

Chapter: 1546

boom!

This sentence was completely like a muffled thunder, which exploded fiercely in the crowd!

It made everyone extremely horrified!

Lin Fan, Lin Zuo? ? ?

Are you kidding me?

In an instant, everyone was petrified, and the heart thumped and thumped wildly. At this moment, I couldn't believe my ears.

They can't imagine that such existence is actually this trash!

That's Lin Zuo!

Among the four major military seats, the most mysterious and famous forest seat!

But Lin Fan is actually Lin Zuo?

Lin Tianxun and the others all looked at Lin Fan with an incredible amount of disbelief. They couldn't believe that the abandoned youngster abandoned by their Lin family turned out to be the mysterious forest seat.

During this period of time, they tried every means to cooperate with Lin Fan, and in the end they even flattered like a dog.

But the result?

Lin Zuo turned out to be Lin Fan!

Once, they abandoned Lin Fan, but now, they can't afford Lin Fan?

This is simply a dream!

However, there is more!

Lin Fan smiled indifferently and continued:

"I am not only Lin Zuo, even the blood prison that has been troubled by you for some time recently is mine!"

Puff!

This sentence was like a bolt from the blue sky, knocking Lin Tianxun to the ground on the spot.

A deep horror appeared on his face:

"Are you, the Dark Emperor?"

Lin Zuo!

Dark Emperor!

These two messages were too shocking and desperate for him, making him scared to pee on the spot.

What has happened to Lin Fan over the years so that he can sit on two thrones at the same time?

This is impossible!

Now!

The look he looked at Lin Fan was full of awe.

The three brothers had always fought openly and secretly, and Lin Fan was not qualified to enter their Dharma eyes, but it seems that even if they add up, they can't compare to one-tenth of each other's.

On the side, Liu Feifan was also taken aback, and then a self-deprecating smile appeared on his face.

"You won't be wronged, won't you lose!"

It turned out that it was the Dark Emperor who ruled the dark world who defeated him, so even if he didn't lose far!

Even, he was fortunate to know what it means to be outside and there are outsiders and there are heavens and heavens.

Even though he has become a great master, if he wants to become famous, it is still too early.

Lin Tianxun's face was ashamed, and at this time he didn't even have the courage to beg for mercy, and was completely shocked.

"Do you want to live?"

Lin Fan looked at Liu Feifan with a cold smile at the corner of his mouth.

"Want to live!"

Liu Feifan hurriedly nodded, who can live and die? It's not that there is a problem with the brain.

Then, Lin Fan smiled cruelly and said,

"Well, let your men kill the Lin family!"

Pouch!

The moment the voice fell, before Liu Feifan could speak, a Grandmaster of the Witch Gu Sect had already taken action, cutting off the head of the Grandmaster Lin in front of him with a single knife.

Then, a crazy massacre started like this.

The people of the Wugu Sect directly attacked the Lin family who had been seriously injured.

Desperate!

All the Lin family experts are completely desperate at this moment!

And Lin Tianxun was also miserable. He only felt cold all over. He seemed to have heard the countdown to death. After these people died, it was his turn next.

"Make a video call to Lin Hongtu!"

Lin Fan stood in front of Lin Tianxun, descending like a killer god.

Lin Tianxun trembled fiercely, never thinking that one day, he would actually look up to this waste.

He tremblingly took out his cell phone and made a video call to Lin Hongtu.

At the moment it was connected, Lin Hongtu's hearty laughter came from the other end:

"My dear grandson, have you done what you have done? Are you planning to let Grandpa take a good look at how you tortured that waste?"
