

Chapter: 1547

Lin Hongtu thought that Lin Tianxun had already settled Lin Fan, so he came to give him good news.

Hearing this, Lin Tianxun flushed with shame, and wanted to find a hole in the ground.

I was confident that I wanted to solve Lin Fan before, but Lin Fan solved it.

“Your face is not right, are you sick?”

Lin Hongtu asked with concern and found that Lin Tianxun’s face was sallow.

“He is not sick, but scared to pee!”

With a sneer, Lin Fan grabbed the phone and faced Lin Hongtu face to face.

This is my grandfather!

An old man who never admitted that he was the Lin family, and even wished to get rid of him.

“Lin Fan!

”

Lin Hongtu was shocked suddenly.

The Lin family behind him who were waiting for the good news were also dumbfounded and couldn’t believe their eyes.

“Old stuff, long time no see!”

Lin Fan joked with a smile.

what?

Hearing this disrespectful remark, Lin Hongtu’s face suddenly became extremely ugly.

“Little beast, how can you talk to me like this?”

“Damn you!”

Now!

Lin Hongtu roared furiously:

“Lin Tianxun, what the hell are you doing? Why don’t you kill this trash?”

“Grandpa, I...I can’t do it!”

He didn’t want to?

But the problem is that he can’t do it!

Can’t do it?

A group of Lin family members are dumbfounded, what does this mean?

Lin Hongtu was also angry and shouted coldly:

“This time you took away a lot of elites from the Lin Family, and even the Witch Gu Sect to help. How could you not be able to do it? What about them?

In his opinion, it is not Lin Fan that this power is, even the mysterious Master Lin can easily win it.

Hear the words!

Lin Fan suddenly laughed and turned the camera to let Lin Hongtu and others take a closer look.

“Your elites from the Lin family are here!”

boom!

At a glance, everyone in the Lin family felt that their scalp was numb, and they were frightened on the spot.

The corpses piled up all over the ground seemed to pile up into a mountain, blood flowed freely and wet a piece of concrete ground!

Horror!

Amazed!

Lin Hongtu and the others couldn’t believe their eyes, all the elites sent out by the Lin family were completely dead.

This... Could it be that Master Lin did it?

This is impossible!

This time the Witch Gu sect, but there is a young witch master who is in charge, why can’t such a genius stop a Master Lin?

“Where is the Young Witch Lord? Where is the Young Witch Lord?”

Lin Hongtu is going crazy!

His face was full of terrifying murderous intent, like a ferocious beast.

These elites, but it took the Lin family for decades to cultivate them, and the value of each is incalculable.

Now they were all killed and clean, which made him completely mad.

Now he just wants to smash Lin Fan into ten thousand pieces!

“Ho ho!”

Lin Fan sneered, then stretched out one hand, and then grabbed Liu Feihua’s throat and dragged him to his own.

“Are you looking for him?”

boom!

All the Lin family members were scared to pee the moment they saw Liu Feifan.

At this time, Liu Feifei, covered in blood, arms weirdly twisted, his face pale and depressed, he seemed to have suffered a serious injury.

how so!

Young witch master, lost?

Such a proud man of heaven is not actually Lin Zongshi’s opponent?

OMG!

How terrifying is that Master Lin?

Killing so many grandmasters, even the young witch master can defeat them?

That kind of desperation instantly spread throughout the Lin family, and they could not breathe.

The Lin family, who used to be aloof, experienced unprecedented fear at this moment.

Even Lin Hongtu was speechless!

It was the first time I felt Lin Fan this trash, how terrible it was!

But at this time, Lin Fan ignored the surprise of everyone in the Lin family, and said to Liu Feifan with a smile:

“Choose, either you die or the Lin family die!”

Liu Feifan’s face was flustered, then gritted his teeth and said:

“I choose the Lin family to die!”

He knew that Lin Fan was giving him a chance, allegiance or death!

Over there!

When the Lin family heard this, their expressions were as ugly as they were.

In other words, after today, will the witch sect general and the Lin family have a complete affair?

In the face of such a behemoth, even the Lin family dare not take it lightly, and for setting up such a great enemy for no reason, it is conceivable that they are also extremely disturbed.

And all of this is actually because of Lin Fan this trash?

They were going to explode on the spot!

A thick hatred appeared in his eyes, and he wished to smash Lin Fan into pieces!

however!

The scene that made them even more angry, this has just begun!

Lin Fan pointed the camera at Lin Tianxun, who was paralyzed to the ground, and a grinning smile appeared at the corner of his mouth:

“Okay, let’s stop here for renewing the past!”

“Next, the game begins!”
