqi Yard, and they are selling me a lot of face. It is so hard to book a few rooms and exchange for someone else to pay. It really can't be done. After all, Longjiu is a real snake in the south of the Yangtze River. It is different from the kind of people who accompany a man to bed in exchange for a false name. ”

Wen Yan!

Everyone also sneered one after another, looking at both Lin Fan maliciously.

“A slut, a tortoise slave, even want to come to Fengqi Yuan to book a room, are you crazy?”

In their opinion, Bai Yi is so shameless, how could Lin Zuo be attracted to her?

At best, it's just playing with her!

It is estimated that this woman can't even be called a junior, at best it is a fast food, and she is not qualified to come to this Fengqi Academy.

Bai Yi's body trembled with anger, and tears of anger and humiliation were already rolling in his eyes.

And this time!

Lin Fan's expression gradually became cold!

Wang Yun, from the Dragon and Tiger Legion?

His subordinates?

At the moment, his smile showed a gloomy look. He served under his command, but he dared to humiliate him and his wife in public. It was really looking for death!

He is looking forward to what kind of expression Wang Yun will look like when he knows his true identity.

however!

At this moment, a man walked out of the Fengqi Courtyard in a stride.

The moment he saw him, Wang Yun immediately greeted him with ecstasy:

“Brother Long, why did you come in person?”

Long Qianxi, Long Jiu's eldest grandson, is also the owner of Fengqi Academy, who specially entertained China instead of Long Jiu. Super bosses from all walks of life.

Later, Wang Yun introduced Zhao Weizhi and others to Long Qianxi one by one, but Long Qianxi just nodded faintly, and did not even take the initiative to shake hands.

Aloof to the extreme!

Seeing this, all the evil young men were immediately unhappy, but they could only bury this resentment in their hearts, knowing that the man in front of them was not something they could offend.

Strong dragons do not crush the snakes, not to mention that they are not strong dragons.

Even Wang Yun, if it were not for the Dragon Tiger Legion and the Wang Family, Long Qianxi would not even bother him.

At this time, Wang Yun asked excitedly:

“Ge, I've heard all sectors of the Chinese chiefs, have gathered here, is to meet with the mysterious forest stand, I would like to ask the forest stand him in the end yet?”

“Yes ah yes ah, you little dragon Tell us some news about Lin Zuo, we must be grateful!”

“Young Master Long, can you arrange a place for us at that time, so that we can see Lin Zuo, even if it's just a glimpse from a distance.” !”

These evil young men stared at Long Qianxi with anticipation, desperately wanting to learn about the Lin Zuo's information.

Even Zhao Yanzhi could not help but admiration in his beautiful eyes, and asked eagerly:

“Young Master Long, you should have seen Lin Zuo? What kind of man is that ?” They all knew, Lin Zuo opened a banquet. The whole matter is entrusted to the Long Family, so the Long Family absolutely knows the inside story.

Lin Zuo, Megatron China!

But there are only a handful of people who have seen him, so they can hardly hide their excitement and anticipation at this time.

“Okay, then I'll tell you about it!”

Long Qianxi smiled slightly, and then said in awe: “To be honest, I can't believe now that Lin Zuo is so young, only in his early twenties! ”

Boom!

This simple sentence completely burst the atmosphere of the audience!
