

# Chapter: 1495

Bai Yi couldn't help being completely stunned, because she could clearly feel Qin Xianzhong's fear of her.

Now!

Zhu Ru was furious, and roared like crazy:

"Qin Xianzhong, you are crazy! It was she who caused you to be like this, so you still want to flatter her like a dog?"

"You are a mean species like her!"

what!

Zhu Ru lost his attitude, but everyone's expressions changed wildly!

"Zhu Ru, don't talk nonsense!"

Zhu Zhide was taken aback, and quickly scolded.

Today's Bai Yi is the big red man in front of Lin Zuo, and they can't afford to offend them.

"you wanna die!"

Qin Xianzhong jumped into thunder completely, and walked toward Zhu Ru aggressively.

just!

At this moment, a grinning smile appeared on Zhu Ru's face.

"Hit me? If you have the ability, you can try to move me again!"

With that said, she directly took out an invitation card.

The signature on it turned out to be the Owl Legion!

Right now, Qin Xianzhong's expression changed wildly:

"Why do you have an invitation from the Owl Legion?"

Zhu Ru smiled triumphantly and yelled:

"This invitation was delivered to us by Lin Chentao himself. What does it mean? It means that Young Master Lin values our family!"

"If you dare to do anything to me, Young Master Lin will never let you go!"

Hear the words!

Qin Xianzhong's expression suddenly became extremely gloomy.

Lin Chentao's background and current status, how can he offend such a small two-star general?

Why did Lin Chentao invite the little Zhu family?

At the moment, he was stunned on the spot, neither fighting nor not, embarrassing to the point of almost shame.

"Fight, you fight again! I want to see if you, Qin Xianzhong, have the courage to move the distinguished guest that Young Master Lin personally invited."

Zhu Ru raised his face and provoked extremely arrogantly.

"Zhu Ru, you... are you telling the truth?"

Zhu Zhide was immediately overjoyed and couldn't believe that Lin Chentao would invite them personally.

It seems that humiliating Bai Yi on that day was not without gain, at least it was appreciated by Young Master Lin, so their family still need to look at Bai Yi's face?

Even if Bai Yi was really appreciated by the Lin Zuo, Lin Zuo would not wrestle with the elder Lin family for such a married man.

"of course it's true!"

Zhu Ru looked like a villain and looked at Bai Yi triumphantly.

"It's today's matter, delivered by Dong Mingfeng himself!"

"Dad, I said long ago, we don't need to be afraid of that bitch, now she is not worthy to carry us shoes!"

"Hahaha! Bai Yi, have you heard? Now we are the guests of Young Master Lin!"

Zhu Zhide also exposed his nature and changed his previous respectful and arrogant way.

He's been impatient for a long time.

But it's more than that!

Zhu Ru smiled and said:

"Dad, I forgot to tell you. I heard that Lin Zuo will also participate in this legion battle, and Young Master Lin is bound to reach cooperation with Lin Zuo!"

"By that time, Bai Yi will have the only backer for this bitch, hahaha!"

what!

This sentence immediately caused all the expressions on the scene to change wildly, and all of them were dumbfounded.

I can't imagine it!

Lin Zuo will come to participate in the Legion War?

Right now, Zhu Zhide and Zhang Kaiming cast their eyes at Bai Yi as if they were watching dead people.

As long as the Lin family and Lin Zuo reach a cooperation, Bai Yi will completely fall out of favor.

At that time, Lin Fan, this waste, will definitely welcome Lin Chentao's revenge, and he will definitely die!

Snapped!

At this time, Zhang Kaiming directly slapped Qin Xian and said viciously:

"You are a dog, even I dare to fight, I think you are tired and crooked, immediately kneel down to admit my mistake!"

Qin Xianzhong's lungs immediately exploded:

"you!"

Zhang Kaiming used to be like a dog in front of him, but now he dares to hit him?

As everyone knows, now that Zhang Kaiming is backed by Lin Chentao, he doesn't put Qin Xian in his eyes at all.

Now he even stared extremely arrogantly:

"What do you see? Believe it or not, I will report you in front of the young and old?"

Upon hearing this, Qin Xianzhong's face was gloomy as if water was about to ooze, but he had to kneel in shame.

Seeing this, Zhang Kaiming suddenly laughed, and the corners of his mouth formed a triumphant arc.

However, he was not satisfied, but looked at Bai Yi arrogantly:

"You guys, kneel down for me too!"
