

# Chapter: 1475

Finished!

He left without looking back!

And Dong Mingfeng on the side also glanced at Lin Fan extremely unwillingly, and quickly followed in Lin Chentao's footsteps.

This scene!

Xu Longxiang wanted to clap his hands and applaud, because he knew that Lin Fan, who heard this, would never let Lin Chentao win the competition in a month's time.

After that, the release will continue!

Those big guys are obviously more enthusiastic than before, one by one around Bai Yi, like a star holding the moon.

With a flattering smile on everyone's face, they congratulated the launch of the new Bai's vaccine.

But at this time, Lin Fan was dragged to a corner by Zheng Honglian.

Puff!

Aside from anything else, Zheng Honglian knelt directly in front of Lin Fan, crying terribly:

"Lin Zuo please help!"

At this time, both Bai Chen and Bai Hu knelt in horror, begging:

"Please Lin Zuo, save my life from the Bai family!"

Ok?

Lin Fan frowned and asked inexplicably:

"Get up and talk!"

But Zheng Honglian and others kept shaking their heads:

"If Lin Zuo doesn't agree, we won't get up!"

boom!

Lin Fan suddenly exploded with terrifying pressure, staring at them coldly:

coldly:

"Are you threatening me?"

The three of Zheng Honglian shuddered immediately, and their faces instantly turned pale.

"Gu Lian, get up first before talking about anything. I believe Lin Zuo will not sit idly by. Why are you doing this?"

Sima Longming also advised.

Zheng Honglian wiped her tears, then stood up and said:

"Lin Zuo, our Bai family offended an underground overlord at the time because of the power struggle ten years ago, and finally paid the price of more than 20 people's lives before finally expelling him from Jiangnan."

"And I received the message that he is ready to return to China and vowed to kill everyone in our Bai family!"

"And his ability now makes it easy to get rid of our Bai family, even if the four of us are united, there is no way to compete!"

Wow!

The other three Patriarchs were also completely stunned.

Today's Jiangnan can be said to be in the bag of the four of them, but the person in Zheng Honglian's mouth can't even compete with the four of them?

how can that be?

just!

Lin Fan's expression was still calm, even disdainful, and asked indifferently:

"Who is he?"

Then, Zheng Honglian spit out a name that made the other three Patriarchs completely panic:

"He called, Ning Changkong!"

boom!

At this moment, the atmosphere completely burst!

Especially the Sima family and Ye family, their hairs are standing upright at this time, they are sincere and terrified!

Obviously, those who are familiar with this name can no longer be familiar with it!

Ning Changkong, the original master of Jiangnan!

Originally, the four great families ruled Jiangnan for a hundred years, but suddenly a man was born, and it took just ten years to establish his own power in Jiangnan.

The four big families can't hold their heads up!

Moreover, this person has a cruel temperament and is cruel and ruthless. He will destroy the crowd as soon as he shoots, and even the children will not let it go.

At that time, the four major families, men were killed, women were raped, children were dismembered, all were killed by Ning Changkong.

So the four big families later had to join forces to drive him out of Jiangnan!

But I didn't expect that he would come back again after many years!

Right now, Sima Longming said in extreme panic:

"Honglian, you... what you said is true? Ning Changkong, is he really going back to Jiangnan?"

Ye Wuya also looked worried, and instantly became restless:

"Back when we jointly drove this demon away, he has always held a grudge against us. This time, apart from regaining Jiangnan, he must come to us to seek revenge."

They can finally understand why Zheng Honglian was so nervous just now.

At this time, I saw Zheng Honglian nodded bitterly:

"Not only will he make a comeback, but he is also a hundred times more terrifying than before!"

"Because Ning Changkong is already in the realm of a master!"
