

# Chapter: 1551

Hearing this, Shen Yumei's complexion didn't look good at once. Isn't that saying that they are poor?

They didn't have such an attitude towards Zhu Yuqing's family before, and when they had money, they looked down on others.

"Oh, you say they do not know, Yumei ah, you accept it wants wine, but also thousands of dollars to try this wine is what it's like with them."

Zhu Yuqing said with a smile, while looking at Bai Yi in front of him, a playful smile appeared on the corner of his mouth:

"Bai Yi, our Danqing used to pursue you, but you didn't like him. Now you regret it?"

"Nowadays, our family Danqing is the CEO of a foreign listed company, with an annual salary of more than three million yuan, and all things going out for consumption can be listed under the company's bill."

"He plans to return to China to start a company recently. Do you want to cooperate?"

Upon hearing this, the faces of Shen Yumei and his wife turned green. And Lu Danqing also looked at Bai Yi contemptuously, even disdainful to say a word to her.

A look like "I used to be ignorant of answers, but now I can't afford it".

But Bai Yi was thinking of Lin Fan at this time, and he was not in the mood to take care of the mother and son at all.

Just a perfunctory sentence:

"I am engaged in the pharmaceutical industry, and the opportunities for cooperation should not be great."

"That would be a shame!"

Zhu Yuqing sighed, but her face was contemptuous.

She was just to show off, how could she really cooperate with Bai Yi, what a joke.

However, this is not over yet!

"By the way, our family Danqing, recently bought a set of more than 20 million villas in China, in Yulong Bay."

"Do you know the Yulong Bay?"

Shen Yumei's face was sullen, and said sullenly:

"I have heard before, the most expensive city river rich area."

Zhu Yuqing suddenly let out a surprised expression and said:

"Nuisance think you actually know ah, our family Dan breath, say we bought this house the couple pension, then another few more years he bought a new set of their own lives."

"You have lived in this house for so many years, it is dilapidated and old, so you have never thought of buying a new one?"

Bai Yi couldn't help frowning at this moment. The other party showed that she was too lazy to pay attention, but while showing up, she didn't forget to trample on them fiercely. What's the matter?

Baishan also smiled awkwardly:

"I have lived here for so many years, and now that I have feelings, I don't want to move anymore."

just!

His modesty made Zhu Yuqing smile disdainfully:

"I don't think you are living in a relationship, but you don't have money to buy it? Lao Bai, everyone is your own, what are you pretending to be?"

This is obviously too much.

"you!"

Shen Yumei jumped with anger at these words, wasn't it you who pretended to be you from beginning to end?

"Okay, I have time to change tomorrow. I will ask my son to show you to our villa, so that you can see what a mansion of more than 20 million yuan is like."

Zhu Yuqing smiled ho ho, and the more angry she saw Shen Yumei, the more proud she became.

This directly exploded Shen Yumei, and even said angrily:

"Isn't it 20 million? Who can't afford it?"

What?

Zhu Yuqing and Lu Danqing were both taken aback, and then burst into laughter.

"Isn't it 20 million? Yumei, how can you be better than Lao Bai? If you can afford it, can you still need to live in this broken house?"

Zhu Yuqing unceremoniously blow Road, while sneer up:

"We heard that your family found a door-to-door son-in-law, but it turned out to be a useless rubbish, because you have been swept out by the Bai family because of this."

"Now your family, I'm afraid it's not as good as before, right?"

Zhu Yuqing curled his lips in disdain. He was already a poor ghost, so he still had to pretend it was ridiculous!

For a moment!

The atmosphere has completely dropped to freezing point!

At this time, even Bai Yi, who didn't want to cause trouble, couldn't help but become angry.

And Shen Yumei, who was already violent, jumped up directly:

"Zhu Yuqing, what do you mean? Are you here as a guest, or are you here to find fault?"

Even Baishan on the side snorted coldly:

"My daughter is very good, and my son-in-law is also very good, if you still intend to continue to insult them, then I can only ask you to go out."
