

# Chapter: 1414

“I... I’m trying my luck!”

Li Xiuyun blushed and said:

“After all, is a character like Lin Zuo that ordinary people can see if they want to? I don’t have much hope.”

He wanted to try to see if he could have a good future, although he also knew that the hope was slim.

Hear the words!

Lin Fan suddenly couldn’t laugh or cry, and wanted to tell Li Xiuyun that he was Lin Zuo, and he could be a guest of Lin Zuo with a word of his own.

It’s terrible, I’m afraid, Li Xiuyun will treat himself as a neurotic, right?

Soon!

Lin Fan said with a smile:

“Don’t worry, Uncle Li, as a plea, I will arrange a place for Lin Zuo’s wedding banquet!”

what!

Li Xiuyun’s expression changed suddenly, staring at Lin Fan like a ghost:

“Do you have a way?”

To know!

That was Lin Zuo’s wedding banquet of the century, and the entire Chinese dignitaries broke their heads in order to grab a spot, but those who were invited were all prestigious overlords!

Originally, Li Xiuyun came today just with the idea of trying his luck, and he didn’t even think that he could really qualify for the banquet.

For a small person like him, let alone enter the arena, even if you look at it from a distance, you are already lucky!

But now Lin Fan said lightly, could he enter the wedding banquet in the Lin seat?

Isn’t he dreaming?

Lin Fan smiled and explained:

“I have someone in it, so I can arrange it!”

Upon hearing this, Li Xiuyun was immediately ecstatic:

“Cow! My son is capable! I see you today, and I have the qualifications for Lin Zuo’s wedding banquet. This is double happiness!”

“Let’s go! Our father and I have a good drink, and we won’t be drunk today!”

Talking!

He just grabbed Lin Fan’s shoulders involuntarily and forcibly dragged him away.

In a short while, he arrived at Li Xiuyun’s residence!

Looking at the familiar alley, Lin Fan suddenly showed nostalgia. After all, the time he lived here was one of his few happy times.

And just now!

A burst of untimely discussions sounded one after another!

“Isn’t that Lin Fan? Why did he come back?”

“Tsk tsk tsk, it seems to be badly dressed in such shabby clothes. Fortunately, Li Xian’s girl doesn’t like him, otherwise it will be miserable!”

“People Li Xian found a rich second generation. It is said that the man has a group in his family, who is very rich! How can this rubbish compare to others? I’m afraid it is not worthy to give people shoes!”

The neighbors recognized Lin Fan, but there were contemptuous smiles on their faces.

Because they are very clear, Li Xiuyun has been messing up mandarin ducks since he was a child, and has always wanted to match his daughter with Lin Fan.

Now Lin Fan is so miserable, but Li Xian has long been looking for a golden turtle son-in-law, and the two of them are no longer in the same world.

Fortunately, Li Xian didn’t listen to her foolish old man. Otherwise, marrying such a ludicrous trash would not have to work hard for a lifetime in the future?

Ok?

Hearing the neighbors chewing on the tongue, Li Xiuyun suddenly became angry and roared:

“Shut up to me! Who dare to say that my son is half-nothing? Even if I fight this life, I will fight him to the end. If you don’t believe me, try it!”

In his eyes, although Lin Fan was not related to him by blood, years of getting along with him had long made him regard this unique child as his own son.

How can he bear to hear others insult his son?

just!

Everyone sneered at his threat!

“A rubbish, can it be regarded as a treasure?”

“I’m really confused. I’m so anxious about a dead and poor ghost, but I’m cold and indifferent to my beetle-in-law, and my brain is sick!”

“You are looking for death?”

Li Xiuyun suddenly became angry, grabbing the hoe beside the door, and going forward desperately.

But at this time!

Lin Fan stopped him and said with a grin:

“Uncle Li, forget it! Drinking is important, don’t let some unimportant people upset your mood!”

Only then did Li Xiuyun put down his hoe angrily and stared at the neighbors fiercely:

“Dare to chew the roots of your tongue again, and see if I don’t tear your mouth!”

Talking!

Just walked into the yard with anger!

At this time, Lin Fan glanced at the neighbors, but in the depths of his eyes, there was a sense of chill.
