

Chapter: 1548

what!

Upon hearing this, the Lin family was completely furious!

Obviously they all realized what Lin Fan wanted to do. ,

And Lin Hongtu roared directly:

“Little beast, if you dare to touch his hair, I want you to die!”

唻!

But the one who answered him was Lin Fan’s heavy kick!

Ouch!!

Lin Tianxun suddenly screamed sternly, slapped the floor with his hands in pain, as if life is worse than death.

“you!”

Lin Hongtu on the other end saw this scene, suddenly furious, and his eyes were full of murderous intent.

He didn’t expect that the live broadcast Lin Tianxun said was actually a live broadcast of his abuse!

Now, two of his three grandsons have died. If Lin Tianxun is also dead now, who can carry the banner of the Lin family?

and!

Lin Tianxun is still so good that there is no one in the Lin Family who can compare with him except for his two brothers.

Now he is the person most qualified to inherit the Lin family’s business. If he also dies, then the Lin family will be destroyed soon!

However, Lin Fan didn’t care at all. His purpose was simple, to make the Lin family crazy and make them angry, just like when he was driven out of the Lin family by them!

“In the beginning, you did the same to me, and you just watched the same thing, so now I want you to watch it!”

“Looking at my unwelcome trash, how did you play the three best geniuses of the Lin family to death!”

boom!

Just listen to this!

All the Lin family were completely shocked!

Concession!

This guy finally admitted that the three brothers, including Lin Tianxun, were killed by Lin Fan.

It is hatred, let him kill these three great geniuses one by one!

OMG!

What happened to this guy, he killed the two big youngsters backed by the Lin family alone?

This is incredible!

“Let him go, what do you want, I promise you!”

Lin Hongtu said with a gloomy face. At this time, he could only hold Lin Fan first, and after he rescued Lin Tianxun, he would do everything possible to make Lin Fan, a waste who dared to provoke his majesty, not to die!

Hearing this, a playful smile suddenly appeared at the corner of Lin Fan’s mouth:

“Really anything?”

Seeing Lin Fan’s heart, Lin Hongtu couldn’t help feeling a little bit contemptuous, and then said:

“Yes, as long as you let my grandson go!”

Lin Fan nodded and said, “Okay, then you commit suicide in front of me now, then I will let him go!”

Wow!

The Lin family over there was completely blown up!

There is a strong anger in the eyes!

“Lin Fan, are you looking for death? You think you have Master Lin to support you, so why the Lin family can’t help you?”

“If you dare to move Lin Tianxun, tomorrow will be your death date!”

“Dog things, have no respect, and commit the following crimes! You shouldn’t have left him with a dog’s life in the first place!”

Exciting group sentiment!

They didn’t put Lin Fan in their eyes before, but now Lin Fan dared to challenge them in front of them, which completely angered them.

Even Lin Hongtu was trembling with anger, as if he was going crazy.

There has never been anyone who dared to talk to him like this, but Lin Fan, this trash, is arrogant and arrogant!

However, just as the Lin family was furious, a majestic middle-aged voice rang along with it.

“Lin Fan, I order you to release people immediately!”

Ok?

Seeing that familiar face, Lin Fan was taken aback for a moment, and then his whole body was trembling crazily.

Not because of fear, but because of rage!

Today, his body is filled with suffocating killing intent, like the riot before the eruption of a volcano, so that Lin Tianxun and others present can clearly feel it.

Terrible!

Because the person who opened his mouth to order Lin Fan was his biological father!

Lin Zhanli!
