

Chapter: 1488

Kou Jianghuai and others, their expressions changed wildly at this moment, and looked at Lin Fan nervously!

And Old Xu frowned, staring at Lin Fan closely!

Lin Fan came to Dading, rolled up his sleeves, hugged Dading with both hands, and then suddenly sank under his feet and shouted:

“Get up!!!”

boom!

At this moment, the giant cauldron, which has not been lifted for sixty years, made a terrifying boom!

The three big feet left the ground instantly!

Lin Fan actually lifted it up abruptly!

boom!

Old Xu and others were completely shocked!

The expression was completely distorted because of excessive horror.

Lift it up!

Actually lifted it up?

Are they dreaming?

This dragon tooth has gone through more than 60 years of history, and no one except Xu Lao can lift the Jiuzhou Ding.

What’s more terrifying is that the Huaxia Ding that Xu Lao lifted at the beginning was only one thousand catties.

But Lin Fan was able to lift it, but he was twice as heavy as him!

Is this what Lin Zuo can do?

Is this the power that belongs to the army?

Kou Jianghuai and other warlords stared out at this moment.

This is simply a monster!

However, the more terrifying is yet to come!

Lin Fan smiled slightly and said:

“Let’s go!”

go?

Everyone sucked in air-conditioning, looking like hell.

Lifting a ton of giant is already exaggerated, but Lin Fan can actually walk on foot?

They are not dreaming, right?

Boom!

Boom!

Boom!

However, Lin Fan used practical actions to tell them the weight of the word Lin Zuo.

I saw Lin Fan holding the tripod with both hands, striding towards the dragon tooth step by step, wherever his footsteps passed, a floor tile burst open.

Until Lin Fan disappeared at the door, they were unable to recover.

too strong!

With such monsters as coaches for them, how can they not be strong?

Right now, the faces of Kou Jianghuai and others were full of ecstasy, their expressions flushed with excitement, and they couldn’t even speak.

Because they all know that for them, this is not just a match to win, but also a rare opportunity.

“Sure enough, it’s awesome!”

Xu Longxiang couldn’t help but let out a long sigh, Lin Fan was a hundred times stronger than him.

Solanum also nodded, the love and admiration in his eyes became more intense:

“Yeah, I really didn’t expect that he could actually lift this Huaxia tripod.”

Really deserves to be the man she admired!

just!

Xu Longxiang shook his head:

“Solanum, you still underestimated this man! I lifted the tripod, but this man lifted it, but the whole Huaxia!”

China Tripod!

Xu Longxiang lifted the tripod, and Lin Fan lifted China!

The audience was silent.

They all understood the meaning of Mr. Xu’s words. With such an existence born in China, why not worry about China’s prosperity?

Lin Fan was born in China as hope, if he was born in an enemy country, it would make China despair.

.....

And this time!

Within Dragon Tooth, all the warlords below three stars gathered together, with a smirk on their faces.

“The new instructor is coming soon. We’ll have to give him some color later.”

“Yes! It’s not that simple to want to be our Dragon Ya’s instructor!”

“Or, let him lift the Huaxia Ding outside so that he is qualified to be our instructor.”

“Hahaha, you are really bad enough, that Huaxia Ding has not been able to lift the entire Huaxia Ding for sixty years, how can that newcomer be able to lift it?”

In the crowd, Qin Xianzhong was also present!

There was also a hint of expectation on his face, he wanted to see if the new instructor was really as great as the rumors said.

All Dragon Tooth generals smiled badly at this moment, with a thick scorn on their faces.

This is no wonder, after all, they are all elites in the Chinese Legion. If the instructors who come cannot be ten or even a hundred times stronger than them, how can they be able to suppress these arrogant stingers?

It is precisely because of this that Lin Fan decided to carry the tripod into the dragon’s teeth!

Boom boom boom!

At this time, everyone in Longya Outdoor heard a terrible sensation.

And, the terrible earthquake shaking like a mountain!

Ok?

Everyone looked at the door suspiciously, and followed them to see an unforgettable scene in their lives.

A man carried the tripod into the dragon’s teeth with his bare hands!
