

Chapter: 1435

what!

Hearing this familiar voice, everyone suddenly looked back!

I saw Long Jiu, and brought a group of high-level members of the Long Family, and walked over here quickly!

Everyone is gloomy and murderous!

It seems to be extremely angry!

boom!

Their appearance directly caused the expressions of everyone present to change wildly, and they all became uneasy for an instant.

Because they all know that for today's wedding banquet, Lin Zuo has the full authority to arrange for the Long Family!

It can be said that at this stage Longjiu represents Lin Zuo!

That's it!

Lin Fan's family is completely over!

At this time, everyone noticed that Long Jiu and the others were very angry, and one by one they gave way in fear.

As for the Shen and Bai family, they both laughed schadenly!

follow closely!

The heads of the two families walked towards Long Jiu together, with a flattering smile on his face:

“Mr. Long, you just came here! These two dog men and women dare to pretend to be Lin Zuo and Madam Lin. It's damn good. Don't take them lightly!”

“Mr. Long, this matter has nothing to do with our Bai family! If you want to kill these two people, you must kill them. Our Bai family will never interfere!”

Not just them!

On the side of Zhou Peize, the expression of excitement on his face became more intense, and his heart was suddenly overjoyed!

Looking at Long Jiu's appearance, it was as if he wanted to smash Bai Yi into thousands of pieces. That damn Lin Fan, who dared to make him lose face like that in the Li family, was finally retribution!

Robbing a woman with Xiaoye?

It's a pity that you are a short-lived ghost!

Now that the Dragon Nine is here, can the forest seat be far away?

At this time, everyone felt that Long Jiu must be here to trouble Lin Fan.

Their approaching footsteps are the death knell of hell!

Now!

Hearing the words of the two Patriarchs, Long Jiu's face became more difficult to look!

“Good! Very good!”

He gritted his teeth, looking like he wanted to kill on the spot!

Walking towards Lin Fan's footsteps, involuntarily speeding up a bit!

Angry!

Really angry!

People of the two families, even if they are ecstatic!

They can't wait to hear the miserable howls of Bai Yi's family!

just!

Shen Jian and Cuiping's expressions changed drastically at this time, and they recognized the old man in front of them at a glance, who was the one who led Bai Yi into the venue!

“Dad, he... who is he?”

Shen Jian asked anxiously, already feeling a little bad in his heart.

Father Shen frowned suddenly, looking like he hates iron for not making steel:

“He is the commander-in-chief of Jiangnan Long Jiu. He personally came to send the wedding invitation to our house. You don't even know him?”

boom!

Just listen to this!

Shen Jian and Cuiping are completely blown up!

The uneasy feeling in their hearts has been completely fulfilled!

“Dad! It's not good! The big thing is not good!”

Cuiping was crying, her whole body trembled like chaff.

And Shen Jian fell to the ground with a butt, his face is full of dead ashes!

Obviously, they have realized something!

Long Jiu is the organizer of this century wedding banquet, but he brought Bai Yi into the venue so intimately, isn't Bai Yi...

They originally wanted to let Lin Zuo kill her cruelly with Bai Yi pretending to be the first lady!

But now...

The words of Mr. Shen made them completely desperate!

Because in their hearts, a terrible idea suddenly emerged!

Bai Yi...really the first lady!
